CONSTITUTION

OF THE

State of North Carolina

PREAMBLE

We, the people of the State of North Carolina, grateful to Almighty God, the Sovereign Ruler of Nations, for the preservation of the American Union and the existence of our civil, political and religious liberties, and acknowledging our dependence upon Him for the continuance of those blessings to us and our posterity, do, for the more certain security thereof and for the better government of this State, ordain and establish this Constitution.

ARTICLE I

DECLARATION OF RIGHTS

That the great, general, and essential principles of liberty and free government may be recognized and established, and that the relations of this State to the Union and government of the United States and those of the people of this State to the rest of the American people may be defined and affirmed, we do declare that:

SECTION 1. *The equality and rights of persons.* We hold it to be self-evident that all persons are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, the enjoyment of the fruits of their own labor, and the pursuit of happiness.

SEC. 2. *Sovereignty of the people.* All political power is vested in and derived from the people; all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole.

SEC. 3. *Internal government of the State.* The people of this State have the inherent, sole, and exclusive right of regulating the internal government and police thereof, and of altering or abolishing their Constitution and form of government whenever it may be necessary to their safety and happiness; but every such right shall be exercised in pursuance of law and consistently with the Constitution of the United States.

SEC. 4. *Secession prohibited.* This State shall ever remain a member of the American Union; the people thereof are part of the American nation; there is no right on the part of this State to secede; and all attempts, from whatever source or upon whatever pretext, to dissolve this Union or to sever this Nation, shall be resisted with the whole power of the State.

SEC. 5. *Allegiance to the United States.* Every citizen of this State owes paramount allegiance to the Constitution and government of the United States, and no law or ordinance of the State in contravention or subversion thereof can have any binding force.

SEC. 6. *Separation of powers.* The legislative, executive, and supreme judicial powers of the State government shall be forever separate and distinct from each other.

SEC. 7. *Suspending laws.* All power of suspending laws or the execution of laws by any authority, without the consent of the representatives of the people, is injurious to their rights and shall not be exercised.

SEC. 8. *Representation and taxation.* The people of this State shall not be taxed or made subject to the payment of any impost or duty without the consent of themselves or their representatives in the General Assembly, freely given.

SEC. 9. *Frequent elections.* For redress of grievances and for amending and strengthening the laws, elections shall be often held.

SEC. 10. *Free elections.* All elections shall be free.

SEC. 11. *Property qualifications.* As political rights and privileges are not dependent upon or modified by property, no property qualification shall affect the right to vote or hold office.

SEC. 12. *Right of assembly and petition.* The people have a right to assemble together to consult for their common good, to instruct their representatives, and to apply to the General Assembly for redress of grievances; but secret political societies are dangerous to the liberties of a free people and shall not be tolerated.

SEC. 13. *Religious liberty.* All persons have a natural and inalienable right to worship Almighty God according to the dictates of their own consciences, and no human authority shall, in any case whatever, control or interfere with the rights of conscience.

SEC. 14. *Freedom of speech and press.* Freedom of speech and of the press are two of the great bulwarks of liberty and therefore shall never be restrained, but every person shall be held responsible for their abuse.

SEC. 15. *Education.* The people have a right to the privilege of education, and it is the duty of the State to guard and maintain that right.

SEC. 16. *Ex post facto laws.* Retrospective laws, punishing acts committed before the existence of such laws and by them only declared criminal, are oppressive, unjust, and incompatible with liberty, and therefore no ex post facto law shall be enacted. No law taxing retrospectively sales, purchases, or other acts previously done shall be enacted.

SEC. 17. *Slavery and involuntary servitude.* Slavery is forever prohibited. Involuntary servitude, except as a punishment for crime whereof the parties have been adjudged guilty, is forever prohibited.

SEC. 18. *Courts shall be open.* All courts shall be open; every person for an injury done him in his lands, goods, person, or reputation shall have remedy by due course of law; and right and justice shall be administered without favor, denial, or delay.

SEC. 19. *Law of the land; equal protection of the laws.* No person shall be taken, imprisoned, or disseized of his freehold, liberties, or privileges, or outlawed, or exiled, or in any manner deprived of his life, liberty, or property, but by the law of the land. No person shall be denied the equal protection of the laws; nor shall any person be subjected to discrimination by the State because of race, color, religion, or national origin.

SEC. 20. *General warrants.* General warrants, whereby any officer or other person may be commanded to search suspected places without evidence of the act committed, or to seize any person or persons not named, whose offense is not particularly described and supported by evidence, are dangerous to liberty and shall not be granted.

SEC. 21. *Inquiry into restraints on liberty.* Every person restrained of his liberty is entitled to a remedy to inquire into the lawfulness thereof, and to remove the restraint if unlawful, and that remedy shall not be denied or delayed. The privilege of the writ of habeas corpus shall not be suspended.

SEC. 22. *Modes of prosecution.* Except in misdemeanor cases initiated in the District Court Division, no person shall be put to answer any criminal charge but by indictment, presentment, or impeachment. But any person, when represented by counsel, may, under such regulations as the General Assembly shall prescribe, waive indictment in noncapital cases.

SEC. 23. *Rights of accused.* In all criminal prosecutions, every person charged with crime has the right to be informed of the accusation and to confront the accusers and witnesses with other testimony, and to have counsel for defense, and not be compelled to give self-incriminating evidence, or to pay costs, jail fees, or necessary witness fees of the defense, unless found guilty.

SEC. 24. *Right of jury trial in criminal cases.* No person shall be convicted of any crime but by the unanimous verdict of a jury in open court. The General Assembly may, however, provide for other means of trial for misdemeanors, with the right of appeal for trial de novo.

SEC. 25. *Right of jury trial in civil cases.* In all controversies at law respecting property, the ancient mode of trial by jury is one of the best securities of the rights of the people, and shall remain sacred and inviolable.

SEC. 26. *Jury service.* No person shall be excluded from jury service on account of sex, race, color, religion, or national origin.

SEC. 27. *Bail, fines, and punishments.* Excessive bail shall not be required, nor excessive fines imposed, nor cruel or unusual punishments inflicted.

SEC. 28. *Imprisonment for debt.* There shall be no imprisonment for debt in this State, except in cases of fraud.

SEC. 29. *Treason against the State.* Treason against the State shall consist only of levying war against it or adhering to its enemies by giving them aid and comfort. No person shall be convicted of treason unless on the testimony of two witnesses to the same overt act, or on confession in open court. No conviction of treason or attainder shall work corruption of blood or forfeiture.

SEC. 30. *Militia and the right to bear arms.* A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed; and, as standing armies in time of peace are dangerous to liberty, they shall not be maintained, and the military shall be kept under strict subordination to, and governed by, the civil power. Nothing herein shall justify the practice of carrying concealed weapons, or prevent the General Assembly from enacting penal statutes against that practice.

SEC. 31. *Quartering of soldiers.* No soldier shall in time of peace be quartered in any house without the consent of the owner, nor in time of war but in a manner prescribed by law.

SEC. 32. *Exclusive emoluments.* No person or set of persons is entitled to exclusive or separate emoluments or privileges from the community but in consideration of public services.

SEC. 33. *Hereditary emoluments and honors.* No hereditary emoluments, privileges, or honors shall be granted or conferred in this State.

SEC. 34. *Perpetuities and monopolies.* Perpetuities and monopolies are contrary to the genius of a free state and shall not be allowed.

SEC. 35. *Recurrence to fundamental principles.* A frequent recurrence to fundamental principles is absolutely necessary to preserve the blessings of liberty.

SEC. 36. *Other rights of the people.* The enumeration of rights in this Article shall not be construed to impair or deny others retained by the people.

ARTICLE II

SEC. 2. *Number of Senators.* The Senate shall be composed of 50 Senators, biennially chosen by ballot.

SEC. 3. *Senate districts; apportionment of Senators.* The Senators shall be elected from districts. SEC. 11. *Sessions.*

(1) *Regular sessions.* The General Assembly shall meet in regular session in 1973 and every two years thereafter on the day prescribed by law. Neither house shall proceed upon public business unless a majority of all of its members are actually present.

(2) *Extra sessions on legislative call.* The President of the Senate and the Speaker of the House of Representatives shall convene the General Assembly in extra session by their joint proclamation upon receipt by the President of the Senate of written requests therefor signed by three-fifths of all the members of the Senate and upon receipt by the Speaker of the House of Representatives of written requests therefor signed by three-fifths of all the members of the House of Representatives.

SEC. 12. *Oath of members.* Each member of the General Assembly, before taking his seat, shall take an oath or affirmation that he will support the Constitution and laws of the United States and the Constitution of the State of North Carolina, and will faithfully discharge his duty as a member of the Senate or House of Representatives.

SEC. 13. *President of the Senate.* The Lieutenant Governor shall be President of the Senate and shall preside over the Senate, but shall have no vote unless the Senate is equally divided.

SEC. 14. *Other officers of the Senate.*

(1) *President Pro Tempore – succession to presidency.* The Senate shall elect from its membership a President Pro Tempore, who shall become President of the Senate upon the failure of the Lieutenant Governor-elect to qualify, or upon succession by the Lieutenant Governor to the office of Governor, or upon the death, resignation, or removal from office of the President of the Senate, and who shall serve until the expiration of his term of office as Senator.

(2) *President Pro Tempore – temporary succession.* During the physical or mental incapacity of the President of the Senate to perform the duties of his office, or during the absence of the President of the Senate, the President Pro Tempore shall preside over the Senate.

SEC. 6. *Supreme Court.*

The General Assembly may make rules of procedure and practice for the Superior Court and District Court Divisions, and the General Assembly may delegate this authority to the Supreme Court. No rule of procedure or practice shall abridge substantive rights or abrogate or limit the right of trial by jury. If the General Assembly should delegate to the Supreme Court the rule-making power, the General Assembly may, nevertheless, alter, amend, or repeal any rule of procedure or practice adopted by the Supreme Court for the Superior Court or District Court Divisions.

SEC. 14. *Waiver of jury trial.* In all issues of fact joined in any court, the parties in any civil case may waive the right to have the issues determined by a jury, in which case the finding of the judge upon the facts shall have the force and effect of a verdict by a jury.

SEC. 15. *Administration.* The General Assembly shall provide for an administrative office of the courts to carry out the provisions of this Article.

SEC. 16. *Terms of office and election of Justices of the Supreme Court, Judges of the Court of Appeals, and Judges of the Superior Court.* Justices of the Supreme Court, Judges of the Court of Appeals, and regular Judges of the Superior Court shall be elected by the qualified voters and shall hold office for terms of eight years and until their successors are elected and qualified. Any Justice or Judge against whom the General Assembly may be about to proceed shall receive notice thereof, accompanied by a copy of the causes alleged for his removal, at least 20 days before the day on which either house of the General Assembly shall act thereon. Removal from office by the General Assembly for any other cause shall be by impeachment.

(2) *Additional method of removal of Judges.* The General Assembly shall prescribe a procedure, in addition to impeachment and address set forth in this Section, for the removal of a Justice or Judge of the General Court of Justice for mental or physical incapacity interfering with the performance of his duties which is, or is likely to become, permanent, and for the censure and removal of a Justice or Judge of the General Court of Justice for wilful misconduct in office, wilful and persistent failure to perform his duties, habitual intemperance, conviction of a crime involving moral turpitude, or conduct prejudicial to the administration of justice that brings the judicial office into disrepute.

A grant of air rights over a street right-of-way or other property owned by the city for the purpose of erecting a building or other permanent structure (other than utility wires or pipes) shall be treated as a sale of real property, except that a grant of air rights over a street right-of-way for the purpose of constructing a bridge or passageway between existing buildings on opposite sides of the street shall be treated as the grant of an easement.

For the purpose of promoting the orderly growth, expansion and development of the city and the surrounding area hereinafter defined, and for the purpose of promoting the health, safety, morals and welfare of the citizens of such area, the council is hereby authorized to exercise any planning, zoning, subdivision and building regulation powers now or hereafter conferred upon the city and vested in the council by its Charter, the General Statutes, or any other law applicable to the city, not only within the corporate limits of the city but also within the territory beyond the corporate limits, as now or hereafter fixed, for a distance of one mile in all directions as provided by general law. Any ordinance intended to be applicable beyond the corporate limits of the city shall so provide. Such powers shall include the power to adopt such ordinances and regulations as may be considered necessary and expedient by the council to regulate, require and control the development of land and construction of buildings in the area.

The powers herein granted to the city are intended to be supplementary to any powers now or hereafter conferred upon it. The exercise of powers herein granted shall be within the discretion of the council.

"Section 5.42. Subdivision control. The city council is hereby authorized to enact an ordinance regulating the planning and recording of any subdivision of land lying within the city or within one mile in any direction of the corporate limits. No subdivision plat shall be filed or recorded until it shall have been

submitted to and approved by the city acting by or through such board or agency thereof as is designated by ordinance adopted by the council and such approval entered in writing on the plat by the official or officials designated by such ordinance.

"Section 5.43. Authority to require installation of improvements prior to plat approval. In connection with subdivision or platting controls, the council may require the improvement and grading of streets and the construction and installation of street pavement, curbs, gutters, sidewalks, and water, sewer, surface water drainage, and other utility mains, according to approved engineering plans and street profiles, as a condition precedent to the approval of the plat. The requirement may provide for tentative approval of the plat prior to such improvement and installation; but any such tentative approval shall not be entered on the plat. The requirements may provide that in lieu of completion of the work and installations prior to final approval of a plat, the council may accept a bond, in an amount and with surety and condition satisfactory to it, providing for and securing to the city the actual construction and installation of the improvements and utilities within a period specified by the council and expressed in the bond. The city is empowered to enforce the bond by all appropriate legal and equitable remedies. Requirements adopted under this ordinance may be applied throughout the area over which the city is authorized by law to exercise platting or subdivision controls.

"Section 5.44. Fire limits. The council may establish fire limits in the city with such boundaries as it may determine. The council may also prohibit construction of wooden buildings and may prescribe by general rules or specific permits the kinds of buildings which may be erected therein. It may also provide for the inspection of all structures now or herafter erected and condemn any of them which are unsafe or dangerous to life or limb by reason of their defective construction or dilapidation. In addition the council may require the owner or owners to remove or to repair within thirty (30) days any structure which has been so condemned. If the owner or owners shall neglect or refuse to remove or to repair the same for a period of thirty (30) days after notice, the council shall then have the power to remove such structure at the expense of the owner or owners. Any cost which the city may sustain shall be a lien on the premises.

"Section 5.45. Power to destroy property to stop fires. The mayor, the city manager, a member of the council, or the chief of the fire department may order the blowing up, tearing down or other destruction of any building when it is deemed necessary to stop the progress of a fire. No person shall be held liable, civilly or criminally, for acting in obedience to orders thus given, nor shall the city, the mayor, the manager, the council or the fire chief be held liable, civilly or criminally, for the giving of such orders or for damages to property ordered destroyed.

"SUBCHAPTER D. UTILITY REGULATIONS

As used in this section, the term 'city streets' includes all public highways, roads and streets within the city limits, including numbered State highways, and highways, roads and streets maintained, repaired, constructed, reconstructed or widened in whole or in part with State funds.

(b) An ordinance concerning vehicle speeds, truck routes or other required routes that applies to numbered State highways shall become effective only as provided in this subsection. The council shall transmit to the North Carolina Department of Transportation by registered mail a copy of the ordinance upon its adoption, and the ordinance shall become effective, if not disapproved by the commission, within thirty (30) days following the next regular meeting of the commission after the commission has received a copy of the ordinance.

(c) The authority herein granted to the council shall be in addition to any authority conferred by general law upon the city to regulate vehicles, traffic or the use of city streets.

(d) The council shall have authority to provide for the towing and impounding of vehicles unlawfully parked on city streets and on other public places.

"Section 5.82. Power to regulate obstruction of alleys. If, in the opinion of the council, a fire hazard is created by the obstruction of private alleys, the council may adopt regulations governing the obstruction of private alleys, either by reason of the parking of motor vehicles or otherwise, but such regulations shall not be construed as so to restrict or limit the legal right of the owners of interests in a private alley to close the alley or to exercise other property rights therein.

"Section 5.83. Off-street parking facilities. The city shall have authority to own, lease, acquire, establish, regulate, operate and control off-street parking lots, parking garages, and other facilities for parking motor vehicles, and to make a charge for the use of such facilities. The city shall also have authority to provide for the towing and impounding of vehicles unlawfully parked thereupon and to provide for the punishment of any person convicted of a parking violation by fine or imprisonment or both.

"Section 5.84. Regulation of taxis. The city may by ordinance license and regulate all vehicles operated for hire in the city. The ordinance may require that the drivers and operators of taxicabs engaged in the business of transporting passengers for hire over the public streets shall obtain a license or permit from the city. The city may by ordinance establish standards for the operation and use of all taxis.

"CHAPTER VI. CITY SERVICES AND FACILITIES

"SUBCHAPTER A. ESTABLISHMENT AND MAINTENANCE OF SERVICES AND FACILITIES

"ARTICLE 1. CEMETERIES

"Section 6.01. Authority to establish and operate cemeteries. The city has authority to establish and operate cemeteries as provided in North Carolina

General Statutes 160A, Article 17. The city may by ordinance establish standards for the maintenance and operation of cemeteries.

"ARTICLE 2. UTILITIES

"Section 6.21. Operation of water and sewer systems and other utilities. (a) The city council may:

(1) Provide for the construction or acquisition and operation of utilities and utility systems;

(2) Acquire any real or personal property necessary or incidental thereto, including equipment, machinery, and all manner of rights or interests in or relating to land and water, and appurtenances thereto;

(3) Establish rates of charge for utility services and for the use of utility facilities;

(4) Adopt rules and regulations concerning the management of utilities and utility systems, with regard to such matters as maintenance, operation and improvement thereof or require the pretreatment of waste; and

(5) Adopt rules and regulations concerning charges for utility services.

(b) As used in this Charter, unless the context otherwise requires, the term 'utility' includes water supply, water distribution, sewerage, waste disposal, electric power, natural or manufactured gas and public transportation.

"Section 6.22. Connection by abutting owners. The council may require that within thirty (30) days after a water main or sewer line is completed and made ready for use, the owner of every abutting lot whereon such utility is supplied for any human use shall cause the lot to be connected thereto.

"Section 6.23. Liens for utility charges. In case any charge for utility service or for the use of utility facilities is not paid within ten (10) days after it becomes due, the same shall become a lien upon the real property served or in connection with which the service or facility is used. The charge may at any time thereafter be collected, either by suit in the name of the city or by the city tax collector, through the sale of the property upon which the lien attaches at the Catawba County courthouse door, after advertising the sale once a week for four successive weeks in some newspaper published in the area which is qualified to carry legal ads. The sale shall be made under the same rules and regulations, and subject to the same costs and penalties and to the same rights of redemption as are provided by law for the foreclosure of the lien on real estate for taxes.

"Section 6.24. Deposits. In addition to other remedies now provided for the collection of any charge for utility service or the use of utility facilities and as a part of the cost of such utility service, a deposit by an owner or tenant of the premises to be served shall be required. The deposits may vary according to the type of service. The utility service charge, if not paid within the time designated, may be deducted from the deposit and utility service may be cut off and not be turned on again until the balance of the deposit is increased to the original amount thereof. In order that the utility of the city may be protected and that the costs of services shall be paid by the person receiving such services, an owner or tenant may give notice that the premises have been or will be vacated and in the event that all charges due are paid he shall be entitled to the return of his deposit. In the event the owner or tenant shall vacate the premises without notifying the city and having the utility cut off, he shall forfeit to the city any balance of such deposit remaining after the utility service charge due has been deducted. Such forfeited money may be used by the city for the payment of principal or interest on the bonded indebtedness of the city incurred

for the utility involved or the money may be used for the maintenance or extension of the utility service involved.

"Section 6.25. Penalty for using utility service after discontinuance. If pursuant to any rule or regulation utility service to any property is discontinued, the council may provide that it shall be unlawful for any person, firm or corporation without the approval of the city manager to renew a utility service or to use it without having first paid any outstanding charges and may further provide that any violation of this Article shall constitute a misdemeanor punishable by a fine of not more than fifty dollars ($50.00) or imprisonment for not more than thirty (30) days or both.

"Section 6.26. Dedication of water and sewer lines. Before any person, firm or corporation may connect any privately owned water or sewer line with any water or sewer line of the city, the person, firm or corporation in consideration of making the connection and the benefits to be derived therefrom shall, by proper written instrument, convey the water or sewer line to the city. No connection may be made with the city's water or sewer lines without the express approval of the city, nor may any connection be effected except in accordance with its applicable regulations. If any person, firm or corporation connects any privately owned water or sewer line without first dedicating and conveying it to the city, the act of connecting shall be considered a conveyance of the line to the city and the city may accept it or may order that it be disconnected. The city may contract with any person, firm or corporation to lay water or sewer lines within or without the city and connect them to the city's system, notwithstanding any provisions of this section.

"SUBCHAPTER B. LOCAL IMPROVEMENTS AND EMINENT DOMAIN

"ARTICLE 1. LOCAL IMPROVEMENTS

"Section 6.41. Authority. The city has all the power and authority granted to counties and municipalities by the general laws of the State with respect to local improvements, such as, but not limited to, grading, regrading, widening, paving and repaving of public streets and alleys; constructing, reconstructing, and altering of sidewalks, curbs, gutters and storm drains in the public streets and alleys; and laying or relaying sanitary sewer and water lines. The authority granted by this Article is in addition to that granted by any other law and with respect to any particular local improvement, the city may exercise any one or more of the alternative powers available to it.

"Section 6.42. Alternative procedures and power. In making special assessments the city may employ the following procedures:

(a) Upon receipt of a petition from one or more owners of abutting property where fifty percent (50%) or more of the total street frontage is in one ownership, the council may order the making of any local improvement. The council may assess the cost thereof against the abutting property in the same manner and following the same procedures set out in the general laws of the State for making special assessments against property benefited by local improvements.

(b) The council may order the making of any local improvement and assess the cost thereof, except the city's portion, if any, against only a limited number of abutting properties if the owners of those properties submit a petition asking that the improvement be made and that the total amount to be assessed for the improvement be assessed only against their properties.

(c) If, in the council's judgment, which shall be conclusive, the abutting property to be assessed will be benefited in an amount at least equal to the assessment, no petition for local improvements shall be necessary and the council may order the making of any such local improvement and assess the cost thereof against abutting property owners in the following cases:

(1) When any street or part of a street is unsafe; or the improvement of a street or part of a street not more than three blocks in length is necessary to connect streets already paved; or the improvement of a street or part of a street is necessary to connect a paved street, or portion thereof, with a paved highway; or the improvement of a street or part of a street is necessary to provide a paved approach to a railroad, street grade separation or a bridge; or the widening of any street or part of a street is necessary to accommodate present and anticipated volumes of traffic.

(2) When any street or part of a street, or any property, is without storm sewer or other surface drainage improvements, and storm sewer or other surface drainage should be provided in the public interest.

(3) When any street or part of a street is without sidewalks and sidewalks should be provided in the public interest.

(d) If the council determines that the public interest requires repair of a sidewalk or portion of a driveway within the public right of way, the council may order the making of the repair and assess the total cost against the property abutting the sidewalk or driveway repaired. Before an assessment may be made for the repair, at least thirty (30) days' written notice shall be given to the abutting property owner personally or by registered or certified mail to his last known address or his address as shown on the tax records. The notice shall state that he is required to make the repair at his own expense in conformity with the sidewalk standards adopted by the city, and that if he shall fail to make the repair within thirty (30) days after notice is served the city thereupon may make the repair and assess the cost. If the council finds that any sidewalk or driveway is in need of immediate repair, the council may adopt a resolution setting out its finding and directing that the repair be made immediately and that the cost be assessed against the abutting property without prior notice to the property owner affected.

(e) The council may provide for special assessment exemptions for corner lots. Exemptions for corner lots may apply to only one side of each lot and the amount of the exemption may not exceed seventy-five percent (75%) of the frontage of that side. If the corner formed by two intersecting streets is rounded into a curve or is foreshortened for the purpose of providing sight distance or for any other purpose of construction, the frontage for assessment purposes shall be calculated to the midpoint of the curve or foreshortened corner.

(f) Any property owner has the option of paying assessments for local improvements in cash or in installments. In the resolution ordering the improvements, the council shall determine the number of equal annual installments, which shall be not less than two nor more than ten. The council may direct that (1) installments shall become due and payable on the same date when property taxes are due and payable, or (2) the first installment with interest shall become due and payable sixty (60) days after the date of the confirmation of the assessment roll, and one subsequent installment with

interest shall be due and payable on the same day of the month in each successive year until the assessment is paid in full.

"Section 6.43. Planting strip and driveway maintenance. It is the responsibility of the abutting property owner to maintain any property or driveway between the property line and the curb of a paved street.

"Section 6.44. Exchange of property. In connection with street widening, the city may purchase property immediately adjacent to property located on a street corner and convey the inside property to the owner of the corner property in exchange for property needed for street widening.

"ARTICLE 2. EMINENT DOMAIN

"Section 6.61. Institution of action and deposit. In case condemnation shall become necessary the city shall institute a civil action by filing in the General Court of Justice a complaint declaring that such land, easement or interest therein is thereby taken for the use of the city. Said complaint shall contain or have attached thereto the following:

(1) A statement of the authority under which the public use for which said land is taken.

(2) A description of the entire tract or tracts affected by said taking sufficient for the identification thereof.

(3) A statement of the estate or interest in said land taken for public use and a description of the area taken sufficient for the identification thereof.

(4) The names and addresses of those persons who, the city is informed and believes, may have or claim to have an interest in said lands, so far as the same can by reasonable diligence be ascertained; and if any such persons are infants, non compos mentis, under any other disability, or their whereabouts or names unknown, it must be so stated.

(5) A statement as to such liens or other encumbrances as the city is informed and believes are encumbrances upon said real estate and can by reasonable diligence be ascertained.

(6) A prayer that there be a determination of just compensation in accordance with the provisions of this Article.

The filing of said complaint shall be accompanied by a deposit of the sum of money estimated by said city to be just compensation for said taking and upon the filing of said complaint and deposit of said sum, summons shall be issued and together with a copy of said complaint and notice of deposit is served upon the person named therein in the manner now provided for the service of process in civil actions. The city may amend the complaint, may increase the amount of its deposit with the court at any time while the proceeding is pending and the owner shall have the same rights of withdrawal of this additional amount as set forth in Section 6.63 of this Article.

"Section 6.62. Vesting of title and right of possession; recording memorandum or supplemental memorandum of action. Upon the filing of a complaint and deposit in court, to the use of the person entitled thereto, of the amount of the estimated compensation stated in the notice of deposit, title to said land or such other interest therein specified in the complaint, together with the right to immediate possession thereof, shall vest in the city and the judge shall enter such orders in the cause as may be required to place the city in possession. Said land shall be deemed to be condemned and taken for the use of the city and the right to just compensation therefor shall vest in the person owning said property or any compensable interest therein at the time of the filing of the

complaint and deposit of the money in court; and compensation shall be determined and awarded in said action and established by judgment therein.

At the time of the filing of the complaint and deposit of estimated compensation, the city shall record a memorandum of action with the Register of Deeds and said memorandum shall be recorded among the land records of Catawba County. Upon the amending of any complaint affecting the property taken, the city shall record a supplemental memorandum of action. The memorandum of action shall contain:

(1) The names of those persons who the city is informed and believes may have or claim to have an interest in said lands and who are parties to said action;

(2) A description of the entire tract or tracts affected by said taking sufficient for the identification thereof;

(3) A statement of the estate or interest in said land taken for public use; and

(4) The date of institution of said action and such other reference thereto as may be necessary for the identification of said action.

"Section 6.63. Disbursement of deposit. A person named in the complaint may apply to the court for disbursement of the money deposited in the court, or any part thereof, as full compensation, or as a credit against just compensation without prejudice to further proceedings in the cause to determine just compensation. Upon such application, the judge shall, unless there is a dispute as to title, order that the money deposited be paid forthwith to the person entitled thereto in accordance with the application. The judge shall have power to make such orders with respect to encumbrances, liens, rents, taxes, assessments, insurance and other charges, if any, as shall be just and equitable.

No notice to the city of the hearing upon the application for disbursement of deposit shall be necessary, but a copy of the order disbursing the deposit shall be served upon the city manager.

"Section 6.64. Answer, reply and plat. Any person whose property has been taken by the city by the filing of a complaint and deposit of estimated compensation may within the time hereinafter set forth file an answer to the complaint praying for a determination of just compensation. Said answer shall, in addition, contain the following:

(1) Such admissions or denials of the allegations of the complaint as are appropriate.

(2) The names and addresses of the persons filing said answer, together with a statement as to their interest in the property taken.

(3) Such affirmative defenses or matters as are pertinent to the action.

A copy of the answer shall be served on the city manager, or such other process agent as may be designated by the council, provided that failure to serve the answer shall not deprive the answer of its validity. The affirmative allegations of said answer shall be deemed denied. The city may, however, file a reply within thirty (30) days from receipt of a copy of the answer.

The city, within ninety (90) days from the receipt of the answer shall file in the cause a plat of the land taken and such additional area as may be necessary to properly determine the damages, and a copy thereof shall be mailed to the parties or their attorney.

"Section 6.65. Time for filing answer. Any person named in and served with a complaint shall have four (4) months from the date of service thereof to file answer. Failure to answer within said time shall constitute an admission that

the amount deposited is just compensation and shall be a waiver of any further proceeding to determine just compensation; in such event the judge shall enter final judgment in the amount deposited and order disbursement of the money deposited to the owner. For good cause shown and upon notice to city the judge may within the initial four months' period extend the time for filing answer for a period not to exceed an additional two (2) months.

"Section 6.66. Determination of issues other than damages. After the filing of the plat, the judge, upon motion and ten (10) days' notice by either the city or the owner, shall, either in or out of term, hear and determine any and all issues raised by the pleadings other than the issue of damages, including, but not limited to, if controverted, questions of necessary and proper parties, title to the land, interest taken, correctness of the map, and area taken.

"Section 6.67. Appointment of commissioners. Upon request of the owner in the answer, or upon motion filed by either the city or the owner within sixty (60) days after the filing of answer, the Clerk of Superior Court shall appoint, after the determination of other issues as provided by Section 6.66 of this Article, three competent, disinterested freeholders residing in the county to go upon the property and under oath appraise the damage to the land sustained by reason of the taking and report same to the court within a time certain. If no request or motion is made for the appointment of commissioners within the time permitted, the cause shall be transferred to the civil issue docket for trial at term as to the issue of just compensation.

Such commissioners, if appointed, shall have the power to make such inspection of the property, hold such hearings, swear such witnesses, and take such evidence as they may, in their discretion, deem necessary, and shall file with the court a report of their determination of the damages sustained.

A copy of the report shall at the time of filing be mailed to each of the parties. Within thirty (30) days after filing the report, either the city or the owner may except thereto and demand a trial de novo by a jury as to the issue of damages. Whereupon the action shall be placed on the civil issue docket of the appropriate division of the General Court of Justice for trial de novo by a jury at term as to the issue of damages, provided, that upon agreement of both parties trial by jury may be waived and the issue determined by the judge. The report of commissioners shall not be competent as evidence upon the trial of the issue of damages in the General Court of Justice, nor shall evidence of the deposit by the city into the court be competent upon the trial of the issue of damages. If no exception to the report of commissioners is filed within the time prescribed, final judgment shall be entered by the judge upon a determination and finding by him that the report of commissioners, plus interest computed in accordance with Section 6.71 of this Article, awards to the property owners compensation. In the event that the judge in his discretion determines that such award does not prove just compensation he shall set aside award and order the case placed on the civil issue docket for determination of the issue of damages by a jury.

"Section 6.68. Parties; order; continuances. The judge may appoint some competent attorney to appear for and to protect the rights of any party or parties in interest who are unknown, or whose residence is unknown and who has not appeared in the proceedings by an attorney or agent. The judge shall appoint guardians ad litem for such persons as are minors, incompetents, or other parties who may be under a disability and without general guardian, and

the judge shall have the authority to make such additional parties as are necessary to the complete determination of the proceeding and enter such other orders either in law or equity as may be necessary to carry out the provisions of this Article.

Upon the coming on of the cause for hearing pursuant to Section 6.66 or upon the coming on of the cause for trial, the judge, in order that the material ends of justice may be served, upon his own motion, or upon motion of any of the parties thereto and upon proper showing that the effect of condemnation upon the subject property cannot presently be determined, may, in his discretion, continue the cause until the project under which the appropriation occurred is completed or until such earlier time as, in the opinion of the judge, the effect of condemnation upon said property may be determined.

"Section 6.69. Remedy where no complaint filed; recording memorandum of action. Any person whose land or compensable interest therein has been taken by an intentional or unintentional act or omission of the city and no complaint has been filed by the city may, within twenty-four (24) months from the date of said taking, file a complaint in the General Court of Justice setting forth the names and places of residence of the parties, so far as the same can by reasonable diligence be ascertained, who own or have, or claim to own or have, estates or interests in the said real estate and if such persons are under a legal disability, it must be so stated, together with a statement as to any encumbrances on said real estate; said complaint shall further allege with particularity the facts which constitute said taking together with the dates that they allegedly occurred; said complaint shall describe the property allegedly owned by said parties and shall describe the area and interests allegedly taken. Upon the filing of said complaint, summons shall be issued together with a copy of said complaint and be served on the city manager. The allegations of said complaint shall be deemed denied; however, the city within sixty (60) days of service of summons and complaint may file answer thereto, and if said taking is admitted by the city, it shall, at the time of filing answer, deposit with the court the estimated amount of compensation for said taking and notice of said deposit shall be given to said owner. Said owner may apply for disbursement of said deposit and disbursement shall be made in accordance with the applicable provisions of Section 6.63 of this Article. If a taking is admitted, the city shall, within ninety (90) days of the filing of the answer to the complaint, file a map or plat of the land taken. The procedure hereinbefore set out shall be followed for the purpose of determining all matters raised by the pleadings and the determination of just compensation.

The plaintiff at the time of filing of the complaint shall record a memorandum of action with the Register of Deeds and it shall be recorded among the land records of Catawba County. The memorandum of action shall contain:

(1) The names of those persons who the plaintiff is informed and believes may have or claim to have an interest in said lands and who are parties to said action;

(2) A description of the entire tract or tracts affected by the alleged taking sufficient for the identification thereof;

(3) A statement of the estate or interest in said land allegedly taken for public use; and

(4) The date on which plaintiff alleges the taking occurred, the date on which said action was instituted, and such other reference thereto as may be necessary for the identification of said action.

"Section 6.70. Measure of damages. The following shall be the measure of damages to be followed by the commissioners, jury or judge who determines the issue of damages:

(1) Where only a part of a tract is taken, the measure of damages for said taking shall be the difference between the fair market value of the entire tract immediately prior to said taking and the fair market value of the remainder immediately after said taking, with consideration being given to any special or general benefits resulting from the utilization of the part taken for public purposes.

(2) When the entire tract is taken, the measure of damages of said taking shall be the fair market value of the property at the time of taking.

"Section 6.71. Interest as a part of just compensation. To said amount awarded as damages by the commissioners or a judge or jury, the judge shall, as a part of just compensation, add interest at the rate of six percent (6%) per annum on said amount from the date of taking to the date of judgment; but interest shall not be allowed from the date of deposit on so much thereof as shall have been paid into court as provided in this Article.

"Section 6.72. Additional rules. In all cases of procedure under this Article where the mode or manner of conducting the action is not expressly provided for in this Article or by the Rules of Civil Procedure in effect in North Carolina or where said Rules of Civil Procedure are inapplicable, the judge before whom such proceeding may be pending shall have the power to make all necessary orders and rules of procedure necessary to carry into effect the object and intent of this Article and the practice in such cases shall conform as nearly as possible to the practice in other civil actions in said courts.

"Section 6.73. Definitions. (1) 'Property' means any right, title, or interest in land, including leases and options to buy or sell. 'Property' also includes rights of access, rights-of-way, easements, water rights, air rights, and any other privilege or appurtenance in or to the possession, use and enjoyment of land.

(2) 'Owner' includes the plural when appropriate and means any person holding a vested estate of inheritance in the property, a tenant for life or for years, tenants by the entirety, the holder of the equity or redemption under a mortgage, and the grantor and third party beneficiary under a deed of trust. Unless otherwise provided, 'owner' does not include persons holding liens, judgments, options, or any other encumbrances of record on the title to the property, or persons holding unvested future interests in the property.

(3) 'Person' includes the plural when appropriate and means a natural person, association, partnership, corporation, the State of North Carolina, the United States of America, a body politic and corporate, and any other legal entity capable of owning or having any interest in property under the laws of North Carolina.

(4) 'Eminent domain' means the power to divest title from the owner of property and vest it in the possessor of the power against the will of the owner upon the payment of just compensation for the right, title, and interest divested.

(5) 'Condemnation' means the procedure prescribed by law for exercising the power of eminent domain.

(6) 'Judge' shall mean the judge of the appropriate division of the General Court of Justice before whom the cause is pending.

"Section 6.74. Final judgments. Final judgments entered in actions instituted under the provisions of this Article shall contain a description of the property affected, together with a description of the property and estate or interest acquired by the city and a copy of said judgment shall be certified to the Register of Deeds and be recorded among the land records of Catawba County.

"Section 6.75. Payment of compensation. If there are adverse and conflicting claimants to the deposit made into the court by the city or the additional amount determined as just compensation, on which final judgment is entered in said action, the judge may direct the full amount determined to be paid into said court by the city, may retain said cause for determination of who is entitled to said moneys, may by further order in the cause direct to whom the same shall be paid and may in his discretion order a reference to ascertain the facts on which such determination and order are to be made.

"Section 6.76. Agreements for entry. The provisions of this Article shall not prevent the city and the owner from entering into a written agreement whereby the owner agrees and consents that the city may enter upon his property without filing a complaint and depositing estimated compensation as herein provided, and the city shall have the same rights under such agreement with the owner in carrying on work on such project as it would have by having filed a complaint and having deposited estimated compensation as provided in this Article.

"Section 6.77. Costs and appeal. The city shall pay all court costs taxed by the court. Either party shall have a right of appeal for errors of law committed in any proceedings provided for in this Article in the same manner as in any other civil actions, and it shall not be necessary that an appeal bond be posted.

"Section 6.78. Entry for surveys. The city without having filed a complaint as provided in this Article is authorized to enter upon any lands and structures upon lands to make surveys, borings, soundings or examinations as may be necessary in carrying out and performing its duties under this Article, and such entry shall not be deemed a trespass, or taking within the meaning of this Article; provided, however, that the city shall make reimbursement for any damage resulting to such land as a result of such activities and the owner, if necessary, shall be entitled to proceed under the provisions of Section 6.67 of this Article to recover for such damage.

"Section 6.79. Refund of deposit. In the event the amount of the final judgment is less than the amount deposited by the city pursuant to the provisions of this Article the city shall be entitled to recover the excess of the amount of the deposit over the amount of the final judgment and court costs incident thereto; provided, however, in the event there are not sufficient funds on deposit to cover said excess the city shall be entitled to a judgment for said sum against the person or persons having received said deposit.

"Section 6.80. Power of eminent domain conferred. In addition to powers conferred by any other general law, local act or this Charter, the city shall possess the power of eminent domain and may acquire by purchase or condemnation any property necessary or useful for the following purposes:

(1) Opening, widening, extending, or improving streets, alleys and sidewalks.

(2) Establishing, extending, enlarging, or improving the following public enterprises:

(a) Electric power generation and transmission distribution systems;
(b) Water supply and distribution systems;
(c) Sewage collection and disposal systems;
(d) Gas distribution systems;
(e) Bus lines and mass transit systems;
(f) Solid waste collection and disposal systems and facilities;
(g) Cable television systems;
(h) Off-street parking facilities;
(i) Airports;
(j) Museums;
(k) Armories;
(l) Parks, playgrounds and other recreational facilities;
(m) Storm sewer and drainage systems and works; and
(n) City halls, fire stations, office buildings and other buildings for use by city.

The power to acquire property by condemnation shall not depend on any prior effort to acquire the same property by grant or purchase, nor shall the power to negotiate for the grant or purchase of property be impaired by initiation of condemnation proceedings for acquisition of the same property.

"Section 6.81. Acquisition of whole parcel or building. When the proposed taking requires condemnation of only a portion of a parcel of land leaving a remainder of such shape, size or condition that it is of little value, the city may acquire the entire parcel by purchase or condemnation. The resolution adopted by the city council for condemnation shall include:

(1) A determination by the council that a partial taking of the land would substantially destroy the economic value or utility of the remainder, or

(2) A determination by the council that an economy in the expenditure of public funds will be promoted by taking the entire parcel, or

(3) A determination by the council that the interest of the public will be best served by acquiring the entire parcel.

Residues acquired under this section may be sold or disposed of in the manner provided for the disposition of city property, or may be exchanged for other property needed by the city.

When the proposed taking requires condemnation of a portion of a building or other structure, the city may acquire the entire building or structure by purchase or condemnation, together with the right to enter upon the surrounding land for the purpose of removing the building or structure. If the entire building is to be included in the property to be condemned, a resolution of condemnation adopted by the council shall include either:

(1) That an economy in the expenditure of public funds will be promoted by acquiring the entire building or structure; or

(2) That it is not feasible to cut off a portion of the building or structure without destroying the whole; or

(3) That the convenience, safety, or improvement of the street or highway will be promoted by acquiring the entire building or structure.

Nothing in this section shall be deemed to compel the city to condemn the underlying fee of the portion of any building or structure that lies outside the right-of-way of any existing or proposed improvement.

"Section 6.82. Fee simple title acquired. Unless otherwise expressly provided in the condemnation resolution, condemnation shall vest in the city an estate in fee simple absolute to the property acquired.

"Section 6.83. Removal of structures on condemned land; lien. The city may allow the owner of property acquired by condemnation to remove any building, permanent improvement, or fixture wholly or partially located on or affixed to the property, and may specify a time after adoption of the final condemnation resolution within which it may be removed. If the report of commissioners deducted the value of any such property to be removed from the award of compensation and allowed the cost of removal as an element of damages and the owner fails to remove it within the time allowed, the city may remove it and the cost of the removal and storage of the property shall be chargeable against the owner and a lien upon any remainder of the property not acquired by the city, to be recovered or foreclosed in the manner provided by law for recovery of debt or foreclosure of mortgages.

"Section 6.84. Sale or other disposition of land condemned. When any land condemned in fee by the city is no longer needed for the purpose for which it was condemned, it may be used for any other public purpose or may be sold or disposed of in the manner prescribed by law for the sale and disposition of surplus property.

"Section 6.85. If the city desires to condemn land under this charter belonging to a public service corporation as defined in G.S. 160A-243(c), then the provisions of this charter shall not apply with regard to that condemnation unless the exercise of such eminent domain is either consented to by the owner of the property to be acquired by the city or, otherwise, first adjudicated after notice and a hearing that such acquisition will not prevent or unreasonably impair the continued devotion to the public use of such properties and the operation by such public service corporation.

"ARTICLE 3. GARBAGE AND REFUSE DISPOSAL

"Section 6.101. Liens for garbage and refuse disposal charges. The council may establish charges to be made for garbage and refuse disposal. In case any charge for the removal and disposal of garbage and refuse is not paid within ten (10) days after it becomes due, the charge shall become a lien against the property served or in connection with which the service or facility is used and may be collected thereafter in the manner provided for collection of ad valorem taxes.

"CHAPTER VII. MISCELLANEOUS

"SUBCHAPTER A. CLAIMS AGAINST THE CITY

"Section 7.01. Presentation of claims. No action shall be instituted or maintained against the city upon any claim or demand whatsoever of any kind or character unless the claimant shall have first presented in writing his or her claim or demand to the city manager and said council or city manager shall have declined to pay or settle the same as presented. The written notice of the claim shall be made as required by G.S. 1-539.15. Nothing contained in this Subchapter shall be construed to prevent any statute of limitations from commencing to run at the time when a claim accrued or demand arose, or in any manner to interfere with its running.

"SUBCHAPTER B. CLAIMS BY THE CITY

"Section 7.21. Settlement of claims by the city manager. The city manager is hereby authorized to execute releases of persons, firms and corporations because of damages to personal property belonging to the city when the full amount of damages to such property is ascertained and a statement thereof has been furnished to the city manager by the city attorney and the amount of such release does not exceed one thousand dollars ($1,000.00). In the event that a draft or check is presented to the city which constitutes a release, instead of a regular release form, the city manager is hereby authorized to direct that such draft or check be handled as other payments to the city and, when approved by said city manager, shall constitute a release to the extent stated on the draft or check.

"SUBCHAPTER C. WAIVER OF GOVERNMENTAL IMMUNITY

"Section 7.41. Authority to purchase liability insurance. The city may contract to insure itself and any of its officers, agents and employees against liability for wrongful death or negligent or intentional damage to person or property, and against absolute liability for damage to person or property, caused by an act or omission of the city or any of its officers, agents or employees when acting within the scope of their authority or the course of their employment. The council shall determine what liabilities and what officers, agents and employees shall be covered by any insurance purchased pursuant to this section.

Purchase of insurance pursuant to this section waives the city's governmental immunity, to the extent of insurance coverage, for any act or omission occurring in the exercise of a governmental function of local government during the term of the insurance. By entering into an insurance contract with the city, an insurer waives any defense based upon the governmental immunity of the city.

"Section 7.42. Damage suits against the government involving governmental functions. Any person, or in case of his death his personal representative, sustaining damages as a result of an act or omission of the city or any of its officers, agents or employees, occurring in the exercise of a governmental function of local government, may sue the city for recovery of damages. To the extent of the coverage of insurance purchased pursuant to Section 7.41, governmental immunity shall not be a defense to the action. Otherwise, the city shall have all defenses available to private litigants and to counties and municipalities in any action for wrongful death or intentional or negligent damage to person or property or absolute liability for damage to person or property, without restriction, limitation or other effect, whether the defense arises from common law or by virtue of any statute.

Despite the purchase of insurance as authorized by Section 7.41 of this Charter, the liability of the city for acts or omissions occurring in the exercise of governmental functions does not attach unless the plaintiff waives the right to have all issues of law or fact relating to insurance in the action determined by a jury. The judge shall hear and determine these issues without resort to a jury, and the jury shall be absent during any motions, arguments, testimony or announcement of findings of fact or conclusions of law relating to these issues unless the defendant requests a jury trial on them.

"SUBCHAPTER D. PRESUMPTION OF TITLE IN THE CITY

"Section 7.51. Presumption of title in the city. That in the absence of any contracts with the city in relation to the lands used or occupied by it for the purpose of streets, sidewalks, alleys, or other public works of the city, signed by

the owner thereof or his agent, it shall be presumed that such land has been granted to the city by the owner or owners thereof, and the city shall have good right and title thereto, and shall have, hold, and enjoy the same. Unless the owner or owners of such land, or those claiming under them shall make claim or demand for compensation within two years next after such land was taken, he, or they, shall be forever barred from recovering the land, or having any compensation therefor; provided, nothing herein contained shall affect the rights of infants until two years after the removal of their disabilities.

"SUBCHAPTER E. SUPPLEMENTARY

"Section 7.61. Powers granted supplementary. The powers granted by this Charter are supplementary to any powers heretofore or hereafter granted by any other general law, local act or amendment to this Charter for the same or similar purposes."

Sec. 2. The purpose of this act is to revise the Charter of the City of Conover and to consolidate herein certain acts concerning the property, affairs, and government of the city. It is intended to continue without interruption those provisions of prior acts which are consolidated into this act, so that all rights and liabilities that have accrued are preserved and may be enforced.

Sec. 3. This act shall not be deemed to repeal, modify, or in any manner affect any of the following:

(a) Any acts concerning the property, affairs, or government of public schools in the City of Conover.

(b) Derived from, or which might be sustained or preserved in reliance upon, action heretofore taken (including the adoption of ordinances or resolutions) pursuant to or within the scope of any provision of law repealed by this act.

Sec. 5. No law heretofore repealed expressly or by implication, and no law granting authority which has been exhausted, shall be revived by:

(a) The repeal herein of any act repealing such law, or

(b) Any provision of this act that disclaims an intention to repeal or affect enumerated or designated laws.

Sec. 6. (a) All existing ordinances and resolutions of the City of Conover and all existing rules or regulations of departments or agencies of the City of Conover not inconsistent with the provisions of this act, shall continue in full force and effect until repealed, modified or amended.

(b) No action or proceeding of any nature (whether civil or criminal, judicial or administrative, or otherwise) pending at the effective date of this act by or against the City of Conover or any of its departments or agencies shall be abated or otherwise affected by the adoption of this act.

Sec. 7. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this act which can be given effect without the

invalid provision or application, and to this end the provisions of this act are declared to be severable.

Sec. 8. Chapter 101 of the Private Laws of 1883 as amended and special legislation, laws and clauses of laws in conflict with the provisions of this act are hereby repealed.

Sec. 9. This act shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 14th day of March, 1977.

If the surviving spouse or children have failed to have the exemption set apart in the manner provided, then in an action brought by the personal representatives of the decedent to subject the realty of the decedent to the payment of debts and charges of administration, it is the duty of the court to appoint three disinterested persons to set apart to such surviving spouse, child or children a homestead exemption under metes and bounds in the land of the decedent. "RETIREMENT AND PENSION FUNDS.

"Sec. 5.1. *Retirement system authorized.* A. The city council is hereby authorized to establish or provide for a retirement system to provide for the payment of benefits to its employees or to their beneficiaries, in the following cases:

(1) Retirement, because of age
(2) Disability
(3) Death

B. The retirement system shall include such officers and employees of the city as shall be determined by the council. The city shall contribute to the system in such amounts as it shall determine, in order to meet the liabilities

accruing because of personal services rendered to the city by its officers and employees; provided, however, that the system may also provide benefits which are based, partly or entirely, upon personal services rendered to the city prior to the establishment thereof, and the city may contribute the entire cost of benefits based on any such prior service. The city council may provide that employees shall share in the cost of financing the system, upon such terms as it deems advisable. The expense of administering the system shall be paid as provided by the city council and the city council shall appropriate each year sufficient revenue to provide for the expense of the administration.

C. The system shall be maintained on a solvent actuarial reserve basis for all benefits beginning at its inauguration date, excepting the present value of benefits based on prior service.

D. The contribution required to cover the cost of benefits based on prior service, if any, shall be sufficient to fund the liability for such prior service in not more than 40 years from the date of establishment of the system.

E. The ordinance may provide for the appointment or election of a retirement board or board of trustees, and for the delegation to such board of such powers and duties as may be deemed necessary to carry out the intent and purpose for which the system is established. If such a retirement board or board of trustees is provided for, the board shall consist of a member or members of the city council, an employee or employees entitled to participate in the system, and one or more citizens of the city not officially connected with the city, nor entitled to participate in the system.

F. The city may provide for the payment of one or more of the benefits enumerated in subsection B hereof by contracting with the governing body of any other municipality or municipalities in the State, with the United States Government or any of its agencies or departments, with the State of North Carolina or any of its agencies or departments, or may contract with any insurance company or other corporation for the performance of any service in connection with the establishment of such fund, or for the investment, care, or administration of such fund, or for any other service relating thereto.

The city or any other governing body, agency, insurance company, person, or corporation contracting with the city for the investment, care or administration of the retirement system may invest and reinvest the funds thereof in one or more of the types of securities or other investments authorized by Section 58-79 of the General Statutes of North Carolina, as amended, and by other State law, for the investment of assets of domestic life insurance companies.

G. Nothing in this section shall be construed to prohibit the city from providing or continuing to provide old age and survivors' insurance, or social security coverage, for its officers and employees as the same may be authorized by federal and State laws, either separately or in addition to the fund authorized herein, or any other retirement or pension plan or fund authorized by general law or local act.

"Sec. 5.2. *Firemen's supplemental retirement fund.* A. The board of trustees of the local firemen's relief fund of the City of Lenoir, as established in accordance with G.S. 118-6, hereinafter called the board of trustees, shall create and maintain a separate fund to be called the Lenoir Paid Firemen's Supplemental Retirement Fund, hereinafter called the supplemental retirement fund, and shall maintain books of account for such fund separate from the books of account of the firemen's local relief fund of the City of Lenoir

hereinafter called the local relief fund. The board of trustees shall pay into the supplemental retirement fund the funds prescribed by this section.

B. Notwithstanding the provisions of G.S. 118-7, the board of trustees of the local firemen's relief fund of the city shall:

(1) prior to July 1, 1974, transfer to the supplemental retirement fund all funds, including earnings on investments, of the local relief fund in excess of seventy-five thousand dollars ($75,000);

(2) at any time when the amount of funds in the local relief fund shall by reason of disbursements authorized by G.S. 118-7, be less than seventy-five thousand dollars ($75,000) transfer from the supplemental retirement fund to the local relief fund an amount sufficient to maintain in the local relief fund the sum of seventy-five thousand dollars ($75,000);

(3) as soon as practicable after July 1 of each year, divide the sum of the annual funds paid to the local relief fund by authority of G.S. 118-5, the income earned in the preceding fiscal year upon investments of funds belonging to the local relief fund and the income earned in the preceding fiscal year upon investments of funds belonging to the supplemental retirement fund into equal amounts and disburse the same as supplemental retirement benefits in accordance with subsection C hereof. Provided, however, in the event the total amount of these funds in any fiscal year exceeds the total of the benefit limits of seven hundred twenty dollars ($720.00) per annum per eligible person, as set forth in subsection C of this section such excess amount shall become a part of the supplemental retirement fund.

C. Each fully-paid active city fireman who retired after July 1, 1974, with 20 years or more service and has attained the age of 60 shall be entitled to and shall receive in each fiscal year following the fiscal year in which he retires an annual supplemental retirement benefit, provided, in no event shall any retired fireman be entitled to or receive in any year an annual benefit in excess of seven hundred twenty dollars ($720.00).

Any fireman of the city who is not otherwise entitled to supplemental retirement benefits under the first paragraph of this subsection shall nevertheless be entitled to such benefits in any fiscal year in which the board of trustees makes the following written findings of fact:

(1) that he initially retired from his position as fireman because of his inability, by reason of sickness or injury, to perform the normal duties of an active fireman; and

(2) that, within 30 days prior to or following his initial retirement as a fireman, at least two physicians licensed to practice medicine in North Carolina certified that he was at such time unable, by reason of sickness or injury, to perform the normal duties of an active fireman; and

(3) that, at the time of his initial retirement as a fireman, there was not available to him in the fire department or in any other department of the city a position of employment the normal duties of which he was capable of performing.

D. It is the intention of subsection C hereof to authorize the disbursement as supplemental retirement benefits only of the income derived in any fiscal year from funds received from subsection B, part (3). It is the intention of subsection B of this section to require that the funds paid into the supplemental retirement fund pursuant to parts (1) and (3) thereof shall be held in trust, and that no funds paid into the supplemental retirement fund pursuant to parts (1)

and (3) thereof or as a gift, grant, bequest, or donation to such fund shall ever be disbursed except as and when required by part (2).

E. The board of trustees is hereby authorized to invest any funds, either of the local relief fund or of the supplemental retirement fund, in any investment named in or authorized by G.S. 159-28.1, only in accordance with the provisions thereof, and is hereby directed to invest all of the funds of the supplemental retirement fund in one or more of such investments.

F. The board of trustees is hereby authorized to accept any gift, grant, bequest, or donation of money for the use of the supplemental retirement funds.

G. The board of trustees shall bond the treasurer of the local relief fund with a good and sufficient bond, in an amount at least equal to the amount of funds in his control, payable to the board of trustees, and conditioned upon the faithful performance of his duties; such bond shall be in lieu of the bond required by G.S. 118-6. The board of trustees shall pay from the local relief fund the premiums of the bond of the treasurer.

"ARTICLE VI.

"ALCOHOLIC BEVERAGE CONTROL.

"Sec. 6.1. *Election authorized on alcoholic beverages.* Upon a petition to the city council signed by residents of the city equal in number to fifteen percent (15%) of the number of votes cast by resident voters of the city in the last city election, all such petitioners being registered and qualified voters of the city, or, upon its own motion, the city council shall order an election to be held on the question of whether or not city alcoholic beverage control stores may be operated in the city; and if a majority of the votes cast in such an election shall be for the operation of such stores, it shall be legal for alcoholic beverage control stores to be set up and operated in the city, but if a majority of the votes cast in the election shall be against the operation of alcoholic beverage control stores, no such stores may be set up or operated in the city under the provisions of this Article.

"Sec. 6.2. *Election procedures.* The city council shall submit the question hereinabove mentioned and call a special election for the purpose of submitting such question within four (4) months after the receipt of the petition required by Section 6.1 of this Article, notwithstanding the provisions of any general or local laws to the contrary. In the event the special election is called it shall be held and conducted on the date fixed by the city council. A new registration of voters for such election shall not be necessary and all qualified voters who are properly registered prior to registration for the election and those who register in the alcoholic beverage control election shall be entitled to vote in such election. In the election a ballot shall be used upon which shall be printed on separate lines for each proposition, 'For City Alcoholic Beverage Control Stores' and 'Against City Alcoholic Beverage Control Stores'. Those favoring setting up and operating alcoholic beverage control stores in the City of Lenoir shall mark in the voting square to the left of the words, 'For City Alcoholic Beverage Control Stores', printed on the ballot and those opposed to city alcoholic beverage control stores shall mark in the square to the left of the words, 'Against City Alcoholic Beverage Control Stores'. Except as otherwise herein provided, if a special election is called, the special election authorized shall be conducted under the same statutes, rules and regulations applicable to general elections for the governing body of the City of Lenoir, and the cost shall be paid from the general fund of the city.

"Sec. 6.3. *City board of alcoholic control may be created.* If the operation of city alcoholic beverage control stores is authorized under the provisions of this Article, the city council shall immediately create a city board of alcoholic control to be composed of a chairman and two (2) other members who shall be well known for their character, ability and business acumen. The board shall be known and designated as 'The City of Lenoir Board of Alcoholic Control'. The members and chairman of the board shall be designated by the mayor and council and a member designated as chairman shall serve for his first term a period of three (3) years. As to the other members, one (1) member shall serve for his first term a period of two (2) years, and the other members shall serve for his first term a period of one (1) year; and all terms shall begin with the date of their appointment. Thereafter, as the terms of the chairman and members expire, their successors in office shall serve for terms of three (3) years each, and until their successors are appointed and qualified. Any vacancy shall be filled by the city council for the unexpired term. Compensation of the members of the board of alcoholic control shall be fixed by the city council.

"Sec. 6.4. *Same; powers and duties.* The city board of alcoholic control shall have all the powers and duties imposed by G.S. 18A-17 on county boards of alcoholic control and shall be subject to the powers and authority of the State Board of Alcoholic Control the same as county boards of alcoholic control as provided in G.S. 18A-15. The board of alcoholic control and the operation of any city alcoholic beverage control stores authorized under the provisions of this Article shall be subject to and in pursuance with the provisions of Article 1 of Chapter 18A of the General Statutes of North Carolina except to the extent which the same may be in conflict with the provisions of this Article. Wherever the word 'county' board of alcoholic control appears in that Article, it shall include the City of Lenoir Board of Alcoholic Control. The city board of alcoholic control shall have authority to employ legal counsel and such other employees as it may deem wise, and to fix their compensation.

Sec. 6.5. *Same; financial administration.* Out of the gross profits derived from the operation of city alcoholic beverage control stores, there shall first be paid all costs and operating expenses. The net profits which remain shall be expended in the following manner:

(a) 5% for law enforcement purposes;

(b) 5% for educational programs on the excessive use of alcohol, and the rehabilitation of alcoholics;

(c) 10% to the county school administrative unit;

(d) the remainder to the city to be expended for any lawful purpose authorized to the city.

"Sec. 6.6. *Additional stores authorized.* The City of Lenoir Board of Alcoholic Control may authorize the establishment and operation of additional stores within the city if, in its discretion, it finds the same desirable.

"Sec. 6.7. *Subsequent elections.* If a subsequent election shall be held and at such election a majority of the votes cast shall be cast 'Against City Alcoholic Beverage Control Stores', the city alcoholic beverage control board shall, within 3 months after the canvassing of such votes and the declaration of the results thereof, close such stores and shall thereafter cease to operate the same, and within said three (3) months the city alcoholic beverage control board shall dispose of all alcoholic beverages on hand, all fixtures and all other property in the hands and under the control of said board and convert the same into cash

and turn the same over to the city finance officer. Thereafter, all public, public-local and private laws applicable to the sale of intoxicating beverages within the city in force and effect prior to the authorization to operate city alcoholic beverage control stores shall be in full force and effect the same as if such election had not been held, and until and unless another election is held under the provisions of this Article in which a majority of the votes cast shall be cast 'For City Alcoholic Beverage Control Stores'.

"ARTICLE VII.

"SPECIAL PROVISIONS.

"Sec. 7.1. *Assessments for street and sidewalk improvements; petition unnecessary.*

A. In addition to any authority which is now or may hereafter be granted by general law to the city for making street improvements, the city council is hereby authorized to make street improvements and to assess the cost thereof against abutting property owners in accordance with the provisions of this section.

B. The council may order street improvements and assess the cost thereof against the abutting property owners, exclusive of the costs incurred at street intersections, according to one or more of the assessment bases set forth in Article 10 of Chapter 160A of the North Carolina General Statutes without the necessity of a petition, upon the finding by council as a fact:

(1) that the street improvement project does not exceed 1,200 linear feet, and

(2) that such street or part thereof is unsafe for vehicular traffic, and it is in the public interest to make such improvement, or

(3) that it is in the public interest to connect two streets, or portions of a street already improved, or

(4) that it is in the public interest to widen a street, or part thereof, which is already improved; provided, that assessments for widening any street or portion of street without a petition shall be limited to the cost of widening and otherwise improving such street in accordance with the street classification and improvement standards established by the city's thoroughfare or major street plan for the particular street or part thereof to be widened and improved under the authority granted by this section.

C. For the purposes of this section the term 'street improvement' shall refer to the initial improvement of an unimproved, unpaved street, including initial acquisition of rights-of-way, grading, surfacing, and the construction of curb and gutter and street drainage facilities. For the purposes of this section, the term 'sidewalk improvement' shall refer to the initial acquisition of rights-of-way, laying out, grading and surfacing of new sidewalks. The provisions of this section are not intended to refer to those activities that are normally included under the city's street maintenance program, such as street resurfacing and repairs, curb and gutter and sidewalk maintenance and repairs.

D. In addition to any authority which is now or may hereafter be granted by general law to the city for making sidewalk improvements, the city council is hereby authorized without the necessity of a petition, to make or to order to be made sidewalk improvements according to standards and specifications of the city, and to assess the total cost thereof against abutting property owners, according to one or more of the assessment bases set forth in Article 10 of

Chapter 160A of the North Carolina General Statutes; provided, however, that regardless of the assessment basis or bases employed, the council may order the cost of sidewalk improvements made only on one side of a street to be assessed against property owners abutting both sides of such street.

E. In ordering street and sidewalk improvements without a petition and assessing the cost thereof under authority of this section, the city council shall comply with the procedure provided by Article 10, Chapter 160A of the General Statutes, except those provisions relating to the petition of property owners and the sufficiency thereof.

F. The effect of the act of levying assessments under the authority of this section shall for all purposes be the same as if the assessments were levied under authority of Article 10 of Chapter 160A of the General Statutes.

"Sec. 7.2. *Power of eminent domain.* The procedures provided in Article 9 of Chapter 136 of the General Statutes, as specifically authorized by G.S. 136-66.3(c), shall be applicable to the city in the case of acquisition of lands, easements, privileges, rights-of-way and other interests in real property for streets, sewer lines, water lines, electric power lines, and other utility lines in the exercise of the power of eminent domain. The city, when seeking to acquire such property or rights or easements therein or thereto, shall have the right and authority, at its option and election, to use the provisions and procedures as authorized and provided in G.S. 136-66.3(c) and Article 9 of Chapter 136 of the General Statutes for any of such purposes without being limited to streets constituting a part of the State Highway System; provided, however, that the provisions of this section shall not apply with regard to properties owned by public service corporations as defined in G.S. 160A-243(c), unless (1) the exercise of such power of eminent domain is either consented to by the owner of the property to be acquired by the city, or (2) it is first adjudicated after notice and a hearing that such acquisition will not prevent or unreasonably impair the continued devotion to the public use of such properties and the operation by such public service corporation.

"Sec. 7.3. *Supplemental authority to sell real and personal property.*

A. Funding bonds may be issued if the debt, judgment, or other obligation to be paid is payable at the time of the passage of the bond order or within one year thereafter. Refunding bonds may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The proceeds from the sale of any refunding bonds shall be applied only as follows: either (i) to the immediate payment and retirement of the obligations being refunded or (ii) if not required for the immediate payment of the obligations being refunded such proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded, and to pay any expenses incurred in connection with such refunding, but provision may be made for the pledging and disposition of any amounts in excess of the amounts required for such purposes, including, without limitation, provision for the pledging of any such excess to the payment of the principal of and interest on any issue or series of refunding bonds issued pursuant to Section 159-78. Such refunding bonds shall be special obligations of the municipality issuing them. The principal of and interest on such refunding bonds shall not be payable from the general funds of the municipality, nor shall they constitute a

legal or equitable pledge, charge, lien, or encumbrance upon any of its property or upon any of its income, receipts, or revenues, except the trust fund established pursuant to G.S. 159-72 or G.S. 159-84 from which such refunding bonds are payable. Neither the credit nor the taxing power of the municipality is pledged for the payment of the principal or interest of such refunding bonds, and no holder of such refunding bonds has the right to compel the exercise of the taxing power of the municipality or the forfeiture of any of its property in connection with any default thereon. Every such refunding bond shall recite in substance that the principal of and interest on the bond is payable solely from the trust fund established for its payment and that the municipality is not obligated to pay the principal or interest except from such trust fund.

Money in any such trust fund may be invested in (a) direct obligations of the United States government or (b) obligations the principal of and interest on which are guaranteed by the United States government, or (c) to the extent then permitted by law in obligations of any agency or instrumentality of the United States government, (d) certificates of deposit issued by a bank or trust company located in the State of North Carolina if such certificates shall be secured by a pledge of any of said obligations described in (a), (b), or (c) above having any aggregate market value,

exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. Nothing herein shall be construed as a limitation on the duration of any deposit in trust for the retirement of obligations being refunded but which shall not have matured and which shall not be presently redeemable or, if presently redeemable, shall not have been called for redemption.

The principal amount of refunding bonds issued pursuant to this section, together with the principal amount of refunding bonds, if any, issued under G.S. 159-78 in conjunction with refunding bonds issued pursuant to this section, shall not exceed the amount set forth in G.S. 159-78."

(e) The commission shall not approve under this section any agreement which establishes a procedure for the determination of any matter through joint consideration unless it finds that under the agreement there is accorded to each party the free and unrestrained right to take independent action after any determination arrived at through such procedure.

The effective date of any order terminating or modifying approval, or modifying terms and conditions, shall be postponed for such period as the commission determines to be reasonably necessary to avoid undue hardships.

(g) No order shall be entered under this section except after interested parties have been afforded reasonable notice and opportunity for hearing.

(h) Parties to any agreement approved by the commission under this section and other parties are, if the approval of such agreement is not prohibited by subsection (d) or (e) of this section, hereby relieved from the operation of the antitrust laws with respect to the making of such agreement, and with respect to the carrying out of such agreement in conformity with the terms and conditions prescribed by the commission.

A new licensee shall be responsible for correcting all discrepancies committed by the preceding licensee of said business or anyone working under his license during the 12-month period next preceding his becoming the designated licensee and he shall further be responsible for correcting discrepancies for all existing contracts. A discrepancy shall mean failure of the licensee to follow any rule and regulation concerning treating procedures adopted by the committee under provisions of this Article."

"In order to ensure that persons licensed and certified under this Article are capable of performing a high quality of workmanship, the committee is hereby authorized and empowered to make rules and regulations with respect to:

(1) The amount and kind of training required of an applicant for a license and certified applicator's card to engage in any one or more of the three phases of structural pest control.

2. to fix rates and bill customers by a system of non-discriminatory peak pricing, with incentive rates for off-peak use of electricity charging more for peak periods than for off-peak periods to reflect the higher cost of providing electric service during periods of peak demand on the electric system."

The General Assembly of North Carolina enacts:

Section 1. G.S. 55A-15(a)(8) as the same appears in Volume 2B of the General Statutes is hereby amended to read as follows:

"(8) Subject to any restrictions in the Charter, to provide by bylaw, agreement, vote of board of directors or members, or otherwise, for indemnification of any director or officer or former director or officer of the corporation or any person who may have served at its request as a director or officer of another corporation, whether for profit or not for profit, against expenses actually and necessarily incurred by him in connection with the defense of any action, suit or proceeding in which he is made a party by reason of being or having been such director or officer, except in relation to matters as to which he shall be adjudged in such action, suit or proceeding to be liable for negligence or misconduct in the performance of duty."

Sec. 2. Chapter 55A of the General Statutes is hereby amended by adding new G.S. 55A-17.1, G.S. 55A-17.2 and G.S. 55A-17.3 to read as follows:

"§ 55A-17.1. *Indemnification of directors, officers, employees or agents; general provisions.*—(a) The indemnification of a director or officer of a corporation permitted by this section or by G.S. 55A-17.2 and G.S. 55A-17.3 shall not be deemed exclusive of any other rights to which such director or officer may be entitled, under any bylaw, agreement, vote of board of directors or members, or otherwise with respect to any liability or litigation expenses arising out of his activities as director or officer.

(b) As used in this section and in G.S. 55A-17.2 and G.S. 55A-17.3, the term 'person' includes the legal representative of such person.

(c) Anything in this section or in G.S. 55A-17.2 or G.S. 55A-17.3 to the contrary notwithstanding, a corporation shall have the power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against him and incurred by him in such capacity, or arising out of his status as such, whether or not the corporation would have the power to indemnify him against such liability.

(d) Expenses incurred by a director, officer, employee or agent in defending a civil or criminal action, suit or proceeding may be paid by the corporation in advance of the final disposition of such action, suit or proceeding as authorized by the board of directors in the specific case upon receipt of an undertaking by or on behalf of the director, officer, employee or agent to repay such amount unless it shall be ultimately determined that he is entitled to be indemnified by the corporation as authorized in this section, or in G.S. 55A-17.2 or G.S. 55A-17.3, or by any bylaw, agreement, vote of board of directors or members, or otherwise.

"§ 55A-17.2. *Indemnification in actions by outsiders.*—(a) When by reason of the fact that he is or was serving as director, officer, employee or agent of a corporation, or in any such capacity at the request of the corporation in any other corporation, partnership, joint venture, trust or other enterprise, any person is or was a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceedings, whether civil, criminal, administrative or investigative, not brought by the corporation nor brought by any party seeking derivatively to enforce a liability of such a person to the corporation, such person shall be entitled to indemnification, or reimbursement by the corporation for any expenses, including attorneys' fees, or any liabilities which he may have incurred in consequence of such action, suit or proceeding, under the following conditions:

(1) If such person is wholly successful in his defense on the merits, or if the proceeding is an administrative or investigative proceeding which does not result in the indictment, fine or penalty of such person, he shall be entitled to reimbursement from the corporation of all his reasonable expenses of defense or participation, including attorneys' fees.

(2) If such person is wholly successful in his defense otherwise than solely on the merits, the corporation may pay or agree to pay to him such expenses of defense or participation, including attorneys' fees, as the board of directors in good faith shall deem reasonable, regardless of any adverse interest of any or all of the directors.

(3) If such person is not wholly successful or is unsuccessful in his defense, or with the proceeding to which he is a party results in his indictment, fine or penalty, the corporation may pay or agree to pay, in whole or in part, such expenses of defense or participation, including attorneys' fees, and the amount of any judgment, money decree, fine, penalty or settlement for which he may have become liable, if

a. a plan for such payment, in the case of corporations which have members, is approved by a consent in writing signed by the members entitled to vote or such plan is sent to the members entitled to vote, with notice of a members' meeting, whether annual or special, to be held to take action thereon and if at such meeting a plan is approved by a majority of such members, exclusive of those members to be benefited by the plan if approved, or

b. a majority of a quorum consisting of directors who are not parties to such action, suit or proceeding shall determine that such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful; and, if the corporation has members, after such determination by the directors, the corporation shall, not later than 60 days before any such payment or agreement to pay is made, send to all members of record on a record date not more than 10 days prior to the date of mailing, at their registered addresses, a statement specifying the persons to be paid, the amounts to be paid, and the nature and status of the suit or proceedings at the time of mailing.

c. in a proceeding brought by such person for such determination in the superior court of the district where the corporation has its registered office it shall be determined that such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. In such a proceeding, if the corporation has members, the court in its discretion may order notice thereof to be sent to such members in such manner and in such form as it may deem appropriate, at the expense of the corporation; and it may allow all members so notified to be heard in opposition to the determination requested.

(b) The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful.

"§ 55A-17.3. *Indemnity for litigation expenses in corporate action.*—(a) When a present or former director, officer, employee or agent of a corporation or any person who has served or is serving in such capacity at the request of the corporation in any other corporation, partnership, joint venture, trust or other enterprise, is sued, alone or with others, in the courts of this State, in any action seeking to establish his liability to the corporation arising out of his alleged dereliction of duty to the corporation, he shall in turn be entitled to

indemnification or reimbursement from the corporation for so much of his expenses of defense, including attorneys' fees, as the court in its discretion, upon motion for indemnification or reimbursement, duly made in such action, finds to be reasonable, if:

(1) such person is successful in whole or in part in the action against him or in any settlement thereof and the court finds that his conduct fairly and equitably merits such relief; or

(2) the court finds, despite his adjudication of liability, that such person has acted honestly and reasonably and that, in view of all the circumstances of the case, his conduct fairly and equitably merits such relief.

(b) When such action is brought in another state and the result thereof is as would have entitled the defendant officer or director to make a motion in the cause for indemnification or reimbursement of his expenses of defense under subsection (a) of this section if the action had been brought in this State, but no such relief is available in the state in which the action is actually brought, the defendant officer or director may bring a separate action against the corporation in this State for such indemnification or reimbursement as he might have recovered had the suit against him been brought in this State. Notice of said action for indemnification or reimbursement shall be sent, in such form as the court may approve and at the corporation's expense, to the party or parties plaintiff in the prior action who shall be entitled to be heard.

(c) Whenever indemnification or reimbursement as permitted in this section is sought from a corporation which has members, the court may in its discretion order notice of the claim thereof to be sent to the members in such manner and in such form as it may approve, at the expense of the corporation. All members so notified may be heard in opposition to the relief requested."

Sec. 3. This act shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 19th day of April, 1977.

The Clerk shall, within ten days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same; without prejudice, however, to the filing of a new petition to the same effect. In case the party elected should fail to qualify within ten days after receiving notification of election, the office shall be deemed vacant, and in that event, the unexpired term shall be filled by election by the Village Council, but the Councilman removed shall not be eligible to election by the Council, and the person so elected by the Council shall be subject to recall as other elected officials. If the incumbent receives a majority of votes in the primary election, he shall continue his office.

(b) Any fireman of the City who is not otherwise entitled to supplemental retirement benefits under subsection (a) of this section shall nevertheless be entitled to such benefits in any calendar year in which the Board of Trustees makes the following written findings of fact:

(4) that, since the preceding January 1, a physician licensed to practice medicine in North Carolina has certified that he remains unable, by reason of sickness or injury, to perform the normal duties of an active fireman; provided, that the Board of Trustees, after initially making the findings of fact specified in (1) and (2) of this subsection, need not specify such findings in subsequent calendar years.

"Sec. 7.4. *Intention.* It is the intention of Sections 7.1, 7.2, and 7.3 of this Article to authorize in any calendar year the disbursement of supplemental retirement benefits only when the Firemen's Relief Fund of the City equals or exceeds thirty thousand dollars ($30,000).

"ARTICLE VIII.

"ASSESSMENTS FOR STREET AND SIDEWALK IMPROVEMENTS.

"Sec. 8.1. *Assessments for Improvements.* The City Council shall have full power and authority to adopt by ordinance such a system of laying out districts or sections of streets, together with curbs and gutters, drainage conduits and drainage structures and sidewalks for permanent improvements, and of equalizing assessments on real estate to pay the cost of such improvements as may be just and proper. In order to more fully carry out the duties imposed by the provisions of this Article for more permanent improvement of all streets together with curbs and gutters, drainage conduits and drainage structures and all sidewalks abutting thereon, the Council shall have the power to pass an ordinance assessing against the property owners on each side of the street one-fourth of the cost of paving or repaving any such street together with one-fourth of the cost of the curbs and gutters on either side of such street, including drainage conduits and drainage structures constructed or reconstructed, and one-half of the cost of paving or repaving the sidewalk adjoining on the real estate abutting on one side of the street, or portion thereof so laid out and improved, together with one-half of the cost of paving or repaving the sidewalk adjoining on the real estate abutting on the other side of such street, or portion thereof so laid out and improved. It shall be incumbent on the owners of the real estate on each side of the street, or part thereof, so laid out and improved, to pay the amounts so assessed for such improvements, and the amounts charged against each land owner shall be assessed on and shall constitute a lien on the lot or lots of such land owners abutting on the street; provided, that the city shall pay for the remainder of the cost and for all street intersections so improved.

"Sec. 8.2. *Equalization of Assessments.* In order to equalize the assessments on real estate for the purpose of improving the streets and sidewalks as hereinbefore provided the City Council shall take the total cost of paving or repaving, together with the total cost of constructing curbs and gutters, drainage conduits and drainage structures throughout the entire length of such work within each district, and shall then prorate the cost thereof on the real estate abutting thereon in proportion to the frontage on the street or sidewalk or portion thereof so improved, and charge to and assess upon the real estate upon each side of the street upon which the work is done its pro rata share of the cost of such improvement made. Immediately upon the completion of the work upon any street or sidewalk ordered done by the Council under the provisions of this Article the person in charge of the work shall make a report in writing to the Council showing the cost of paving or repaving, together with the total cost of constructing or reconstructing curbs and gutters, drainage conduits and drainage structures throughout the entire length of the work, with the number of feet

frontage of each of such lots. The Council, after receipt of this report, shall cause notice of the assessments against abutting property on any street or sidewalk in any improvement district or section to be advertised at least once a week for two consecutive weeks, which notice shall be deemed to be full and sufficient notice to all property owners abutting on the street or sidewalk. This notice shall state the time and place when and where such assessments are to be made and determined, and shall notify all persons interested to appear and show cause, if any, why such assessment shall not be made. At such time and place the Council shall proceed to prorate the costs of the work and assess the property as above provided; provided, however, that no assessment against any piece of property improved as herein allowed shall exceed in amount the enhancement in value of the property by reason of such improvement.

"Sec. 8.3. *Assessment Lien; Payment; Foreclosure.* The amount of charges made against the landowners and assessed on the respective lots as hereinbefore provided shall be and constitute liens and the respective lots upon which they are charged and assessed. These amounts shall be placed in the hands of the tax collector for collection and any property owner shall have the right to pay the charges made as hereinbefore prescribed in ten equal annual installments from and after the adoption of the assessment ordinance, with interest thereon at eight percent (8%) per annum from the date that such assessment was made, in which case the amounts due shall be and remain a lien on the lot or lots against which they are charged and assessed until fully paid. Any property owner may elect to pay such assessment in cash without interest, if same be done within 30 days from and after the date that the Council shall make the assessment. In case there shall be a default in the payment of any annual installment for 30 days after the same shall become due, then and in that event the installments remaining, if any, shall become due and the tax collector may proceed to sell such lot or lots for cash to the highest bidder at the courthouse door of Iredell County, after advertisement for 30 days in some newspaper published in the City, and the tax collector shall make a deed to the purchaser and out of the moneys arising from this sale pay off and discharge the amount charged and assessed on such lot or lots, together with the interest on the same and the cost of sale, and pay the surplus, if any, to the person or persons legally entitled to the same.

"Sec. 8.4. *Lien Book; Open to Public.* For the convenience of the public the Tax Collector shall keep in his office a lien book, in which shall be entered the location of the lots and street number, if known, upon which assessments have been made, the name or names of the reputed owners thereof, and the amount due on such assessments. This book shall be indexed and shall be open for public inspection.

"Sec. 8.5. *Appeals From Assessments.* Any person who shall feel aggrieved by the assessments made by the City Council as herein provided, shall have the right within 30 days after the assessments are made, and not after that time, to file his objection to the assessments, and to appeal from the decision of the Council to the next term of the Superior Court of Iredell County, by serving upon the City notice in writing of his intention to do so, specifying in the notice the grounds of his objections to the findings, and by filing within such time with the Clerk of the Superior Court of Iredell County a written undertaking in the sum of two hundred dollars ($200.00), with sufficient surety to be justified before and approved by the clerk, to the effect that the appellant will pay to the

City all such costs and damages as it may sustain by reason of the appeal. In the case of an appeal from the decision of the Council, the ordinance laying out the improvement district, the action of the Council in making or levying the assessment, and the objections of the property owner filed thereto, shall constitute the case on appeal. All of the papers shall be certified by the City Clerk to the Superior Court, and shall be docketed on the civil issue docket and stand at issue as other civil cases regularly brought in such court. If all issues be found in favor of the appellant on the appeal as above provided, the lien for assessments shall be discharged. If, however, the issues of any of them be found in favor of the City to any amount, the judgment shall be rendered in favor of the City for such amount, and the amount so found, together with the costs of the appeal (which costs shall be assessed as costs in other civil actions) shall be and continue a lien against the property upon which the original assessment was placed from the date of the commencement of the work or improvement. Upon such appeal from the decision of the Council, all sections and provisions of this Article shall be *prima facie* presumed to have been complied with.

"Sec. 8.6. *Definitions.* The word 'cost', whenever the same shall appear in this Article, shall be construed to mean the actual cost of the materials used in the work, together with all other costs incident to constructing the improvements, including the cost of all grading and excavation incident thereto. Any part of any lot in the City which abuts upon any street or sidewalk shall be construed to be 'frontage' within the meaning of this Article. The word 'street' or 'sidewalk' shall mean the entire area defined by the street or sidewalk rights-of-way and not just that portion of the rights-of-way upon which actual improvements have been constructed.

"ARTICLE IX.

"CONDEMNATION PROCEEDINGS.

"Sec. 9.1. *Power to Purchase and Condemn Land; Procedure for Condemnation.* When, in the opinion of the City Council, any land, right-of-way, privilege, or easement shall be required for the purpose of opening new streets or of extending or widening those already open, or for the extension and maintenance of the drainage, sewerage, or water systems of the City of Statesville or for the extension and maintenance of the light, distribution, or power system of the City, or for any other public purpose, the City may purchase the same from the owner or owners thereof and pay such compensation therefor as may be agreed upon; but if the City or the City Council shall be unable to agree with the owner or owners thereof upon the amount of compensation, condemnation of such land, right-of-way, privilege, or easement therein for such public use may be made in the manner hereinafter set forth.

"Sec. 9.2. *Proposed Condemnation; Order of the City Council.* When it is proposed to condemn any land, rights, privileges, or easements for the purpose herein specified, an order or resolution of the City Council at a regular or special meeting of the City Council shall be made, stating generally, or as near as may be, the nature of the improvements for which the land, rights, privileges, or easements are required.

"Sec. 9.3. *Petition to be Filed with Clerk of Superior Court.* The City shall file with the Clerk of the Superior Court of Iredell County its verified petition praying for the appointment of commissioners to appraise and value the real property or rights, privileges, or easements proposed to be taken or condemned

for the purpose aforesaid, and to ascertain and report to the court what sum should be paid to the owner or owners as damages for the property, rights, privileges, or easements so taken, the assessments to be made by the commissioners according to the value of the property, rights, privileges, or easements to be acquired for public use. The petition shall set forth and describe the particular property rights, privileges, or easements proposed to be taken or condemned for the purpose aforesaid, and shall also state the names and residences of the owner or owners thereof and of the person who may have any interest therein, which may be affected by the condemnation, and whether any of the owners are minors, with or without guardians.

"Sec. 9.4. *Summons to Parties Interested; Proceedings.* Upon the filing of such a petition, the clerk of the superior court shall issue a summons to the parties interested in the lands, rights, privileges, or easements described in the petition, requiring them to appear at his office in the courthouse of the county ten days after the service of the summons, and answer or otherwise plead to the petition, and the proceedings shall be conducted in all respects as are other special proceedings, and the clerk may issue process and make publication for parties and appoint guardians in like manner as provided by law in the case of special proceedings.

"Sec. 9.5. *Appointment of Commissioners; Duties; Report; Exception to Report; Appeal.* If the clerk shall find that the property, rights, privileges, or easements described in the petition are required for public use, he shall make an order appointing three disinterested and competent freeholders of Iredell County to ascertain and assess the value of the property, rights, privileges, or easements proposed to be taken and the damages to be paid to the owner or owners thereof by the City. The clerk shall issue a notice of their appointment to the freeholders, to be served upon them by the sheriff of the county, and when so notified they shall, within five days, go upon the premises and ascertain the value of the lands, rights, privileges, or easements proposed to be taken or condemned for the public use, determine by a majority vote the amount of damages to be paid for the same, and make a report of their finding in writing to the Clerk of the Superior Court of Iredell County, within five days after they view the premises. Before making such report they may take the evidence of witnesses offered as to any values to be assessed; that if any party to the proceedings shall be dissatisfied with the report of the commissioners, he may file exceptions thereto with the clerk of the superior court within ten days after the filing of the report with the clerk; and all issues of fact and law raised before the clerk in such proceedings and upon such exceptions shall be transferred to the superior court for trial in like manner as provided in the case of other precedence over all other civil cases or matters on the docket of the court. If the City, at the time of the appraisal, shall pay into court the sum appraised by the commissioners, then and in that event the City may enter, take possession of, and hold such lands, notwithstanding the pendency of the appeal, and until the final judgment rendered on the appeal. From the judgment of the superior court rendered in such proceedings any of the parties may appeal to the Court of Appeals; provided, however, that no appeal shall hinder or delay the City in opening such streets, in constructing such lines, or erecting such improvements.

"Sec. 9.6. *Considerations Governing Assessments.* In making the valuation and assessment aforesaid, the commissioners shall take into consideration the

loss or damage that may accrue to the owner or owners by reason of the land, right-of-way, privilege, or easement being surrendered, and also any benefit or advantage such owner may receive from the placing, maintaining, extending or constructing of the proposed improvements for which such land, right-of-way, privilege, or easement shall be required, and shall ascertain the amount of loss or damage in excess of the benefit or advantage, or the value or amount of such benefit or advantage in excess of loss or damage, as the case may be; that the value of any benefit or advantage to any lot or land arising from the placing, maintaining, extending, or constructing of the proposed improvements accruing to such lot or other land may be assessed by the commissioners against the lot or land and shall be a lien thereon.

"Sec. 9.7. *Powers of Court.* In all cases of appraisal under this Article where the mode or manner of the proceedings is not expressly or sufficiently provided for herein, the court before which such proceedings may be pending shall have the power to make all necessary orders and give proper directions to carry into effect the object and intent of this Article and the practice and procedure in such cases shall conform as near as may be to the ordinary practice and procedure in such court.

"Sec. 9.8. *Transfer of Ownership not to Delay Proceedings.* No change of ownership or transfer of the real estate or any interest therein or of the subject matter of the appraisal or any part thereof shall in any manner affect such proceedings after the same has been instituted, but the same may be carried on and perfected as if no conveyance or transfer had been made or attempted to be made.

"Sec. 9.9. *Defective Titles; New Proceedings to Perfect Title; Possession Bond.* If at any time after the attempt to acquire such property or rights by appraisal of damages or otherwise, it shall be found that the title to such property or rights proposed to be taken or condemned or which have been acquired and condemned, are defective, the City may proceed anew to acquire or perfect such title in the same manner as if no appraisal had been made; and at any stage of the new proceedings the court may authorize the petitioner, if in possession of the property or rights, to continue in possession of the same, and if not in the possession to take possession and use such property or rights during the pending and until the final conclusion of such new proceedings, upon such petitioner paying into court a sufficient sum or giving security as the court may direct for damage, which may be finally assessed and recovered against it.

"Sec. 9.10. *Right of City to Recover Payments on Defective Titles.* If the title to any property or rights, privileges, or easements condemned in any proceedings instituted under this Article shall prove defective, the City may by action recover of the party or person who has received the money or compensation for the property, rights, privileges, or easements so condemned any loss or damage it may have sustained by reason of such defect of title, not exceeding the amount so paid as compensation.

"Sec. 9.11. *Service of Summons.* The summons in the proceedings begun hereunder shall be served in the same manner and way as is provided for the service of summons in special proceedings.

"Sec. 9.12. *Title to Vest in City.* The title to any real estate, rights, privileges, or easements which have been condemned under the provisions of this Article shall vest in the City upon its paying into court, or to the parties entitled to receive same, the amount of compensation or damages recovered against it,

together with the costs adjudged to be paid by it in such proceedings and upon its further compliance with the judgment of the court.

"Sec. 9.13. *Power of Eminent Domain.* (a) The procedures provided in Article 9 of Chapter 136 of the General Statutes, as specifically authorized by G.S. 136-66.3(c), shall be applicable to the City in the case of acquisition of lands, easements, privileges, rights-of-way, and other interests in real property for sewer lines, water lines, electric power lines, and other utility lines in the exercise of the power of eminent domain. The City, when seeking to acquire such property or rights or easements therein or thereto, shall have the right and authority, at its option and election, to use the provisions and procedures as authorized and provided in G.S. 136-66.3(c) and Article 9 of Chapter 136 of the General Statutes for any of such purposes without being limited to streets constituting a part of the State Highway System; provided, however, that the provisions of this subsection shall not apply with regard to properties owned by public service corporations as defined in G.S. 160A-243(c), unless (1) the exercise of such power of eminent domain is either consented to by the owner of the property to be acquired by the City, or (2) it is first adjudicated after notice and a hearing that such acquisition will not prevent or unreasonably impair the continued devotion to the public use of such properties and the operation by such public service corporation.

(5) The term "distributor" means any person who offers for sale, sells, barters, or otherwise supplies mixed fertilizer or fertilizer materials.

(6) The term "fertilizer material" means any substance containing either nitrogen, phosphorus, potassium, or any other recognized plant food element or compound which is used primarily for its plant food content or for compounding mixed fertilizers. Not included in this definition are all types of unmanipulated animal and vegetable manures and mulches for which no plant food content is claimed.

(7) The term "grade" means the percentage of total nitrogen, available phosphoric acid (as P2O5) and soluble potash (as K2O) stated in the order given in this paragraph, and, when applied to mixed fertilizers, shall be in whole numbers only for all packages larger than sixteen ounces.

(8) The term "fluid fertilizer" means a nonsolid commercial fertilizer.

(9) The term "manipulated manures" means substances composed primarily of excreta, plant remains or mixtures of such substances which have

been processed in any manner, including the addition of plant foods, artificially drying, grinding and other means.

In "manipulated manures" the minimum percentages of total nitrogen, available phosphoric acid (as P2O5) and soluble potash (as K2O) are to be guaranteed, and the guarantee stated in multiples of half (.50) percentages. Additions of plant food shall be limited to one half (.50) percent each of nitrogen, phosphorus and potash.

(13) The term "fortified mulch" means substances composed primarily of plant remains or mixtures of such substances to which plant food has been added and for which plant food is claimed.

In "fortified mulches" the minimum percentages of total nitrogen, available phosphoric acid, and soluble or available potash are to be guaranteed and the guarantee stated in multiples of quarter (.25) percentages; provided, however, that such percentages shall not exceed one percent (1%), respectively, subject to the same limits and tolerances set forth in this chapter.

These materials may be subjected to biological degradation processes under normal conditions of aging, rainfall, sun-curing, air drying, composting, rotting, enzymatic, or anaerobic/aerobic bacterial action, or any combination of these. These materials shall not be mixed with synthetic materials, or changed in any physical or chemical manner from their initial state except by physical manipulations such as drying, cooking, chopping, grinding, shredding or pelleting.

Sec. 5. Minimum plant food content. Superphosphate containing less than eighteen percent (18%) available phosphoric acid, or any mixed fertilizer in which the sum of the guarantees for the nitrogen, available phosphoric acid, and soluble potash totals less than twenty percent (20%) may not be offered for sale, sold, or distributed in this State; provided, however, the minimum plant food requirement contained herein shall not apply to containers of 10 pounds or less, but such packages are not exempt from any other requirements of this Article. Packages of 16 fluid ounces or less when in liquid form, or 16 ounces or less avoirdupois when in a dry form, may be sold in fractional percentages, but such packages are not exempt from any other requirements of this Article.

Sec. 6. (a) Each brand of commercial fertilizer, manipulated manure and fortified mulch shall be registered by the person whose name appears upon the label before being offered for sale, sold, or distributed in this State, with the exception of those brands clearly produced for experimental and demonstration purposes only. The application for registration shall be submitted in duplicate to the commissioner on forms furnished by the commissioner, and shall be accompanied by a remittance of two dollars ($2.00) per brand and grade as a registration fee for packages over five pounds. Registration fees for packages of five pounds or less shall be twenty-five dollars ($25.00). Upon approval by the commissioner, a copy of the registration shall be furnished to the applicant. All registrations expire on June 30 of each year. The application shall include the following information:

(e) In the case of bone, tankage, and other organic phosphate materials on which the chemist makes no determination of available phosphoric acid, the total phosphoric acid shall be guaranteed: Provided, that unacidulated mineral phosphatic materials and basic slag shall be guaranteed as to both total and available phosphoric acid and the degree of fineness.

(5) The sources from which the nitrogen, phosphoric acid, and potash are derived.

(6) Magnesium (Mg), calcium (Ca), and sulfur (S) may be claimed as secondary plant food in all commercial fertilizers, but only in the elemental form. When one or more of these are claimed the minimum percentage of total magnesium (Mg), total calcium (Ca), and total sulfur (S), as applicable, shall be guaranteed.

(7) Boron may be claimed as an ingredient of mixed fertilizers. If claimed, it shall be guaranteed in terms of percent boron (B). The guarantee will be considered both a minimum and a maximum guarantee. When the boron content is .03% or more, the analysis guarantee shall be on a separate tag as prescribed by the commissioner.

(8) Additional plant food elements, compounds, or classes of compounds, determinable by chemical control methods, may be guaranteed only by permission of the commissioner who may seek the advice of the director of the experiment station. When any such additional plant food elements, compounds, or classes of compounds are included in the guarantee, they shall be subject to inspection and analysis in accordance with the methods and regulations that may be prescribed by the commissioner. The commissioner shall also fix penalties for failure to fulfill such guarantees.

(9) In no case, except in the case of unacidulated mineral phosphates and/or basic slag unmixed with other materials shall both the terms "total phosphoric acid" and "available phosphoric acid" be used in the same statement of analysis.

(b) The distributor of any brand and grade of commercial fertilizer shall not be required to register the same if it has already been registered under this Article by a person entitled to do so and such registration is then outstanding.

(c) The grade of any brand of mixed fertilizer shall not be changed during the registration period, but the guaranteed analysis may be changed in other respects and the sources of materials may be changed: Provided, prompt notification of such change is given to the commissioner and the change is noted on the container or tag: Provided, further, that the guaranteed analysis shall not be changed if it, in any way, lowers the quality of the fertilizer: Provided, further, that if at a subsequent registration period, the registrant desires to make any change in the registration of a given brand and grade of fertilizer, said registrant shall notify the commissioner of such change 30 days in advance of such registration. If the commissioner, after consultation with the director of the agricultural experiment station decides that such change materially lowers the crop producing value of the fertilizer, he shall notify the registrant of his conclusions, and if the registrant registers the brand and grade with the

proposed changes, then the commissioner shall give due publicity to said changes through the Agricultural Review or by such other means as he may deem advisable.

(d) Any person wishing to become a fertilizer manufacturer, as defined in this Article shall before engaging in such business secure a license from the Commissioner of Agriculture. Such person shall make application for such license on forms to be furnished by the commissioner submitting such information as to his proposed operation as the commissioner may prescribe. Such license shall be renewable annually on the first day of July. Such license may be revoked for a violation of any provisions of this Article, or of any rule or regulation adopted by the Board of Agriculture.

(e) When fluid fertilizer is offered for sale or sold in this State, the method of transfer of custody shall be by weight expressed in pounds, and shall be invoiced in such a manner as to show the name of the seller, the name of the purchaser, the date of sale, the grade, and the net weight; provided, however, that fluid fertilizer may be measured in gallons of 231 cubic inches and its equivalent expressed in pounds, with a formula for converting from gallons to pounds shown on the invoice.

(f) Any person before engaging in the business of handling, storing or distributing fluid fertilizer in this State shall register with the commissioner and shall re-register on or before July 1 of each year thereafter so long as he shall engage in said business. The application for registration shall be submitted in duplicate on forms furnished by the Commissioner of Agriculture.

(g) Before any wholesale or retail fluid fertilizer distributing plant shall be built in this State, a general layout of such plant shall be submitted in duplicate and approved by the commissioner. In order that such a layout may be approved it must conform to the minimum standards and rules and regulations, relating to safe handling, storage, distribution and/or application adopted by the Board of Agriculture. All storage tanks, transfer or transport containers, applicator containers, and attached equipment shall conform to the minimum standards adopted by the Board of Agriculture. It shall be the duty of the contractors referred to in Section 3(4) to obtain, maintain and operate in accordance with the minimum standards and rules and regulations adopted by the Board of Agriculture, any and all equipment which he may use in the application of fluid fertilizer. It shall be the duty of the commissioner to inspect and ascertain whether or not the provisions of this section are complied with.

Sec. 7. (a) Any commercial fertilizer offered for sale, sold, or distributed in this State in bags, barrels, or other containers shall have placed on or affixed to the container the net weight and the data in written or printed form, required by Section 6(a), with the exception of subdivision (5), either (i) on tags to be affixed to the end of the package or (ii) directly on the package. In case the brand name appears on the package, the grade shall also appear on the package, immediately preceding the guaranteed analysis or as a part of the brand name. The size of the type of numerals indicating the grade on the containers shall not be less than two inches in height for containers of 100 pounds or more; not less than one inch for containers of 50 to 99 pounds; and not less than 1/2 inch for packages of 25 to 49 pounds. On packages of less than 25 pounds, the grade must appear in numerals at least one half as large as the letters in the brand name. In case of fertilizers sold in containers on which the brand name or other

designations of the distributor do not appear, the grade must appear in a manner prescribed by the commissioner on tags attached to the container.

(b) If transported in bulk, the net weight and the data, in written or printed form, as required by Section 6(a), with the exception of subdivision (5), shall accompany delivery and be supplied to the purchaser.

(c) If mixed fertilizer is sold or intended to be sold in bags weighing more than 100 pounds, each bag must have a tag attached thereto, of a type approved by the commissioner, showing the grade of the fertilizer contained therein. Such tag must be attached on the end of each bag, approximately at the center of the sewed end of the bag: Provided, that in lieu of such tag the grade of the fertilizer may be printed on the end of the bag in readily legible numerals.

(d) All commercial fertilizer labels and registrations shall carry identical guarantees for each product.

Sec. 8. (a) It shall be the duty of the commissioner to sample, inspect, make analysis of, and test commercial fertilizers offered for sale, sold, or distributed within the State at such time and place and to such an extent as he may deem necessary to determine whether such commercial fertilizers are in compliance with the provisions of this Article. The commissioner is authorized with permission or under court warrant to enter upon any public or private premises during regular business hours or at any time business is being conducted therein in order to have access to commercial fertilizers subject to the provisions of this Article and the rules and regulations thereto.

(b) The methods of sampling shall be as follows:

(1) For the purposes of analysis by the commissioner and for comparison with the guarantee supplied to the commissioner in accordance with Section 6 and Section 7, the commissioner, shall take an official sample of not less than one pound from containers of commercial fertilizer. No sample shall be taken from less than five containers. Portions shall be taken from containers as shown in the following table.

5 to 10 containers	all containers
11 to 20 containers	10 containers
21 to 40 containers	15 containers
above 40 containers	20 container

Ten cores from bulk lots or as specified by the Association of Official Analytical Chemists (A.O.A.C.)

(2) A core sampler shall be used that removes a core from a bag or other container in a horizontal position from a corner to the diagonal corner at the other end of the package, and the cores taken shall be mixed, and if necessary, shall be reduced after thoroughly mixing, to the quantity of sample required. The composite sample taken from any lot of commercial fertilizer under the provisions of this subdivision shall be placed in a tight container and shall be forwarded to the commissioner with proper identification marks.

(3) The Board of Agriculture may modify the provisions of this subsection to bring them into conformity with any changes that may hereafter be made in the official methods of and recommendations for sampling commercial fertilizers which shall have been adopted by the Association of Official Analytical Chemists or by the Association of American Plant Food Control Officials. Thereafter, such methods and recommendations shall be used in all sampling done in connection with the administration of this Article in lieu of those prescribed in subdivisions (1) and (2) of this subsection.

(4) All samples taken under the provisions of this section shall be taken from original unbroken bags or containers, the contents of which have not been damaged by exposure, water or otherwise.

(5) The commissioner shall refuse to analyze all samples except those taken under the provisions of this section and no sample, unless so taken, shall be admitted as evidence in the trial of any suit or action wherein there is called into question the value or composition of any lot of commercial fertilizer distributed under the provisions of this Article.

(6) In the trial of any suit or action wherein there is called in question the value or composition of any lot of commercial fertilizer, a certificate signed by the fertilizer chemist and attested with the seal of the Department of Agriculture, setting forth the analysis made by the chemist of the Department of Agriculture, of any sample of said commercial fertilizer, drawn under the provisions of this section and analyzed by them under the provisions of the same, shall be prima facie proof that the lot of fertilizer represented by the sample was of the value and constituency shown by said analysis. And the said certificate of the chemist shall be admissible in evidence.

(c) The methods of analysis shall be those adopted as official by the Board of Agriculture and shall conform to sound laboratory practices as evidenced by methods prescribed by the Association of Official Analytical Chemists of the United States. In the absence of methods prescribed by the board, the commissioner shall prescribe the methods of analysis.

(d) The result of official analysis of any commercial fertilizer which has been found to be subject to penalty shall be forwarded by the commissioner to the registrant at least 10 days before the report is submitted to the purchaser. If, during that period, no adequate evidence to the contrary is made available to the commissioner, the report shall become official. Upon request the commissioner shall furnish to the registrant a portion of any sample found subject to penalty.

(e) Any purchaser or consumer may take and have a sample of mixed fertilizer or fertilizer material analyzed for available plant food, if taken in accordance with the following rules and regulations:

(1) At least five days before taking a sample, the purchaser or consumer shall notify the manufacturer or seller of the brand in writing, at his permanent address, of his intention to take such a sample and shall request the manufacturer or seller to designate a representative to be present when the sample is taken.

(2) The sample shall be drawn in the presence of the manufacturer, seller, or representative designated by either party together with two disinterested adult persons; or in case the manufacturer, seller, or representative of either refuses or is unable to witness the drawing of such a sample, a sample may be drawn in the presence of three disinterested adult persons; provided, any such sample shall be taken with the same type of sampler as used by the inspector of the Department of Agriculture in taking samples and shall be drawn, mixed, and divided, as directed in subdivisions (1), (2), (3), and (4) of subsection (b) of this section, except that the sample shall be divided into two parts each to consist of at least one pound. Each of these is to be placed into a separate, tight container, securely sealed, properly labeled, and one sent to the commissioner for analysis and the other to the manufacturer. A certificate statement in a form which will be prescribed and supplied by the commissioner must be signed

by the parties taking and witnessing the taking of the sample. Such certificate is to be made and signed in duplicate and one copy sent to the commissioner and the other to the manufacturer or seller of the brand sampled. The witnesses of the taking of any sample, as provided for in this section, shall be required to certify that such sample has been continuously under their observation from the taking of the sample up to and including the delivery of it to an express agency, a post office or to the office of the commissioner.

(3) Samples drawn in conformity with the requirements of this section shall have the same legal status in the courts of the State, as those drawn by the commissioner or any official inspector appointed by him as provided for in subsection (b) of this section.

(4) No suit for damages claimed to result from the use of any lot of mixed fertilizer or fertilizer material may be brought unless it shall be shown by an analysis of a sample taken and analyzed in accordance with the provisions of this Article, that the said lot of fertilizer as represented by a sample or samples taken in accordance with the provisions of this section does not conform to the provisions of this Article with respect to the composition of the mixed fertilizer or fertilizer material, unless it shall appear to the commissioner that the manufacturer of the fertilizer in question has, in the manufacture of other goods offered in this State during such season, employed such ingredients as are prohibited by the provisions of this Article, or unless it shall appear to the commissioner that the manufacturer of such fertilizer has offered for sale during that season any kind of dishonest or fraudulent goods or unless it shall appear to the commissioner that the manufacturer of the fertilizer in question, or a representative, agent or employee of the manufacturer, has violated any provisions of Section 9.

Sec. 9. It shall be unlawful to make, in any manner whatsoever, any false or misleading statement or representation with regard to any commercial fertilizer offered for sale, sold, or distributed in this State, or to use any misleading or deceptive trademark or brand name in connection therewith. The commissioner is hereby authorized to refuse the registration of any commercial fertilizer with respect to which this section is violated.

Sec. 10. For the purpose of determing the commercial values to be applied under the provisions of Section 11, the commissioner shall determine and publish annually the values per pound of nitrogen, available phosphoric acid, and soluble potash in commercial fertilizers in this State. The values so determined and published shall be used in determining and assessing penalties.

Sec. 11. Plant food deficiency. (a) The commissioner, in determining for administrative purposes, whether any commercial fertilizer is deficient in plant food, shall be guided solely by the official sample as defined in subdivision (14) of Section 3, and as provided for in subsections (b), (c), and (d) of Section 8.

(b) If the analysis shall show that any commercial fertilizer falls short of the guaranteed analysis in any ingredient, a penalty shall be assessed in accordance with the following provisions:

(1) For total nitrogen, available phosphoric acid, or available potash: A penalty of three times the value of the deficiency if such deficiency is in excess of the following investigational allowances.

30	0.86	0.75	1.39
32 or more	0.88	0.76	1.44

(2) Should the basicity or acidity as equalivent of calcium carbonate of any sample of fertilizer be found upon analysis to differ more than five percent (5%) (or one hundred pounds of calcium carbonate equivalent per ton) from the guarantee, a penalty of fifty cents (50¢) per ton for each 50 pounds calcium carbonate equivalent, or fraction thereof in excess of the 100 pounds allowed, shall be assessed and paid as is prescribed in subsection (c) of this section.

(3) Chlorine: If the chlorine content of any lot of fertilizer branded for tobacco shall exceed the maximum amount guaranteed by more than 0.5 of one percent, a penalty shall be assessed equal to ten percent (10%) of the value of the fertilizer for each additional 0.5 of one percent of excess or fraction thereof.

(4) Water insoluble nitrogen: A penalty of three times the value of the deficiency shall be assessed, if such deficiency is in excess of 0.15 of one percent on goods guaranteed up to and including five-tenths percent; 0.20 of one percent on goods guaranteed from five-tenths percent to one percent; 0.30 of one percent on goods guaranteed from one percent to two percent; 0.50 of one percent on goods guaranteed above two percent and up to and including five percent; and 1.00 percent on goods guaranteed over five percent.

(5) Nitrate nitrogen: A penalty of three times the value of the deficiency shall be assessed if the deficiency shall exceed 0.20 of one percent for goods guaranteed up to and including five-tenths percent; 0.25 of one percent for goods guaranteed from five-tenths to one percent; 0.30 of one percent for goods guaranteed from one to two percent; and 0.35 of one percent for goods guaranteed above two percent up to four percent. Tolerances for goods guaranteed above four percent shall be the same as for total nitrogen.

(6) Total magnesium: If the magnesium content is as much as 0.2 unit plus 5 percent of the guarantee below the minimum amount guaranteed, a penalty of one dollar ($1.00) per ton shall be assessed for each 0.15 of one percent additional deficiency or fraction thereof.

(7) Total calcium: If the calcium content is as much as 0.2 unit plus 5 percent of the guarantee below the minimum amount guaranteed, a penalty of one dollar ($1.00) per ton shall be assessed for each 0.35 of one percent additional deficiency or fraction thereof.

(8) Sulfur: If the sulfur content is as much as 0.2 unit plus 5 percent of the guarantee below the minimum amount guaranteed in the case of all mixed fertilizers, including mixed fertilizers branded for tobacco, a penalty of one dollar ($1.00) per ton for each 0.50 of one percent additional excess or fraction thereof, shall be assessed.

(9) Deficiencies or excesses in any other constituent or constituents covered under subdivisions (6) and (7), subsection (a), Section 6 which the registrant is required to or may guarantee shall be evaluated by the commissioner and penalties therefor shall be prescribed by the commissioner in fertilizer regulations.

(10) For micro-nutrients as are not specifically covered in this Article, a tolerance of 25 percent of the guarantee will be allowed for each element, not to exceed 1/2 unit (.5%) on guarantees up to 15 units or percent and not to exceed one unit (1%) on guarantees above 15 units or percent.

(c) All penalties assessed under this section shall be paid to the consumer of the lot of fertilizer represented by the sample analyzed within three months from the date of notice by the commissioner to the distributor, receipts taken therefor, and promptly forwarded to the commissioner; provided, that in no case shall the total assessed penalties exceed the commercial value of the goods to which it applies. If said consumer cannot be found, the amount of the penalty assessed shall be paid to the commissioner who shall deposit the same in the Department of Agriculture fund, of which the State Treasurer is custodian. Such sums as shall be found to be payable to consumers on lots of fertilizer against which said penalties were assessed shall not be subject to claim by the consumer after 12 months from the date of assessment.

Sec. 12. It shall be the duty of the commissioner to issue and enforce a written or printed "stop sale, use, or removal" order to the owner or custodian of any lot of commercial fertilizer and to hold at a designated place when the commissioner finds said commercial fertilizer is being offered or exposed for sale in violation of any of the provisions of this Article until the law has been complied with and said commercial fertilizer is released in writing by the commissioner or said violation has been otherwise legally disposed of by written authority. The commissioner shall release the commercial fertilizer so withdrawn when the requirements of the provisions of this Article have been complied with and upon payment of all costs and expenses incurred in connection with the withdrawal.

Sec. 13. Any lot of commercial fertilizer not in compliance with the provisions of this Article shall be subject to seizure on complaint of the commissioner to a court of competent jurisdiction in the area in which said commercial fertilizer is located. In the event the court finds the said commercial fertilizer to be in violation of this Article and orders the condemnation of said commercial fertilizer, it shall be disposed of in any manner consistent with the quality of the commercial fertilizer and the laws of the State; provided, that in no instance shall the disposition of said commercial fertilizer be ordered by the court without first giving the claimant an opportunity to apply to the court for the release of said commercial fertilizer or for permission to process or relabel said commercial fertilizer to bring it into compliance with this Article.

Sec. 14. Each of the following offenses shall be a misdemeanor and any person upon conviction thereof shall be punished as provided by law for the punishment of misdemeanors:

(1) To manufacture, offer for sale, or sell in this State any mixed fertilizer or fertilizer materials containing any substance that is injurious to crop growth or deleterious to the soil, or to use in such mixed fertilizer or fertilizer materials as a filler any substance with the effect of defrauding the purchaser.

(2) To offer for sale or to sell in this State for fertilizer purposes any raw or untreated leather, hair, wool waste, hoof, horn, rubber or similar nitrogenous materials, the plant food content of which is largely unavailable, either as such or mixed with other fertilizer materials.

(3) To make any false or misleading representation in regard to any mixed fertilizer or fertilizer material shipped, sold or offered for sale by him in this State, or to use any misleading or deceptive trademark or brand in connection therewith. The sale or offer for sale of any mixture of nitrogenous fertilizer materials under a name or other designation descriptive of only one of the components of the mixture shall be considered deceptive and fraudulent.

The commissioner is authorized to refuse registration for any commercial fertilizer with respect to which this section is violated.

(4) The filing with the commissioner of any false statement of fact in connection with the registration under Section 6 of any commercial fertilizer.

(5) Forcibly obstructing the commissioner or any official inspector authorized by the commissioner in the lawful performance by him of his duties in the administration of this Article.

(6) Knowingly taking a false sample of commercial fertilizer for use under provisions of this Article; or knowingly submitting to the commissioner for analysis a false sample thereof; or making to any person any false representation with regard to any commercial fertilizer sold or offered for sale in this State for the purpose of deceiving or defrauding such other person.

(7) The fraudulent tampering with any lot of commercial fertilizer so that as a result thereof any sample of such commercial fertilizer taken and submitted for analysis under this Article may not correctly represent the lot; or tampering with any sample taken or submitted for analysis under this Article, if done prior to such analysis and disposition of the sample under the direction of the commissioner.

(8) The delivery to any person by the fertilizer chemist or his assistants or other employees of the commissioner of a report that is willfully false and misleading on any analysis of commercial fertilizer made by the department in connection with the administration of this Article.

(9) Selling or offering for sale in this State commercial fertilizer without marking the same as required by Section 7.

(10) Selling or offering for sale in this State commercial fertilizer containing less than the minimum content required by Section 5.

(11) Failure of any manufacturer, importer, jobber, agent, or dealer to have applied for and to have been issued a permit as required by Section 17 before selling, offering, or exposing for sale or distributing commercial fertilizers in this State.

(12) Failure of any manufacturer or contractor to procure a license under the provisions of Section 6(d) before beginning operations within the State.

Sec. 15. The commissioner is authorized and empowered to cancel the registration of any brand of commercial fertilizer or to refuse to register any brand of commercial fertilizer upon proof that the registrant has been guilty of fraudulent or deceptive practices, or in the evasion or attempted evasion of the provisions of this Article or any rules or regulations promulgated thereunder. No registration shall be cancelled until the registrant has been given an opportunity for a hearing pursuant to the provisions of Article 3 of Chapter 150A of the General Statutes.

Sec. 16. Nothing contained in this Article shall prevent any person from appealing to a court of competent jurisdiction from any assessment of penalty or other final order or ruling of the Commissioner or Board of Agriculture.

Sec. 17. (a) For the purpose of defraying expenses on the inspection and of otherwise determining the value of commercial fertilizers in this State, there shall be paid to the Department of Agriculture a charge of twenty-five cents (25¢) per ton on all commercial fertilizers other than packages of five pounds or less. Inspection fees shall be paid on all tonnage distributed into North Carolina to any person not having a valid reporting permit. On individual packages of five pounds or less there shall be paid in lieu of the tonnage fee an annual registration fee of twenty-five dollars ($25.00) for each brand offered for sale, sold, or distributed; provided that any per annum (fiscal) tonnage of any brand sold in excess of one hundred tons may be subject to the charge of twenty-five cents (25¢) per ton on any amount in excess of one hundred tons as provided herein. Whenever any manufacturer of commercial fertilizer shall have paid the charges required by this section his goods shall not be liable to further tax, whether by city, town, or county; provided, this shall not exempt the commercial fertilizers from an ad valorem tax.

(b) Reporting System. Each manufacturer, importer, jobber, firm, corporation or person who distributes commercial fertilizers in this State shall make application to the commissioner for a permit to report the tonnage of commercial fertilizer sold and shall pay to the North Carolina Department of Agriculture an inspection fee of twenty-five cents (25¢) per ton. The commissioner is authorized to require each such distributor to keep such records as may be necessary to indicate accurately the tonnage of commercial fertilizers sold in the State, and as are satisfactory to the commissioner. Such records shall be available to the commissioner, or his duly authorized representative, at any and all reasonable hours for the purpose of making such examination as is necessary to verify the tonnage statement and the inspection fees paid. Each registrant shall report monthly the tonnage sold to non-registrants on forms furnished by the commissioner. Such reports shall be made and inspection fees shall be due and payable monthly on the fifteenth of each month covering the tonnage and kind of commercial fertilizers sold during the past month. If the report is not filed and the inspection fee paid by the last day of the month it is due, the amount due shall bear a penalty of ten percent (10%), which shall be added to the inspection fee due and shall constitute a debt and become the basis of judgment against the securities or bond which may be required. If the report is not filed and the inspection fee paid within 60 days of the date due, or if the report or tonnage be false, the commissioner may revoke the permit. In order to guarantee faithful performance with the provisions of this subsection each manufacturer, importer, jobber, firm, corporation or person

shall, before being granted a permit to use the reporting system, deposit with the commissioner cash in the amount of one thousand dollars ($1,000) or securities acceptable to the commissioner of a value of at least one thousand dollars ($1,000) or shall post with the commissioner a surety bond in like amount, executed by some corporate surety company authorized to do business in North Carolina. The commissioner shall approve all such securities and bonds before acceptance.

Sec. 18. The General Assembly hereby finds and declares that it is in the public interest that the State regulate the activities of those persons engaged in the business of preparing, mixing, or manufacturing commercial fertilizers, in order to insure the manufacturer, distributor and consumer of the correct quantity and quality of all commercial fertilizer sold or offered for sale in this State. It shall therefore be the policy of this State to regulate the activities of those persons engaged in the business of preparing, mixing or manufacturing commercial fertilizer.

Sec. 19. Because legislation with regard to commercial fertilizer sold or offered for sale in this State must be adopted to complex conditions and standards involving numerous details with which the General Assembly cannot deal directly and in order to effectuate the purposes and policies of this Article, and in order to insure the manufacturer, distributor, and consumer of the correct quality and quantity of all commercial fertilizer sold or offered for sale in this State, the Board of Agriculture shall have the authority to make rules and regulations with respect to (1) the maximum chlorine guarantee permitted for tobacco fertilizer; (2) the maximum chlorine guarantee permitted in tobacco top dressers; (3) which grades of fertilizer may be branded top dressers; (4) the labeling of the grade of fertilizer when such fertilizer is sold in plain or unbranded bags; (5) the labeling requirements for all containers of liquid commercial fertilizer for direct application to the soil; (6) the bag sizes which may be used in the sale of commercial fertilizer; (7) the labeling requirements for packages containing a combination of any non-fertilizer material and mixed tobacco fertilizer; (8) registration and labeling requirements for grades and brands of fertilizer carrying any guarantee of boron; the tolerance allowances for the percentage of boron in fertilizer mixtures; (9) the required composition for boron-landplaster mixtures before they may be registered and sold for use on peanuts in this State; the labeling requirements for each container of such mixture; (10) the monetary penalties assessed for excesses or deficiencies of boron and all other minor elements above or below the tolerances allowed; (11) the registration and labeling of general crop grades and tobacco grades; (12) the method, and the time limitations for the reporting to the Commissioner of Agriculture of the tonnage of each grade of fertilizer shipped to each destination in the State by each manufacturer or firm having fertilizer registered in this State; (13) the required composition, before such mixtures may be registered and sold in this State, of fertilizer-pesticide, landplaster-pesticide, and fertilizer-landplaster-pesticide, when to be used for peanuts alone; (14) the labeling and bag requirements of fertilizer-landplaster-pesticide mixtures; (15) the standards and requirements which must be met before fertilizer-pesticide mixtures may be registered in this State. These requirements may include, but are not limited to, approval in North Carolina of both the pesticide and the fertilizer grades, approval of the mixture by the Board of Agriculture, and any labeling requirements; (16) the standards and requirements which must be complied

with before fertilizers-pesticides may, without registering the mixture, be mixed for direct application at the farmer's request; (17) requests for mixing any pesticide with fertilizer, for products not previously approved by the Board of Agriculture; (18) packaging requirements for fertilizer-pesticide mixtures sold either in bulk or in bags, such that dusting, spillage, sifting, or a loss of any fertilizer-pesticide mixture will not occur; (19) the percentages of nitrogen required to be in nitrogen solutions, before such solutions may be registered and sold in this State; (20) the labeling of fertilizer products to ascertain their compliance to the Fertilizer or Lime and Landplaster Law; (21) requesting substantiating data to back up claims made about a fertilizer product; registration may be denied if such data is not furnished; (22) the denial of approval of the registration of fertilizer products when such products will not, when used as directed, supply deficient needs of a plant; (23) safety requirements for the movement, handling and storage of fluid fertilizers; (24) standards and requirements for equipment and tanks for handling liquid fertilizer; (25) refusing registration as a result of information or recommendations from the director of research stations; (26) establishing minimum guarantees permissible for registering secondary elements and micronutrients.

Sec. 20. If any commercial fertilizer in the possession of the consumer is found by the commissioner to be short in weight, the registrant of said commercial fertilizer shall within 30 days after official notice from the commissioner pay to the consumer a penalty equal to four times the value of the actual shortage. The commissioner may in his discretion allow reasonable tolerance for short weight due to loss through handling and transporting.

Sec. 21. The commissioner shall publish at least annually, in such forms as he may deem proper, complete information concerning the sales of commercial fertilizers, together with a report of the results of the analyses based on official samples of commercial fertilizers sold or offered for sale within the State; such data on their production and use as he may consider advisable; provided, however, that the information concerning production and use of commercial fertilizers shall be shown separately for periods July 1st to December 31st and January 1st to June 30th of each year, and that no disclosure shall be made of the operations of any person.

Sec. 22. Nothing in this Article shall be construed to restrict or avoid sales or exchanges of commercial fertilizers to each other by importers or manufacturers who mix fertilizer materials for sale or as preventing the free and unrestricted shipments of commercial fertilizers to manufacturers who have registered their brands as required by the provisions of this Article.

Sec. 23. Each person registering commercial fertilizers under this Article shall furnish the commissioner with a written statement of the tonnage of each grade of fertilizer sold by him in this State. This information shall be held in confidence by the commissioner. Said statement shall include all sales for the periods of July 1st to and including December 31st and of January 1st to and including June 30th of each year. The commissioner may, in his discretion, cancel the registration of any person failing to comply with this section if the above statement is not made within 30 days from date of the close of each period. The commissioner, however, in his discretion, may grant a reasonable extension of time. No information furnished under this section shall be disclosed in such a way as to divulge the operations of any person.

Sec. 24. Article 2 (North Carolina Fertilizer Law of 1947) of Chapter 106 of the General Statutes, is hereby repealed.

Sec. 25. This act shall become effective July 1, 1977.

Such notice shall be published or posted for the first time not less than 15 days prior to the date fixed for said hearing. Following adoption of such a map or maps the board shall certify a copy to the Register of Deeds of Wake County, which copy shall be duly filed. The placing of any street or street line upon any official map or maps shall not in and of itself constitute or be deemed to constitute the opening or establishment of any street or the taking of acceptance of any land for street purposes.

D. Right of town to acquire property before improvement. From and after the time of adoption and certification to the register of deeds of any such map or maps, it shall be unlawful to build upon any land within the lines of proposed streets shown thereon or to repair or otherwise improve any existing buildings within such lines until the board shall have been given an opportunity to purchase or otherwise acquire the property for street purposes as provided by this section. To that end, any person proposing to build upon such land or to make repairs or improvements to any existing building on such land shall, in writing, notify the board of the nature and estimated cost of such building, repairs or improvements. The board shall then determine whether it will take the necessary steps to acquire the land prior to construction of said building or the making of said repairs or improvements. If the board fails, within 60 days from the receipt of such notice, to acquire, adopt a formal resolution directing an appropriate officer to acquire, or institute condemnation proceedings to acquire the property, then the owner or other person giving notice may proceed to erect the building or to make the repairs or improvements described in such notice. The building inspector is authorized to withhold and refrain from issuing, for a period not exceeding 60 days from receipt by the board of the notice herein prescribed, any building permit for the erection of any building within the lines, or for the making of any repairs or improvements to existing buildings within such lines.

E. Failure to give written notice; bar to recovery for value of improvements. If any person, firm or corporation builds upon any land included within the proposed street lines, or repairs or otherwise improves that part of any existing building within such lines, without giving the board an opportunity to acquire the property free from improvements, as provided in this section, the board shall not be required to pay for the value of such building, repairs, or improvements in any proceeding subsequently brought to acquire the land for the purpose shown on the officially adopted map or maps.

F. Failure of town to act; no limit to subsequent condemnation. The failure of the board of aldermen to take action under subsection D of this section within 60 days after notice shall not have the effect of limiting the right of the board at any subsequent time to condemn the land in question. In such case, however, the owner shall be entitled to full compensation as now provided by law for the building, repairs, or improvements made after the failure of the board to take action within the prescribed period.

"Sec. 5.3. Power of eminent domain. The procedures provided in Article 9 of Chapter 136 of the General Statutes, as specifically authorized by G.S. 136-66.3(c), shall be applicable to the town in the case of acquisition of lands, easements, privileges, rights-of-way and other interests in real property for streets, sewer lines, water lines, electric power lines, and other utility lines in the exercise of the power of eminent domain. The town, when seeking to acquire such property or rights or easements therein or thereto, shall have the right and authority, at its option and election, to use the provisions and procedures as authorized and provided in G.S. 136-66(c) and Article 9 of Chapter 136 of the General Statutes for any of such purposes without being limited to streets constituting a part of the State Highway System; provided, however, that the provisions of this section shall not apply with regard to properties owned by public service corporations as defined in G.S. 160A-243(c), unless (1) the exercise of such power of eminent domain is either consented to by the

owner of the property to be acquired by the town or (2) it is first adjudicated after notice and a hearing that such acquisition will not prevent or unreasonably impair the continued devotion to the public use of such properties and the operation by such public service corporation.

"Sec. 5.4. Acceptance of dedications. In addition to any other authority granted the town to acquire land for streets and other purposes, the town shall have power to accept by resolution the dedication of any land or interest in land for street, utility or other town purposes, both inside and outside the corporate limits, whether such dedication is made or offered by deed, by recorded plat, or otherwise. Notwithstanding the provisions of G.S. 136-96 or any other provision of law, the acceptance of a street or street easement by resolution adopted pursuant to this section shall constitute a completed dedication and acceptance, and such dedication shall not thereafter be withdrawn except with written permission of the board.

"Sec. 5.5. Acreage charges for water and sewer connections. In addition to any water and sewer service and connection charges authorized by law, the board may establish and collect acreage charges for making connections to the town water and sewerage systems, both within and outside the corporate limits, to aid in the financing of new water mains and sewer outfalls and the replacement or enlargement of existing mains and outfalls. Such charges shall apply uniformly to all properties to which water or sewer service is extended subsequent to the establishment of such charges; provided, the board may establish higher acreage charges for property to be developed for commercial, institutional, or industrial use than those established for property to be developed for other uses, and may base acreage charges for residential development on the number of dwelling units per acre of land.

"Sec. 5.6. Contracts for water or sewer extensions. Notwithstanding any provision of this charter or any other law, the board may enter into contracts with any person, firm, or corporation whereby such person, firm, or corporation agrees to bear the total initial costs of water main or sewer outfall extensions, and whereby the town agrees to reimburse such person, firm, or corporation for that portion of the costs in excess of the acreage charges attributable to property owned by such person, firm, or corporation to or through which such extensions are made; provided, such reimbursement shall be made only from revenues derived from acreage charges levied against property developed subsequent to the installation of such extensions; provided, further, that nothing in this section shall be construed to authorize or require the town to reimburse, or to contract to reimburse, any person, firm, or corporation for any part of the costs of installing water or sewer lines within a subdivision to serve such subdivision.

"Sec. 5.7. Cleaning and repair of sidewalks. It shall be the duty of every property owner in the town to maintain in good and safe repair and to keep clean and free of debris, trash, ice, snow, and other obstacles upon the sidewalks abutting his property.

The board of aldermen may by ordinance establish a procedure whereby town employees may repair or may clean any sidewalk or remove therefrom any debris, trash, ice or snow upon failure of the abutting property owner, after adequate notice and opportunity to be heard, to do so. In such event, the cost of such repair, cleaning, or removal shall become a lien upon the abutting property equivalent to the lien for ad valorem taxes and may thereafter be collected either by suit in the name of the town or by foreclosure of the lien in the same

manner and subject to the same rules, regulations, costs and penalties as provided by law for the foreclosure of the lien on real estate for ad valorem taxes.

"ARTICLE VI.

"SPECIAL PROVISIONS.

"Sec. 6.1. Police officers' jurisdiction. All policemen and other law enforcement officers of the town charged with the duty of making arrests or otherwise enforcing the criminal laws are hereby authorized and empowered to make arrests, enforce the criminal laws and to serve any and all process at any point or place in Wake County within a distance of three miles from the corporate limits of the town, but not within the corporate limits of any other municipality.

"Sec. 6.2. Settlement of claims. The board of aldermen may authorize the town manager to settle claims against the town for personal injury or damage to property when the amount involved does not exceed the sum of one hundred dollars ($100.00) and does not exceed the actual loss sustained, including loss of time, medical expenses, and any other expense actually incurred. All such settlements shall be approved by the town attorney."

Sec. 11. G.S. 159B-13 is hereby rewritten to read as follows:

Provided, however, that the foregoing limitations shall not apply to the temporary sale of excess capacity and energy without the State in cases of emergency or when required to fulfill obligations under any pooling or reserve sharing agreements; provided further, however, that sales of excess capacity or output of a project to electric membership corporations, public utilities, and other persons, the interest on whose securities and other obligations is not exempt from taxation by the federal government, shall not be made in such amounts, for such periods of time, and under such terms and conditions as will cause the interest on bonds issued to finance the cost of a project to become taxable by the federal government."

Sec. 12. G.S. 159B-27 is hereby amended to read as follows:

"§ 159B-27. *Taxes; payments in lieu of taxes.*—(a) A project jointly owned by municipalities or owned by a joint agency shall be exempt from property taxes; provided, however, that each municipality possessing an ownership share of a project, and a joint agency owning a project, shall, in lieu of property taxes, pay to any governmental body authorized to levy property taxes the amount which would be assessed as taxes on real and personal property of a project if such project were otherwise subject to valuation and assessment by the State Board of Assessment. Such payments in lieu of taxes shall be due and shall bear interest if unpaid, as in the cases of taxes on other property. Payments in lieu of

taxes made hereunder shall be treated in the same manner as taxes for purposes of all procedural and substantive provisions of law.

(b) Each municipality having an ownership share in a project shall pay to the State in lieu of an annual franchise or privilege tax an amount equal to six percent (6%) of that percentage of all monies expended by said municipality on account of its ownership share, including payment of principal and interest on bonds issued to finance such ownership share, which is equal to the percentage of such city or town's total entitlement that is used or sold by it to any person, firm or corporation exempted by law from the payment of the tax on gross receipts pursuant to G.S. 105-116.

(c) Each joint agency shall pay to the State in lieu of an annual franchise or privilege tax an amount equal to six percent (6%) of the gross receipts from sales of electric power and energy, less, however, such amounts as such joint agency pays for the purchase of electric power and energy from vendors taxed on such amounts under G.S. 105-116 and less amounts sold to any other person, firm or corporation engaged in selling such commodities or services to the public for which taxes are paid to this State.

(d) The State shall distribute to cities and towns which receive electric power and energy from their ownership share of a project or to which electric power and energy is sold by a joint agency an amount equal to a tax of three percent (3%) of all monies expended by a municipality on account of its ownership share of a project, including payment of principal and interest on bonds issued to finance such ownership share, or an amount equal to a tax of three percent (3%) of the gross receipts from all sales of electric power and energy to such city or town by a joint agency, as the case may be.

(e) The reporting, payment and collection procedures contained in G.S. 105-116 shall apply to the levy herein made.

(f) Except as herein expressly provided with respect to jointly owned projects or projects owned by a joint agency no other property of a municipality used or useful in the generation, transmission and distribution of electric power and energy shall be subject to payments in lieu of taxes."

Sec. 13. G.S. 159B-35 is hereby amended by rewriting the last sentence thereof to read:

"Nothing in this Chapter shall be construed to authorize the issuance of bonds for the purpose of financing facilities to be owned exclusively by any private corporation."

Whereas, appointive supervisors should take office at the same time as elective supervisors; Now, therefore,

The General Assembly of North Carolina enacts:

The commission shall make its appointments prior to or at the November meeting of the commission. Appointive supervisors shall take office on the first Monday in December following their appointment. Sec. 2. The effective date of this act is July 1, 1977.

S. B. 496 CHAPTER 388

AN ACT TO EXEMPT CERTAIN PROPERTY OWNED BY THE FRANKLINTON CITY SCHOOL ADMINISTRATIVE UNIT FROM G.S. 115-131.

Whereas, on November 20, 1923, S. C. Vann conveyed to the Board of Trustees for the Franklinton Public Schools, located in the Town of Franklinton, North Carolina, the following described tract of land:

"Commencing at the corner of Main and Vine Streets and running thence Westwardly to Hillsboro Street; thence Southwardly along Hillsboro Street to its intersection with Mason Street; thence Eastwardly along Mason Street to the Citizens Bank lot; thence Northerly along the line of the Citizens Bank lot and the Bullock lot to Bullock's corner; thence Eastwardly about 50 feet to Main Street; thence Northerly along Main Street to point of beginning. It being the lots purchased by said S. C. Vann of J. B. Brewer and wife, Bettie Brewer, Josephine Henderson lot on Main and Vine Streets, and the Mollie Harris lot on Vine Street, containing the grounds and building of the Franklinton Public School, erected and donated by said S. C. Vann for educational purposes exclusively."

Whereas, said deed was recorded in the public registry, Franklinton, North Carolina, in Book 261, at page 355, on the fourth day of September, 1924; and

Whereas, said deed contained, among other restrictions, that the said Board of Trustees for the Franklinton Public School was "to have and to hold said property, with the rights, privileges and appurtenances thereto belonging to the said parties of the second part and their successors in office forever, upon the following uses and trusts, namely: The said buildings and grounds shall be used exclusively and perpetually for the education of the white race resident in Franklinton Township, Franklin County, North Carolina, and for no other or further purposes."; and

Whereas, the said restrictions as set out in the deed created defeasible title to the described tract which is now held by operation of law by the Franklinton City Board of Education; and

Whereas, since this property has been in the possession of the Franklinton City Board of Education, extensive improvements have been made to the property, and it has been continuously used for public school purposes, and continues to be so used; and

Whereas, in 1955, the General Assembly of the State of North Carolina enacted G.S. 115-131, which states in part that "County and city boards of education shall make no contract for the erection or repair of any school building unless the site upon which it is located is owned in fee simple by the said board"; and

Whereas, the Franklinton City Board of Education must make contracts for erections of new improvements or repairs to the existing school buildings which are located on the described tract, or the board will be unable to use the described premises for school purposes and will lose its substantial investment therein; and

Whereas, it is deemed in the best interest that the Franklinton City Board of Education should be empowered to enter into the necessary contracts for the erection of new improvements and repairs to the existing improvements on the school site, in order to continue to use it for public school purposes; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. The following tract of land currently owned and operated by the Franklinton City Board of Education be and it hereby is exempted from the operation and provisions of G.S. 115-131, said tract described as follows:

"Commencing at the corner of Main and Vine Streets and running thence Westwardly to Hillsboro Street; thence Southwardly along Hillsboro Street to its intersection with Mason Street; thence Eastwardly along Mason Street to the Citizens Bank lot; thence Northerly along the line of the Citizens Bank lot and the Bullock lot to Bullock's corner; thence Eastwardly about 50 feet to Main Street; thence Northerly along Main Street to point of beginning. It being the lots purchased by said S. C. Vann of J. B. Brewer and wife, Bettie Brewer, Josephine Henderson lot on Main and Vine Streets, and the Mollie Harris lot on Vine Street, containing the grounds and building of the Franklinton Public School, erected and donated by said S. C. Vann for educational purposes exclusively."

Sec. 2. The Franklinton City Board of Education is empowered and authorized by vote of a majority of the board to enter into contracts for the erection of new improvements and for the repair of any existing buildings or improvements on the school site as otherwise provided by law and to further make any contracts or agreements necessary or convenient to carry out such purposes.

Sec. 3. This act shall become effective upon ratification, and shall apply only to the described tract of land under the control and supervision of the Franklinton City Board of Education.

In the General Assembly read three times and ratified, this the 13th day of May, 1977.

CHAPTER 406

AN ACT TO ESTABLISH PROCEDURES FOR SENTENCING IN CAPITAL CASES AND TO FIX THE PUNISHMENT FOR MURDER.

The General Assembly of North Carolina enacts:

Section 1. G.S. 14-17, as the same appears in the 1975 Cumulative Supplement to the 1969 Replacement Volume 1B of the General Statutes, is hereby amended and rewritten to read as follows:

"§ 14-17. *Murder in the first and second degree defined; punishment.*—A murder which shall be perpetrated by means of poison, lying in wait, imprisonment, starving, torture, or by any other kind of willful, deliberate, and premeditated killing, or which shall be committed in the perpetration or attempted perpetration of any arson, rape, robbery, kidnapping, burglary, or other felony committed or attempted with the use of a deadly weapon, shall be deemed to be murder in the first degree, and any person who commits such murder shall be punished with death or imprisonment in the State's prison for life as the court shall determine pursuant to G.S. 15A-2000. All other kinds of murder shall be deemed murder in the second degree, and any person who commits such murder shall be punished by imprisonment for a term of not less than two years nor more than life imprisonment in the State's prison."

Sec. 2. Chapter 15A of the General Statutes is hereby amended by inserting at the end thereof a new Article 100 entitled "Capital Punishment" to read as follows:

"ARTICLE 100.

"Capital Punishment.

"§ 15A-2000. *Sentence of death or life imprisonment for capital felonies; further proceedings to determine sentence.*—(a) Separate proceedings on issue of penalty.

(1) Upon conviction or adjudication of guilt of a defendant of a capital felony, the court shall conduct a separate sentencing proceeding to determine whether the defendant should be sentenced to death or life imprisonment. A capital felony is one which may be punishable by death.

(2) The proceeding shall be conducted by the trial judge before the trial jury as soon as practicable after the guilty verdict is returned. If prior to the time that the trial jury begins its deliberations on the issue of penalty, any juror dies, becomes incapacitated or disqualified, or is discharged for any reason, an alternate juror shall become a part of the jury and serve in all respects as those selected on the regular trial panel. An alternate juror shall become a part of the jury in the order in which he was selected. If the trial jury is unable to reconvene for a hearing on the issue of penalty after having determined the guilt of the accused, the trial judge shall impanel a new jury to determine the issue of the punishment. If the defendant pleads guilty, the sentencing proceeding shall be conducted before a jury impaneled for that purpose. A jury selected for the purpose of determining punishment in a capital case shall be selected in the same manner as juries are selected for the trial of capital cases.

(3) In the proceeding there shall not be any requirement to resubmit evidence presented during the guilt determination phase of the case,

unless a new jury is impaneled, but all such evidence is competent for the jury's consideration in passing on punishment. Evidence may be presented as to any matter that the court deems relevant to sentence, and may include matters relating to any of the aggravating or mitigating circumstances enumerated in subsections (e) and (f). Any evidence which the court deems to have probative value may be received.

(4) The State and the defendant or his counsel shall be permitted to present argument for or against sentence of death. The defendant or defendant's counsel shall have the right to the last argument.

(b) Sentence recommendation by the jury. Instructions determined by the trial judge to be warranted by the evidence shall be given by the court in its charge to the jury prior to its deliberation in determining sentence. In all cases in which the death penalty may be authorized, the judge shall include in his instructions to the jury that it must consider any aggravating circumstance or circumstances or mitigating circumstance or circumstances from the lists provided in subsections (e) and (f) which may be supported by the evidence, and shall furnish to the jury a written list of issues relating to such aggravating or mitigating circumstance or circumstances.

After hearing the evidence, argument of counsel, and instructions of the court, the jury shall deliberate and render a sentence recommendation to the court, based upon the following matters:

(1) whether any sufficient aggravating circumstance or circumstances as enumerated in subsection (e) exist;

(2) whether any sufficient mitigating circumstance or circumstances as enumerated in subsection (f), which outweigh the aggravating circumstance or circumstances found, exist; and

(3) based on these considerations, whether the defendant should be sentenced to death or to imprisonment in the State's prison for life.

The sentence recommendation must be agreed upon by a unanimous vote of the 12 jurors. Upon delivery of the sentence recommendation by the foreman of the jury, the jury shall be individually polled to establish whether each juror concurs and agrees to the sentence recommendation returned.

If the jury cannot, within a reasonable time, unanimously agree to its sentence recommendation, the judge shall impose a sentence of life imprisonment; provided, however, that the judge shall in no instance impose the death penalty when the jury cannot agree unanimously to its sentence recommendation.

(c) Findings in support of sentence of death. When the jury recommends a sentence of death, the foreman of the jury shall sign a writing on behalf of the jury which writing shall show:

(1) The statutory aggravating circumstance or circumstances which the jury finds beyond a reasonable doubt; and

(2) That the statutory aggravating circumstance or circumstances found by the jury are sufficiently substantial to call for the imposition of the death penalty; and,

(3) That the mitigating circumstance or circumstances are insufficient to outweigh the aggravating circumstance or circumstances found.

(d) Review of judgment and sentence.

(1) The judgment of conviction and sentence of death shall be subject to automatic review by the Supreme Court of North Carolina pursuant to

procedures established by the Rules of Appellate Procedure. In its review, the Supreme Court shall consider the punishment imposed as well as any errors assigned on appeal.

(2) The sentence of death shall be overturned and a sentence of life imprisonment imposed in lieu thereof by the Supreme Court upon a finding that the record does not support the jury's findings of any aggravating circumstance or circumstances upon which the sentencing court based its sentence of death, or upon a finding that the sentence of death was imposed under the influence of passion, prejudice, or any other arbitrary factor, or upon a finding that the sentence of death is excessive or disproportionate to the penalty imposed in similar cases, considering both the crime and the defendant. The Supreme Court may suspend consideration of death penalty cases until such time as the court determines it is prepared to make the comparisons required under the provisions of this section.

(3) If the sentence of death and the judgment of the trial court are reversed on appeal for error in the post-verdict sentencing proceeding, the Supreme Court shall order that a new sentencing hearing be conducted in conformity with the procedures of this Article.

(e) Aggravating circumstances. Aggravating circumstances which may be considered shall be limited to the following:

(1) The capital felony was committed by a person lawfully incarcerated.

(2) The defendant had been previously convicted of another capital felony.

(3) The defendant had been previously convicted of a felony involving the use or threat of violence to the person.

(4) The capital felony was committed for the purpose of avoiding or preventing a lawful arrest or effecting an escape from custody.

(5) The capital felony was committed while the defendant was engaged, or was an aider or abettor, in the commission of, or an attempt to commit, or flight after committing or attempting to commit, any robbery, rape, arson, burglary, kidnapping, or aircraft piracy or the unlawful throwing, placing, or discharging of a destructive device or bomb.

(6) The capital felony was committed for pecuniary gain.

(7) The capital felony was committed to disrupt or hinder the lawful exercise of any governmental function or the enforcement of laws.

(8) The capital felony was committed against a law enforcement officer, employee of the Department of Correction, jailer, fireman, judge or justice, former judge or justice, prosecutor or former prosecutor, juror or former juror, or witness or former witness against the defendant, while engaged in the performance of his official duties or because of the exercise of his official duty.

(9) The capital felony was especially heinous, atrocious, or cruel.

(10) The defendant knowingly created a great risk of death to more than one person by means of a weapon or device which would normally be hazardous to the lives of more than one person.

(f) Mitigating circumstances. Mitigating circumstances which may be considered shall include, but not be limited to, the following:

(1) The defendant has no significant history of prior criminal activity.

(2) The capital felony was committed while the defendant was under the influence of mental or emotional disturbance.

(3) The victim was a voluntary participant in the defendant's homicidal conduct or consented to the homicidal act.

(4) The defendant was an accomplice in or accessory to the capital felony committed by another person and his participation was relatively minor.

(5) The defendant acted under duress or under the domination of another person.

(6) The capacity of the defendant to appreciate the criminality of his conduct or to conform his conduct to the requirements of law was impaired.

(7) The age of the defendant at the time of the crime.

(8) The defendant aided in the apprehension of another capital felon or testified truthfully on behalf of the prosecution in another prosecution of a felony.

(9) Any other circumstance arising from the evidence which the jury deems to have mitigating value.

"§ 15A-2001. *Capital offenses; plea of guilty.*—Any person who has been indicted for an offense punishable by death may enter a plea of guilty at any time after his indictment, and the judge of the superior court having jurisdiction may sentence such person to life imprisonment or to death pursuant to the procedures of G.S. 15A-2000. Before sentencing the defendant, the presiding judge shall impanel a jury for the limited purpose of hearing evidence and determining a sentence recommendation as to the appropriate sentence pursuant to G.S. 15A-2000. The jury's sentence recommendation in cases where the defendant pleads guilty shall be determined under the same procedure of G.S. 15A-2000 applicable to defendants who have been tried and found guilty by a jury.

"§ 15A-2002. *Capital offenses; jury verdict and sentence.*—If the recommendation of the jury is that the defendant be sentenced to death, the judge shall impose a sentence of death in accordance with the provisions of Chapter 15, Article 19 of the General Statutes. If the recommendation of the jury is that the defendant be imprisoned for life in the State's prison, the judge shall impose a sentence of imprisonment for life in the State's prison.

"§ 15A-2003. *Disability of trial judge.*—In the event that the trial judge shall become disabled or unable to conduct the sentencing proceeding provided in this Article, the Chief Justice shall designate a judge to conduct such proceeding."

Sec. 3. G.S. 9-18 as the same appears in the 1969 Replacement Volume 1B of the General Statutes is hereby amended by rewriting the first sentence to read as follows:

"Whenever the presiding judge deems it appropriate, one or more alternate jurors may be selected in the same manner as the regular trial panel of jurors in the case, but after the regular jury has been duly impaneled; provided, however, that in all criminal actions in which one or more defendants is to be tried for a capital offense, or enter a plea of guilty to a capital offense, the presiding judge shall provide for the selection of at least two alternate jurors, or more as he deems appropriate."

Sec. 4. G.S. 9-18 as the same appears in the 1969 Replacement Volume 1B of the General Statutes is hereby further amended by rewriting the sentence which begins with the word "An" on line 10 thereof to read as follows:

"An alternate juror shall receive the same compensation as other jurors and, except as hereinafter provided, shall be discharged upon the final submission of the case to the jury; provided, however, that no alternate juror in a capital case shall be discharged until the trial jury begins its deliberations on the issue of penalty."

Sec. 5. G.S. 9-18, as the same appears in the 1969 Replacement Volume 1B of the General Statutes, is hereby further amended by adding a new paragraph thereto to read as follows:

"In capital cases the alternate jurors shall be retained during the deliberations of the jury on the issue of guilt or innocence under such restrictions, regulations and instructions as the presiding judge shall direct. In case of sequestration of a jury during deliberations in a capital case, alternates shall be sequestered in the same manner as is the trial jury, but such alternates shall also be sequestered from the trial jury. In no event in the trial of any issue in a criminal case shall more than 12 jurors participate in the jury's deliberations."

Sec. 6. In the event that it is determined by the Supreme Court of North Carolina or by the Supreme Court of the United States that a sentence of death may not be constitutionally imposed for a capital offense for which the death penalty is provided by this act, the punishment for that offense shall be imprisonment in the State's prison for life.

Sec. 7. If any provisions of this act or the application thereof to any person or circumstances are held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

Sec. 8. The provisions of this act shall apply to murders committed on or after the effective date of this act.

Sec. 9. This act shall become effective on June 1, 1977.

"§ 148-32.1. *Local confinement, costs, alternate facilities, parole, work release.*—(a) The Secretary of the Department of Correction is hereby authorized and empowered to contract with local government entities which have under their control local confinement facilities housing prisoners serving sentences of 30 to 180 days. The Secretary of the Department of Correction is authorized and empowered to pay to the appropriate local confinement facility the per diem cost of providing food, clothing, personal items, supervision and necessary medical services to those prisoners serving sentences of 30 to 180 days. Any contract made pursuant to this authority shall be for a period of not more than two years, and shall be renewable biennially for a period not to exceed two years. The financial provisions of the contract shall be approved by the Secretary of the Department of Administration before the contract is executed and shall include a provision setting the per diem rate or reimbursement. The per diem rate of reimbursement shall be based upon consideration of local staff requirements, cost of confinement of other inmates in local confinement facilities, average per diem cost of confinement of inmates in minimum custody facilities in the Department of Correction, and other relevant factors. Such contracts shall take into consideration additional staff and expenses incurred by the local confinement facility.

(b) In the event that the custodian of the local confinement facility certifies in writing to the clerk of the superior court in the county in which said local confinement facility is located that the local confinement facility is filled to capacity, or that the facility cannot reasonably accommodate any more prisoners due to segregation requirements for particular prisoners, or that the custodian anticipates, in light of local experiences, an influx of temporary prisoners at that time, or if the local confinement facility does not meet the minimum standards published pursuant to G.S. 153A-221, any judge of the district court in the judicial district where the facility is located, or any judge of the superior court or a special judge of the superior court assigned to hold court in the judicial district where the facility is located may order that the prisoner be transferred to any other qualified local confinement facility within that judicial district. If no such local confinement facility is available, then any such judge may order the prisoner transferred to such camp or facility as the proper authorities of the Department of Correction shall designate, notwithstanding that the term of imprisonment of the prisoner is less than 180 days. In no event, however, shall a prisoner whose term of imprisonment is less than 30 days be assigned or ordered transferred to any such camp or facility.

(c) When a prisoner is assigned to a local confinement facility pursuant to this section, the clerk of the superior court in the county in which the sentence was imposed shall immediately forward a copy of the commitment order to the Parole Commission so that the prisoner will be eligible for misdemeanant parole pursuant to G.S. 148-60.3.

(d) In the event that the prisoner serving a sentence of 30 to 180 days in a local confinement facility is placed on work-release by the sentencing court pursuant to G.S. 148-33.1(a), the Department of Correction shall be responsible for deducting the appropriate fees from the work-release earnings of the prisoner pursuant to G.S. 148-33.1. (e) Upon entry of a prisoner into a local confinement facility pursuant to this section, the custodian of the local confinement facility shall forward to the Parole Commission information pertaining to the prisoner so as to make him eligible for parole consideration pursuant to G.S. 148-60.3. Such information shall include date of incarceration, jail credit, and such other information as may be required by the Parole Commission. The Parole Commission shall approve a form upon which the custodian shall furnish this information, which form will be provided to the custodian by the Department of Correction."

If the voter's application for absentee ballots is approved by the board at that meeting, the application form and container-return envelope, with the ballots enclosed, shall be handled in the same manner and under the same provisions of law as applications and container-return envelopes received by the board under other provisions of this Article. If the voter's application for absentee ballots is disapproved by the board, the board shall so notify the voter stating the reason for disapproval by first-class mail addressed to the voter at his residence address or at the address shown in the application for absentee ballots; and the board chairman shall retain the container-return envelope in its unopened condition until the day of the primary or election to which it relates and on that day he shall destroy the container-return envelope and the ballots therein, without, however, revealing the manner in which the voter marked the ballots.

(c) Instruction sheets. In time for use not later than 60 days before a statewide primary, general or county bond election, the county board of elections shall prepare and print a sufficient number of sheets of instructions on

how voters are to prepare absentee ballots and return them to the chairman of the county board of elections.

"§ 163-230. *Consideration and approval of applications and issuance of absentee ballots.*—The procedure to be followed in receiving applications for absentee ballots, passing upon their validity, and issuing absentee ballots shall be governed by the provisions of this section.

(1) Record of applications received and ballots issued. Upon receipt of a voter's written application for absentee ballots, the chairman of the county board of elections shall promptly enter in the register of absentee ballot applications and ballots issued so much of the following information as he has not already entered there under the provisions of G.S. 163-227(4):

a. Name of voter applying for absentee ballots, and, if applicable, the name and address of the voter's near relative who applied for the application for absentee ballots.
b. Number of assigned voter's application when issued.
c. Precinct in which applicant is registered.
d. Address to which ballots are to be mailed, or that the voter voted pursuant to G.S. 163-227.2.
e. Reason assigned for requesting absentee ballots.
f. Date application for ballots is received by chairman.
g. The voter's party affiliation.

(2) Determination of validity of applications for absentee ballots. The county board of elections shall constitute the proper official body to pass upon the validity of all applications for absentee ballots received in the county; this function shall not be performed by the chairman or any other member of the board individually.

a. Required meeting of county board of elections. During the period commencing 60 days before an election, and until 30 days before the election, in which absentee ballots are authorized, the county board of elections shall hold one or more public meetings each week on a day and at an hour to be determined by the board for the purpose of acting on applications for absentee ballots. Each member of the board shall be notified in writing of the day and hour such meetings shall be conducted. During the period opening 30 days before an election in which absentee ballots are authorized and closing at 5:00 p.m. on the Wednesday before the election, the county board of elections shall hold public meetings at 10:00 a.m. on Tuesday and Friday of each week, and it shall also hold public meetings at 10:00 a.m. on the eighth, fifth, third and first days immediately preceding election day. These meetings shall be held at the county courthouse or at the elections board's office at the hour fixed by law. At these meetings the county board of elections shall pass upon applications for absentee ballots.

Upon a majority vote, the county board of elections may hold the required public meetings at an hour other than 10:00 a.m., and it may hold more than one session on each Tuesday and Friday it is required to meet and may set the hours of any additional sessions. If the board desires to exercise either or both of the options granted by the preceding sentence, it shall do so prior to the date on which it is required to hold its first public meeting under the provisions of this subdivision and in

time to give the notice required by the fourth paragraph of this lettered portion of this subdivision; thereafter, no change shall be made in the hours fixed for the board's public meetings on absentee ballot applications.

It shall not be necessary for the chairman of the county board of elections to give notice to other board members of weekly meetings of the board which are fixed as to time and place by this section.

If the county board of elections changes the time of holding its Tuesday and Friday meetings or provides for additional meetings on Tuesdays and Fridays in accordance with the terms of this subdivision, notice of the change in hour and notice of the schedule of additional meetings, if any, shall be published in a newspaper circulated in the county, and a notice thereof shall be posted at the courthouse door of the county, at least one week prior to the time fixed for holding the first meeting under this subdivision.

The county board of elections shall not be required to hold any of the meetings prescribed by this subdivision unless, since its last preceding meeting, it actually has received one or more applications for absentee ballots which it has not passed upon. When no meeting is to be held for this reason, the chairman shall notify each of the other members of the county board of elections that the scheduled public meeting will not be held and state the reasons for its cancellation.

b. Procedure at required meeting; making determination. At each public meeting of the county board of elections the chairman shall present for consideration, and the board shall pass upon, the validity of all applications for absentee ballots received since its last preceding public meeting held for that purpose. In connection with each application received by mail the chairman shall also present the container-return envelope in which the application was received. At each such meeting any registered voter of the county shall be heard and allowed to present evidence in opposition to, or in favor of, the issuance of absentee ballots to any voter making application for them.

The county board of elections may consider the registration records as evidence of the voter's signature, if available, and as any other evidence that may be necessary to pass upon such an application, including the party affiliation of a voter seeking to vote in a primary.

If the board finds that the applicant is a qualified voter of the county, that he is registered in the precinct stated in his application, that the assertions in his application are true, and that his application is in proper form, it shall approve his application for absentee ballots.

c. Record of board's determination; decision final. At the time the county board of elections makes its decision on an application for absentee ballots, the chairman shall enter in the appropriate column in the register of absentee ballot applications and ballots issued opposite the name of the applicant a notation of whether his application was 'Approved' or 'Disapproved'.

The decision of the board on the validity of an application for absentee ballots shall be final subject only to such review as may be necessary in the event of an election contest.

(3) Delivery of absentee ballots and container-return envelope to applicant. When the county board of elections approves an application for absentee ballots, the chairman shall promptly issue and transmit them to the voter only, and not to his near relative, in accordance with the following instructions:

a. On the top margin of each ballot the applicant is entitled to vote, the chairman shall write or type the words 'Absentee Ballot No. _____' and insert in the blank space the number assigned the applicant's application in the register of applications for absentee ballots and ballots issued. He shall not write, type, or print any other matter upon the ballots transmitted to the absentee voter.

b. The chairman shall fold and place the ballots (identified in accordance with the preceding instruction) in a container-return envelope and write or type in the appropriate blanks thereon, in accordance with the terms of G.S. 163-229(b), the absentee voter's name, his application number and the designation of the precinct in which the voter is registered. The chairman shall leave the container-return envelope holding the ballots unsealed.

c. The chairman shall then place the unsealed container-return envelope holding the ballots together with printed instructions for voting and returning the ballots, in an envelope addressed to the applicant at the post office address stated in his application, seal the envelope, and mail it at the expense of the county board of elections, or deliver it to the applicant in person: Provided, that in case of approval of an application received after 5:00 p.m. on the Wednesday before the election under the provisions of G.S. 163-227(b)(3), in lieu of transmitting the ballots to the applicant in person or by mail, the chairman may deliver the sealed envelope containing the instruction sheet and the container-return envelope holding the ballots to a near relative of the voter.

"§ 163-231. *Voting absentee ballots and transmitting them to chairman of the county board of elections.*—(a) Procedure for voting absentee ballots. In the presence of an officer authorized to administer oaths, having an official seal, the voter shall:

(1) mark his ballots, or cause them to be marked in his presence according to his instructions;

(2) fold each ballot separately, or cause each of them to be folded in his presence;

(3) place the folded ballots in the container-return envelope and securely seal it, or have this done in his presence;

(4) make and subscribe the affidavit printed on the container-return envelope according to the provisions of G.S. 163-229(b).

The officer administering the oath shall then complete the form on the container-return envelope and affix his seal, if any, in the place indicated. When thus executed, the sealed container-return envelope, with the ballots enclosed, shall be transmitted in accordance with the provisions of subsection (b) of this section to the chairman of the county board of elections who issued the ballots.

In the case of voters who are members of the armed forces of the United States, as defined in G.S. 163-245, the signature of any commissioned officer or noncommissioned officer of the rank of sergeant in the army, petty officer in the navy, or equivalent rank in other branches of the armed forces, as a witness to the execution of any certificate required by this or any other section of this Article to be under oath shall have the force and effect of the jurat of an officer with a seal fully authorized to take and administer oaths in connection with absentee ballots.

(b) Transmitting executed absentee ballots to chairman of county board of elections. The sealed container-return envelope in which executed absentee ballots have been placed shall be transmitted to the chairman of the county board of elections who issued them as follows: All ballots issued under the provisions of Articles 20 and 21 of this Chapter shall be transmitted by mail, at the voter's expense, or delivered in person, or by the voter's spouse, brother, sister, parent, grandparent, child or grandchild not later than 5:00 p.m. on the day before the statewide primary or general election or county bond election. If such ballots are received later than that hour, they shall not be accepted for voting.

"§ 163-232. *Certified list of executed absentee ballots, distribution of list.*— The chairman of the county board of elections shall prepare, or cause to be prepared, a list in at least quadruplicate, of all absentee ballots returned to the county board of elections to be counted, which have been approved by the county board of elections. (2) The county board of elections shall meet at 5:00 p.m. on election day in the board office or other public location in the county courthouse for the purpose of counting all absentee ballots except those which have been challenged before 5:00 p.m. on election day. A certified copy of the order (or judgment of the court) shall be filed in the office of the Register of Deeds of New Hanover County.

(b) Any person aggrieved by the closing of any public street or alley may appeal the council's order to the General Court of Justice within 30 days after its adoption. The court shall hear the matter de novo, and shall have full jurisdiction to try the issues arising and to order the public street or alley closed upon proper findings of fact by the jury. No cause of action or defense founded upon the invalidity of any proceedings taken in closing any public street or alley may be asserted, nor shall the validity of the order be open to question in any court upon any ground whatever, except in an action or proceeding begun within 30 days after the order is adopted.

(c) Upon the closing of a public street or alley in accordance with this section, all right, title, and interest in the right-of-way shall be conclusively presumed to be vested in those persons owning lots or parcels of land adjacent to the public street or alley and the title of such adjoining landowners, for the width of the abutting land owned by them, shall extend to the centerline of the public street or alley.

(d) This shall apply to any public street or alley that has been irrevocably dedicated to the public, without regard to whether it has actually been opened.

(e) The resolution ordering the closing of the public street or alley may provide for utility rights-of-way to be retained by the city or public utility company, if needed.

(f) No public street or alley under the control of the Board of Transportation may be closed unless the Board of Transportation consents thereto.

(g) A fee shall be paid to the city by the applicant upon and regardless of the final action by the city council, to cover the cost of advertising and other administrative expenses incurred for the closing of the public street or alley.

"ARTICLE XVII.

"Establishment of Proposed Street Lines.

"Sec. 17.1. Authorized; notice and hearing. Whenever in the opinion of the city council, it is for the best interest of the city that any street should be widened or extended, or both, or that a new street should be widened or extended, or both, or that such new street should be opened, or shall lay out in the ordinance the lines within which such streets should be widened, extended, or opened. If any street under the provisions of such ordinance is to be widened,

it need not be widened on both sides; and, if it is to be widened on both sides, the distance to be widened on both sides need not be the same. Any ordinance introduced for the purpose of widening, extending, or opening any street under the provisions of this charter, may not be adopted until the proposed ordinance is published in the newspaper published in the city and qualified to carry legal notices at least two times, on separate days, at least 10 days before the passage of the ordinance, or, if there be no such newspaper, posted in three public places in the city. There shall be posted or published with the ordinance a notice stating when property owners may be heard by the council. A public hearing on the question of the adoption of such ordinance shall be held prior to the passage of the ordinance. Council may refer the matter to the Wilmington-New Hanover Planning Commission for study and recommendations, but no public hearing shall be necessary before the planning commission.

"Sec. 17.2. Notice to city prerequisite to improvement in proposed street lines. After the passage of such ordinance, it shall be unlawful for any land within the proposed street lines established by such ordinance to be built upon or improved, or for any part of any existing building within such lines to be repaired or otherwise improved until the city shall have been given an opportunity to purchase or otherwise acquire such property for street purposes as provided in this charter. To that end, any person proposing to build upon such land or to make repairs or improvements to that part of any existing building situated thereon shall, in writing, notify the city council of the nature and estimated cost of such building, repairs, or improvements. The council shall then determine whether it will take the necessary steps to acquire such property prior to the construction of such building or the making of such repairs or improvements and if it fails from 60 days from date of receipt of such notice to acquire, or to institute condemnation proceedings to acquire such property, the owner or other person giving such notice may proceed to erect the building in accordance with the ordinances and regulations of the city, or to make the repairs or improvements described in such notice.

"Sec. 17. 3. Failure to give notice bars recovery for improvements. If any person, firm, or corporation builds upon any land included within proposed street lines, or repairs or otherwise improves that part of any existing building within the proposed street lines without giving the city an opportunity to acquire such land free from such improvements, as provided in the preceding section, the city shall not be required to pay for the value of the building, repairs, or improvements in any proceedings subsequently brought to acquire such land for the purpose set out in the preceding section.

"Sec. 17.4. Acquisition of land prior to improvement. If upon receiving a notice in compliance with Section 17.2 the city council determines to acquire such land immediately, it may acquire the same by grant, purchase, or condemnation. In no case shall an effort to purchase such land be necessary to the institution of condemnation proceedings. If the council determines to proceed by condemnation, the condemnation shall be as set forth in this charter.

"Sec. 17.5. Cost of land acquired to be assessed as part of improvements. After any land has been purchased or condemned for the purpose of widening, extending, or opening any street, and land purchased or condemned lies within the limits of an improvement directed in such proceedings, then the amount paid by the city for the land purchased or condemned, together with the cost of

the condemnation proceeding and interest on such amount paid and costs at the rate of six percent (6%) per annum from the date of payment, shall be included in the cost of such improvement and shall be assessed as provided by law against the property to be assessed for the improvements.

"Sec. 17.6. Exercise of condemnation power after failure of city to acquire following notice of improvement. The failure of the city to acquire any land within 60 days after receiving notice that the same is to be built upon, or that a building thereon is to be repaired or otherwise improved, or its failure within such time to institute proceedings to condemn same, shall not limit the right of the city at any subsequent time to condemn the same; but in such case the owner shall be entitled to compensation as now provided by law for the building, repairs, or improvements made after the giving of the required notice and the failure of the city to acquire such land free of such improvements.

"ARTICLE XVIII.

"Eminent Domain.

"Sec. 18.1. Authority of city generally; interest acquired; proceedings against infants. The City of Wilmington shall possess the power of eminent domain, and may acquire, either by purchase or condemnation, any land, right of access, right-of-way, water right, privilege, easement, or any other interest in or relating to land or water, including the dwelling house, yard, kitchen, garden or burial ground of any person, without regard to the limitations of Section 40-10 of the General Statutes of the State, either within or beyond the city limits, including and limited to a right-of-way in and across lands owned and held as right-of-way by a railroad or other public utility company; provided, that the operation of such railroad or other public utility company may not be impaired unreasonably thereby, for any lawful public use or purpose. Unless otherwise expressly provided in the condemnation resolution a fee simple title shall pass to the city upon the condemnation of any such interests. In any case where the owner of land to be condemned or any interest therein is a minor, an insane person, or otherwise under any disability, any notice hereinafter required by this division to be served upon such owner shall be served upon his guardian, and service upon such guardian shall be sufficient without service on the minor, insane person, or person under disability. Thereafter such guardian may exercise, on behalf of his ward with respect to such condemnation proceeding, all the powers conferred upon such person as owner. Water rights, or other interests relating to water, may be condemned under the procedure set forth in this division for the condemnation of land, and the interests therein.

"Sec. 18.2. Effort to purchase not prerequisite to condemnation. It shall not be necessary to the condemnation by the city of any land or interest therein, whether pursuant to this division or otherwise, that the city shall have attempted to acquire the needed land by grant or purchase prior to the commencement of the condemnation proceedings.

"Sec. 18.3. Resolution proposing condemnation. (a) When any land required by the city for any purpose allowed by this charter, or the general law of the State is proposed to be condemned under the specific provisions of this charter, the city council shall adopt a resolution which shall contain substantially the following provisions:

(1) A description of the land proposed to be condemned in fee, or of the interest or easement proposed to be condemned.

(2) If there is any building or other property situated wholly, or partly upon the land to be condemned, the determination of the city council as to whether the owner shall be allowed to remove such property, or whether the same shall be condemned.

(3) A statement of the purpose for which said land or easement is proposed to be condemned.

(4) The name and address of the owner, or owners, of said land and of any other person or persons interested therein whom it is necessary to make a party to the proceeding.

(5) The name of a disinterested freeholder of the city, appointed as appraiser by the city council.

(6) A notice that the owner, or owners, of such land, or interest therein, or a majority in interest of such owners, may, within 15 days of service of such resolution upon all of them, appoint one appraiser, who shall be a disinterested freeholder of the city to represent them, the name of which appraiser shall be reported in writing to the city clerk within such 15 days.

(7) A notice that the appraiser appointed by the city, and the appraiser appointed by the owner or owners, or if the owner or owners fail to appoint, then the two appraisers appointed by the city, shall appoint a third appraiser, and the three thus appointed shall constitute a board of appraisers, whose duty it shall be to determine the damages and benefits which will result from the condemnation of such land or easement or interest therein.

(8) A notice of the time fixed for the first meeting of the appraisers, and if such meeting will be held upon the premises to be condemned.

(b) It shall not be necessary to institute separate condemnation proceedings against the several owners of tracts or parcels of land affected by proposed local improvements.

"Sec. 18.4. Service. A copy of the resolution proposing condemnation shall be personally served upon each of the owners of land proposed to be condemned; provided, that if the resolution cannot be personally served upon any of the owners then it may be served by publication once a week, for two successive weeks in some newspaper published in the city, which is qualified to carry legal notices, or, if there be no such newspaper, by posting in three public places in the city.

"Sec. 18.5. Failure of owners to appoint appraisers. If within 15 days after service of the resolution upon all of the owners, they, or a majority in interest of them, fail to appoint an appraiser and to report his name to the city clerk, the city council shall appoint a disinterested freeholder of the city to represent them.

"Sec. 18.6. Appointment of third appraiser; oath of appraisers. The appraiser appointed by the city council and the appraiser appointed by the property owner, or owners, or if the owner, or owners, fail to appoint, then the two appraisers appointed by the city council, shall appoint a third appraiser, who shall be a disinterested freeholder of the city, and shall report his name to the city clerk. Each appraiser shall take an oath or affirmation that he will fairly and impartially discharge his duties as an appraiser.

"Sec. 18.7. First meeting of appraisers. At the time fixed by the resolution of condemnation, the appraisers shall meet on the premises to be condemned. If,

for any reason the meeting cannot be held at the time fixed by the appraisers, in which case notice of the time and place of the meeting shall be personally served, then it may be served by publication once a week for two successive weeks in some newspaper published in the city which is qualified to carry legal notices, or, if there be no such newspaper, by posting in three public places in the city. The notice, whether given personally, by publication, or by posting, shall be served not less than five days prior to the date of the hearing. At the first meeting the appraisers shall view the premises affected by the proposed condemnation; and shall hear, but need not reduce to writing, any evidence as to damages and benefits that will result from the proposed condemnation presented by the owners or by the city. The appraisers shall make their report at, or after the hearing, or they may, in their discretion, hold subsequent meetings.

"Sec. 18.8. Subsequent meetings of appraisers; when notice required. Subsequent meetings of the appraisers shall be held at such time and places as may be determined by them. Of such meetings no notice need be given, either to the owners or to the city, unless such meetings are to be public and for the purpose of hearing evidence. If held for such purpose, then unless such meeting is held at a time and place to which a former meeting of which the parties had lawful notice was adjourned, notice of the meeting shall be personally served upon all parties, or, if such service cannot be personally served, it may be served by publication once a week for two successive weeks in a newspaper published in the city, which is qualified to carry legal notices, or, if there be no such newspaper, by posting in three public places in the city. The notice shall be served, or publication or posting thereof completed not less than five days prior to the time fixed for the meeting.

"Sec. 18.9. Determination of damages and benefits; report. Determining the compensation to be paid by the city for the land or easement condemned, the appraisers shall take into consideration both the loss or damage which will result to the owners from the condemnation of the land or easement and the benefits that will result to any remainder of such land from the improvement for which the land or easement is to be condemned, the benefits to include both benefits for advantages special to the land, and benefits or advantages to the land, in common with other lands affected by the improvement. The appraisers shall also take into consideration the value of any building or other property situated upon the land proposed to be condemned, if the owner is to be allowed to remove the building or other property, and the value thereof shall not be included in the compensation award. Having determined damages and benefits, the appraisers shall make their report to the city council, in which report the appraisers shall show separately the amount of damages, the amount of benefits, and the amount which shall be paid by the city if it finally condemns the land or easement. In the event the property condemned is subject to a recorded lease, or leases, the appraisers shall apportion the award between, or among, the person or persons owning fee or fees and the person or persons owning the sole interest or interests; but in no event shall the total of the amount so apportioned exceed the value of the property were it not subject to a recorded lease or leases. The report shall be sufficient if it is concurred in by two of three appraisers. In the event that no two of the three appraisers can agree upon an appraisal, three new appraisers may be appointed in the same

manner as the original appraisers, and the new appraisal board shall follow the same procedure as required of the original appraisal board.

"Sec. 18.10. Action of council on report of appraisers. Within 30 days after the report of the appraisers is submitted to the city council, the council shall determine what action it will take thereon. If the council determines to abandon the proposed condemnation, it shall adopt a resolution to that effect; but the abandonment of the condemnation shall not prevent the city council from thereafter instituting a proceeding to condemn the same land or easement. If the council determines to condemn the land or easement, it shall adopt a resolution which shall contain substantially the following:

(1) A recital that a board of appraisers has been appointed to determine the compensation to be paid for the land or easement, as provided by this charter, and that the appraisers have submitted a report to the council.

(2) A statement of the amount of damages and benefits as fixed by the appraisers and of the compensation to be paid by the city for the land or easement condemned as fixed by the appraisers.

(3) The determination of the council as to the condemnation of the land or easement.

(4) A description of the land condemned in fee, or of the easement condemned.

(5) A statement of the purpose for which the land or easement is condemned.

(6) The name of the owner or owners of the land and of other persons interested therein who were made parties to the proceeding.

(7) The determination of the council as to the time when the city will take possession of the land or easement condemned, and a direction that such premises shall be vacated by such time, and, in case the owner is allowed to remove any building or part thereof, or any other property on the premises, a direction that such property shall be removed before said date and that if the owner fails to remove the same within such time, the council will have the same removed and the cost thereof shall be a lien upon the remainder of the property.

"Sec. 18.11. Vesting of title in city. The adoption by the city council of a final resolution of condemnation, as provided in the preceding section shall have the effect of a judgment against the City of Wilmington for the amount of compensation fixed by the appraisers, and shall vest in the city title to the land or easement condemned.

"Sec. 18.12. Appeal to superior court. If upon the adoption by the city council of a final resolution of condemnation, either the owner of the land or easement condemned or the city council itself is dissatisfied with the amount of the compensation to be paid for such land or easement as fixed by the appraisers, such owner, or the city, or both may, within 10 days after the date of the adoption of such resolution, appeal to the Superior Court of New Hanover County. The party, or parties, appealing shall, within such 10 days, give notice of appeal to the other party by personal service if practicable and, if not, by publication of a notice one time in a newspaper published in the city, which is qualified to carry legal notices. The appeal, or appeals shall not interfere with the vesting in the city of title to the land or easement condemned or hinder the city in any way in proceeding with the improvements for which such land or easement was condemned, except that if the land or interest therein is owned by another public or quasi-public body, or by a railroad or public utility company,

the vesting of title in the city shall not become effective until the court has rendered final judgment on the question of whether the condemnation by the city is in the public interest, and has determined the amount of compensation to be awarded for the condemnation, in which case the court may, in its discretion, reduce the amount of land, or interest therein, which it shall allow to be condemned.

"Sec. 18.13. Record upon appeal. Upon the appeal taken by either party, the city clerk shall certify a copy of the record in the condemnation proceeding to the Superior Court of New Hanover County, and such appeal shall be tried as other actions at law. The record upon appeal shall be composed of the preliminary resolution of condemnation, the oath of appraisers, the report of appraisals, the final resolution of condemnation, and the notice, or notices of appeal. The record upon appeal, or any part thereof, shall be competent as evidence upon the trial of an appeal.

"Sec. 18.14. Condemnation before determination of compensation. When, in the judgment of the city council, the public interest requires that the city enter into immediate possession of any land, it shall adopt a resolution stating such necessity, and the reason therefor, and condemning the required land or easement, and providing for the determination of the compensation to be paid by the city for the land or easement. The procedure therefor with respect to determination of such compensation shall follow as closely as practical the provisions of this Article, or of the provisions of general law concerning 'Eminent Domain'. This section shall not apply to land, or interest therein, owned by another public or quasi-public party, or railroad or public utility company.

"Sec. 18.15. Registration of condemnation proceedings. In any case where any land or easement therein has been, or may hereafter be condemned by the city council, a copy of so much of the condemnation proceedings as may be necessary to show the land or easement therein condemned and the condemnation thereof shall be certified by the city clerk and the same, upon being probated by the clerk of the superior court, or other person authorized by law to probate instruments for registration, shall be registered in the office of the Register of Deeds of New Hanover County.

"Sec. 18.16. Sale or other disposition of land condemned. When any land condemned in fee by the city is no longer needed for the purpose for which it was condemned, the same may be used by the city for any other public purpose, or may be sold or otherwise disposed of according to law.

"Sec. 18.17. Removal by city of structures on condemned land; lien. When any property upon which any building or other structure is wholly or partly located, is condemned by the city under the provisions of this charter, or any other law, and the owner is allowed to remove such building or structure, or part thereof, the city council may, after the report of the appraisers has been made, name the time within which the owner may remove the building or structure, or part thereof, and if the owner fails to remove the same within such time, the council may remove the same and the cost thereof shall be a lien upon the remainder of the land, or such cost may be recovered by the city in any court of competent jurisdiction.

"Sec. 18.18. Procedure not exclusive. The condemnation procedure set forth in this division shall not be exclusive, but shall be in addition to any other procedure provided by law.

"Sec. 18.19. Procedure not applicable outside New Hanover County. The condemnation procedure set forth in Article 2 of Chapter 40 of the General Statutes of North Carolina, and not the procedure set forth in this division, shall be applicable to the exercise of the power of eminent domain by the city for the condemnation of any land, right of access, right-of-way, water right, privilege, easement, or any other interest in or relating to land or water which is, or are, located outside of the geographic boundaries of New Hanover County.

The City Council of the City of Wilmington shall have authority to make local improvements described in this charter, to undertake same without assessment, or to assess the cost of such local improvements against the benefited property. The procedure set forth in this division shall not be exclusive, but shall be in addition to any other procedure provided by law, specifically that procedure contained in Article 10, Special Assessments, Sections 160A-216 through 160A-236, of the General Statutes of North Carolina, as they now exist or may hereafter be amended.

"Sec. 19.4. Inclusion of more than one improvement in single proceeding. (a) Any proceeding may include one or more local improvements on one or more streets, but all improvements included in one procedure shall be practically uniform in cost and kind. A petition may include the improvements on only one side of a street.

(b) The petition may provide for making any one or more local improvements in or on a street or streets and for the assessment of the cost thereof, except the city's portion, wholly against the property abutting one side of such street or streets or otherwise against such abutting property as may be designated in the petition in any of the following cases:

(1) Any case where there is park land or unimproved land abutting one side, or a part of one side, of a street.

"Sec. 19.5. Petition generally, certificate sufficiency. (a) Except as otherwise provided in subsection (b) of this section, the petition for any local improvements shall designate by a general description the improvements proposed, and shall request that such proportion of the cost of each of such improvements as may be specified in the petition be specially assessed against the abutting property on the street or streets or part thereof in which or on which such improvements are proposed to be made. The petition shall be filed with the city attorney.

(b) (1) In any case where the improvement is to be made on one side of a street only, the petition shall request that the assessment be made only against the property abutting that side of the street whereon the improvement is to be made.

(2) In any case where it is proposed to assess the cost of any local improvement covering the entire width of a street against the land abutting one side of the street only or against any lands less than all of those abutting the improved portion of the street, such petition shall designate the lands to be assessed.

(c) Except as otherwise provided in subsection (d) of this section, the petition shall be signed by at least a majority in number of the owners, which majority must own at least a majority of all the lineal feet of frontage, of the lands abutting the street or streets or part of a street or streets proposed to be improved, excluding the street intersections.

(d) (1) A petition for the making of local improvements on one side of the street only need be signed only by a majority in number of the owners of land abutting the side of the street whereon such improvement is to be made, which majority must own at least a majority of all the lineal feet of

(e) (1) For the purpose of the petition, all of the owners of undivided interests in any lands shall be deemed and treated as one person and such lands shall be sufficiently signed for when the petition is signed by the owner or owners of a majority in amount of such undivided interest.

(2) For the purpose of this section the word 'owner' shall be considered to include the owners of any life estate, of any estate by entirety, or of the estate of inheritance, and shall not include mortgages, trustees of a naked trust, trustees under deeds of trust to secure the payment of money, lienholders, or persons having inchoate rights of courtesy or dower.

(f) Upon the filing of such petition, the city attorney shall investigate the sufficiency of the petition, and if it is found to be sufficient, he shall certify the same to the council.

"Sec. 19.6. When petition unnecessary. (a) City to pay cost. No petition shall be necessary for the making of any local improvements for which the city bears the entire cost without assessment.

(b) Benefit of least equal to assessment. If, in the judgment of the city council, the abutting property to be assessed will be benefited in an amount at least equal to the assessment, no petition for local improvement shall be necessary in the cases set forth in subsections (c) through (g) of this section.

(c) Street paving improvements. When, in the judgment of the council:

(1) Any street or part of a street is unsafe; or

(2) The improvement of a street or part of a street not more than three blocks in length is necessary to connect streets already paved; or

(3) The proportion of the cost of the improvements to be assessed and the terms of payment.

(4) A statement of the time and place of the public hearing on the proposed improvements.

(5) A statement that all objections to the legality of the making of the proposed improvements shall be made in writing, signed in person or by attorney, and filed with the city clerk at or before the time of the hearing, and that any objections not so made will be waived.

(b) The notice shall be published one time in a newspaper published in the city which is qualified to carry legal notices, or if there be no such newspaper, the city clerk shall cause it to be posted in three public places in the city, the date of the publication or posting to be not less than 10 days prior to the date fixed for the hearing. A copy of the notice shall be served upon the owners of the lands subject to assessment for such improvements if such owners can be found with reasonable diligence within the city. If any such owner cannot with reasonable diligence be found within the city, then a copy of the notice shall be mailed to his address as nearly as the same can be ascertained with due diligence. The certificate of the person designated to serve or mail the notices that such notices were served or mailed shall be conclusive in the absence of fraud. The serving or mailing of notices shall be completed not less than five days prior to the date fixed for the hearing. The word 'owners' as used herein has the same meaning as in Section 19.5.

(c) At the time for the public hearing, or at some subsequent time to which such hearing shall be adjourned, the council shall consider objections to the legality of the improvements made in compliance with paragraph (5) of subsection (a) of this section, together with objections to the policy or expediency of the making of the improvements, and the council shall thereafter determine whether it will order the making of the improvements. Any objections to the legality of the making of the improvements not made in writing, signed in person or by attorney, and filed with the city clerk at or before the time or adjourned time of the hearing shall be considered as waived; and if any such objection shall be made and shall not be sustained by the council, the adoption of the resolution ordering the making of the improvements shall be final adjudication of the issues presented, unless within 10 days after the adoption of the resolution proper steps shall be taken in a court of competent jurisdiction to secure relief.

"Sec. 19.8. Resolution ordering improvements; publication. (a) After the public hearing, if the council determines to make the improvements proposed, it shall adopt a resolution which shall contain:

(1) If the improvements are to be made by petition, a finding by the council of such facts as are required in order to authorize improvements without petition.

(2) If the improvements are to be made without petition, a finding of the council of such facts as are required in order to authorize improvements without petition.

(3) A general description of the improvements to be made and the designation of the street or streets or parts thereof where the work is to be done.

(4) If the improvement directed to be made is the paving of a roadway or part thereof wherein a railroad company has tracks, a direction that such company pave that part of the street occupied by its tracks, the rails of the tracks, and 18 inches in width outside such tracks, with such material and in such manner as the city council may prescribe, and that unless such paving be completed on or before a day specified in the resolution, the city council will cause the same to be done and direct that assessment be made against the owning railroad company for the cost of such work.

(5) If the improvement directed to be made includes the construction of water mains or sewers, and in order to provide the mains or sewers in the street or streets to be improved it is necessary to extend them beyond the limits of the street or streets, the resolution shall contain a provision for the necessary extension of such mains and sewers and a further provision that the cost of such extension shall eventually be assessed against the lots or parcels of land abutting the street or streets in which such extensions are made but that assessments shall not be made until such time as the council shall thereafter determine by appropriate resolution.

(6) If the improvement directed to be made is the paving of a roadway or part thereof, or the construction of sidewalks, the resolution may, but need not, contain a direction that the owner of each lot abutting the part of the street to be improved, connect his lot by means of laterals with water mains, or sewer pipes, or any one or more thereof located in the street adjacent to his premises in accordance with the requirements governing the laying of laterals, and that unless the owners cause laterals to be laid on or before a date specified in the resolution, the date to be not less than 30 days after the date of the resolution, the council will cause the same to be laid.

(7) A designation of the proportion of the cost of the improvements to be assessed against abutting property, and of the number of equal annual installments in which assessments may be paid.

(b) The resolution after its passage shall be published at least once in some newspaper published in the city which is qualified to carry legal notices, or, if there be no such newspaper, the resolution shall be posted in three public places in the city for at least five days; except, that in any case where the council directed that the notice should be served or mailed instead of being published,

the resolution ordering the improvements need not be either published or posted.

"Sec. 19.9. Upon the advice of the Department of Public Works and Engineering and Services, the city council shall have power to determine the character and type of construction and of material to be used and to determine any other details of plan or construction necessary to be determined in making any local improvements and to determine whether any work to be done by the city shall be done by contract or by city forces. The council shall have power also, unless otherwise limited, to determine the number of water and sewer laterals that shall be laid to any lot on any street to be improved. If the work, or any part thereof, is to be done by contract, the council may let all of the work in one contract, or it may divide it into several contracts, and may let contracts separately.

"Sec. 19.10. Determination as to cost of improvements. Upon completion of the improvements, the city council shall ascertain the total cost. In addition to other items of cost, there may be included therein the cost of all necessary legal services, the amount of interest paid during construction, the amount of damages paid or to be paid for injury to property by reason of any change of grade or drainage, including court costs and other expenses incidental to the determination of damages, and the cost of retaining walls, sidewalks or fences built or altered in lieu of cash payment for property damage, including the cost of moving or altering any building, and the cost of acquisition of right-of-way which is necessary for the improvement. The determination of the council as to the total cost of any improvement shall be conclusive.

"Sec. 19.11. Preliminary assessment. (a) Having determined the total cost, the council shall make a preliminary assessment. The preliminary assessment shall be advisory only and shall be subject to modification. Except as otherwise provided in subsection (b) of this section, the preliminary assessment shall be as follows:

(1) Roadway paving. No assessment shall be levied for the following costs:

(A) The cost incurred at public street or alley intersections.

(B) On streets abutting residential property, that cost of pavement in excess of 30 feet in width, exclusive of curb and gutter, which cost shall be borne by the city.

Fifty percent (50%) of the cost of any roadway paving improvement (excepting A and B above) shall be specially assessed against the lots and parcels of land abutting the street containing the roadway paved, according to the frontages thereon, by an equal rate per foot of frontage, except that, where the petition so requested, the entire cost shall be assessed against the lands on one side of the street only, or against such lands as were designated in the petition.

In lieu of the above stated rate of assessment of 50 percent (50%) of the cost, the council may designate a uniform cost per front foot to be assessed for pavements installed during a certain period of time.

For the purpose of assessing for roadway pavement on a residential street, a 30-foot wide street (exclusive of the width of curb and gutter) shall be deemed sufficient for ingress and egress to residential property. An assessment covering the cost of construction, reconstruction, or widening of a street abutting residential property shall not be greater than would have been necessary to provide this 30-foot wide street. In computing the assessment, the property owner shall be charged with the cost of the curb and gutter plus the roadway

construction costs for a 30-foot wide pavement. This provision has no application to the assessment of the costs of sidewalks or driveways, the cost of which improvements are to be assessed entirely or partially to the abutting frontage, or to storm or sanitary sewers or water mains, which costs are to be assessed as provided under paragraph (2) of subsection (a) of this section.

(2) Water mains and sewers. The cost of not exceeding an eight-inch water main, and an eight-inch sanitary sewer main, and not exceeding a 30-inch storm sewer main shall be assessed against the abutting property. Such costs shall be assessed against the lots and parcels of land according to their respective frontages thereon by equal rate per foot of such frontage. If a water main in excess of eight inches, a sanitary sewer main in excess of eight inches in size, or a storm sewer in excess of 30 inches in size is laid, the excess cost shall be borne by the city. If the resolution ordered the construction of any pumping station, outfall, septic tank or disposal plant, no part of the cost of the same shall be specially assessed. Nothing contained herein shall be constructed to limit the power of the council to contract with any property owner or owners for the construction of any pumping station, outfall, septic tank or disposal plant or for the construction of water mains or storm or sanitary sewers and for the assessment of the cost thereof according to the terms of such contract. The entire cost of each water and sewer lateral shall be specially charged against the particular lot or parcel of land for or in connection with which it was constructed, except that assessments shall be calculated as if the lateral were laid from the center of the street. The cost of installing storm sewers may, however, be assessed as part of the cost of roadway paving.

(3) Sidewalks. The total cost of constructing or reconstructing sidewalks shall be assessed against the lots and parcels of land abutting that side of the street upon which the improvement is made according to their respective frontages thereon by an equal rate per foot of such frontage, the lots within a block being deemed to abut upon a sidewalk although the latter extends beyond the lot to the curb line of an intersecting street. The total cost of constructing portions of driveways within the street area shall be assessed against the lots for which they are constructed.

(4) Grass plots. The entire cost of grading or otherwise improving or of planting the grass plots in any street or part thereof shall be assessed against the lots and parcels of land abutting the street or part thereof where or whereon the improvements are made by an equal rate per front foot of such frontage; provided, that this subsection shall be construed to mean that when a grass plot in any street is graded or planted or otherwise improved, the cost thereof shall be assessed against all of the property abutting the street within the block where such grass plot is located.

(b) If the petition (or the resolution in those cases where the improvement was ordered made without petition) specified that there should be specially assessed against the abutting property a smaller portion of the cost of any improvement than that set forth in paragraph (2) of subsection (a) of this section, there shall be assessed against the abutting property only a proportion of the cost as was specified in the petition or in such resolution. No restriction

or denial of access to an abutting street shall affect the levy or collection of any assessment for local improvements.

(c) The cost of paving, water, sewer, and sidewalk improvements upon, in, or to any portion of a right-of-way or any property owned by the State of North Carolina, any agency or subdivision thereof, shall be assessed against the right-of-way or property and shall be paid by the State, its agency or subdivision.

"Sec. 19.12. Corner lot exemptions. The council shall have authority to determine the amount and applicability of assessment exemptions for corner lots, and to distinguish between different classifications of property uses. The exemptions for paving sidewalk, and storm sewer improvements shall not exceed 60 feet and shall be limited to residential uses, and the exemptions for water mains and sanitary sewers shall not exceed 150 feet for residential uses and 100 feet for business uses. If the corner formed by two intersecting streets is rounded into a curve or is foreshortened for the purpose of providing sight distance or for any other purpose of construction, the frontage for assessment purposes shall be calculated to the midpoint of the curve or foreshortened corner.

"Sec. 19.13. Preliminary assessment roll. The city council shall cause to be prepared a preliminary assessment roll, on which shall be entered a brief description of each lot, the name or names of the owner or owners of each lot, as far as the same can be ascertained; provided, that a map of the improvements on which is shown frontage and location of each affected lot, together with the amount assessed against each lot and the name or names of the owner or owners thereof, as far as the same can be ascertained, shall be a sufficient assessment roll. If the resolution directed the making of more than one improvement, a single preliminary assessment roll for all the improvements authorized by such resolution shall be sufficient but the cost of each improvement to each lot affected shall be shown separately. After the preliminary assessment roll has been completed, it shall be filed in the office of the city clerk, and there shall be published in some newspaper, published in the city, which is qualified to carry legal notices, or if there be no such newspaper, the city clerk shall cause to be posted in three public places in the city, a notice of the completion of the assessment roll, setting forth a description in general terms of the improvements, the amount of each assessment, and stating the time fixed for the meeting of the city council for the hearing of objections to the special assessments, such meeting to be not earlier than 10 days after the first publication, or from the date of posting of such notice. Any number of assessment rolls may be included in one notice. In any case where the preliminary notice was served or mailed, instead of being published, this notice need not be published or posted, but may be served or mailed. The serving or mailing of notices shall be completed not less than five days prior to the date fixed for the hearing of the assessment roll, and the return of the person serving or mailing the same shall, in the absence of fraud, be conclusive that the same was served or mailed.

"Sec. 19.14. Hearing, revision and confirmation of preliminary assessment roll; lien. At the time appointed for that purpose, or at some other time to which it may adjourn, the city council shall hear objections to the preliminary assessment roll of all persons interested who may appear and offer proof in relation thereto. Then, or thereafter, the council shall either annul or sustain or modify in whole, or in part, the assessment, either by confirming the

preliminary assessment against any or all lots or parcels described thereon, or by cancelling, increasing or reducing the same, according to the special benefits which the council decides each of the lots or parcels has received or will receive on account of the improvements, except that assessments against a railroad or railroads, because of contract or franchise obligations shall be in accordance with such obligations. If any property is omitted from the preliminary roll, the council may place it on the roll and levy proper assessment. The council may thereupon confirm the assessment roll, and the assessment so confirmed shall be in proportion to the special benefits, except in the case of franchise obligations to railroads. Whenever the city council shall confirm assessments for local purposes, the city clerk shall enter on the council minutes and on the assessment roll the date, hour, and minute of confirmation the assessment shall be a lien on the property assessed, of the same nature and to the same extent as county and city taxes, and shall be superior to all other liens and encumbrances. After the assessment roll is confirmed, a copy of the same shall be delivered to the city-county tax collector.

"Sec. 19.15. Appeal to superior court. If the owner of, or any person interested in, any lot or parcel of land against which an assessment is made is dissatisfied with the amount of the assessment, he may, within 10 days after the confirmation of the assessment roll, give written notice to the city council that he takes an appeal to the Superior Court of New Hanover County, in which case he shall, within 20 days after the confirmation of the assessment roll, serve on the mayor or city clerk a statement of facts upon which he bases his appeal. The appeal shall be tried as other actions at law. The remedy herein provided for any person dissatisfied with the amount of the assessment against any property of which he is the owner, or in which he is interested, shall be exclusive.

"Sec. 19.16. Power to correct error in assessment. If it shall appear, after confirmation of any assessment roll, that an error has been made, the city clerk shall cause to be published one time in some newspaper published in the city, or if there be no such newspaper, the city clerk shall cause to be posted at three public places in the city, a notice referring to the assessment roll in which error was made, naming the owner or owners of the lot or parcel of land affected by the error, if the same can be ascertained, and naming the time and place fixed for a hearing by the council for the correction of the error, such meeting not to be earlier than 10 days from the publication or from the date of the posting of the notice. At the time fixed in the notice or at some subsequent time to which the council may adjourn, the council, after giving the owner or owners of the property affected, and other persons interested therein, an opportunity to be heard, may proceed to correct the error, and the assessment then made shall have the same force and effect as if it had originally been properly made. No notice and hearing shall be necessary if the correction does not increase an assessment against any property not owned by the city, or if all of the property owners affected by the correction waive notice in writing.

"Sec. 19.17. Reassessment. The city council shall have the power, when in its judgment there is any irregularity, omission, error or lack of jurisdiction in any of the proceedings relating thereto, to set aside the whole of the local assessment made by it, and thereupon make a reassessment. In such case there shall be included, as part of the cost of the improvements involved, all interest paid, or accrued on notes or certificates of indebtedness, or bonds issued by the

city to pay the expenses of such improvement. The proceedings shall, as far as practical, be in all respects as in the case of original assessments, and the reassessment shall have the same force as if it had originally been properly made.

"Sec. 19.18. Publication of notice of confirmation of assessment roll. After the expiration of 20 days from the confirmation of assessment roll, the city clerk shall cause to be published one time in some newspaper published in the city, which is qualified to carry legal notices, or, if there be no such newspaper, shall cause to be posted in at least three public places therein a notice that any assessment contained in the assessment roll may be paid at any time before the expiration of 30 days from the date of publication or posting of notice, without interest from the date of confirmation of the assessment roll, but that if such assessment is not paid in full within said time, all installments thereof shall bear interest at the rate to be established by the city council not to exceed the legal rate authorized by the General Statutes of North Carolina, from the date of confirmation of the assessment roll.

"Sec. 19.19. Payment of assessments in cash or by installments. The property owner or railroad company assessed shall have the option of paying for improvements in cash or in not less than two, or more than 10 equal annual installments, as may be determined in the resolution ordering improvements. If paid in installments, installments shall bear interest at the rate to be established by the city council not to exceed the legal rate authorized by the General Statutes of North Carolina, from the date of confirmation of the assessment roll. If any assessment is not paid in cash, the first installment, with interest, shall become due and payable 30 days after the publication or posting of the notice of confirmation, and one subsequent installment and interest shall be due and payable on the same day of the same month in each successive year until the assessment is paid in full; provided, however, that if the city council shall so direct, installments shall become due and payable on the same date when property taxes of the city are due and payable. If any installment with interest is not paid when due, it shall be subject to the same penalties as are now prescribed by law for unpaid taxes, in addition to the interest herein provided for. The whole assessment may be paid at any time by the payment of the full amount due with accrued interest.

"Sec. 19.20. Enforcement of payment of assessments. Upon the failure of any property owner to pay any installment when due and payable, all of the installments remaining unpaid shall immediately become due and payable, and property and rights-of-way may be sold by the city under the same rules, regulations, rights of redemption and savings as are now prescribed by law for the sale of land for unpaid taxes. Unpaid assessments, interest, and penalties owned by railroad companies and the State of North Carolina, its agencies or subdivisions, may be collected by writs of mandamus issued by the Superior Court of New Hanover County. Collection of assessments with interest and penalties may also be made by the city of proceedings to foreclose the lien of assessments as a lien for mortgages is, or may be, foreclosed under the laws of the State, and it shall be lawful to join in any bill for foreclosure any one or more lots or parcels of land, by whomsoever owned, if assessed for an improvement ordered by the same resolution, after default in payment of any installment. The payment of such installment, together with interest and penalties due thereon, before the lot or parcel of land, against which the same is

a lien, is sold, or such lien is foreclosed, shall bar the right of the city to sell the land or to foreclose the lien by reason of default.

"Sec. 19.21. Assessment of cost of water mains and sewer extensions. If the resolution ordering the making of any improvement, or improvements, included a provision for any necessary extension of a water main or sewer or sewers, beyond the limit of a street, or streets, at such time after the completion of such extension, or extensions, as, in the judgment of the city council, circumstances justify the assessment of the cost thereof, the council shall cause a preliminary assessment to be made and the procedure thereafter to be followed with respect to such assessment, and the force and effect thereof shall be as already prescribed for other assessments.

"Sec. 19.22. Apportionment of assessments. In any case where one or more special assessments have been made, and property has been, or is about to be subdivided, and it is desirable that the assessments be apportioned among the subdivisons of such property, the city council may, upon application by the owner or owners, apportion the assessments among the subidvisions. Thereafter, each subdivision shall be relieved of any part of the original assessment except the part apportioned to the subdivision, and the part of the original assessment apportioned to any subdivision shall be of the same force and effect as the original assessment.

"Sec. 19.23. Effect of change of ownership on proceedings. No change of ownership of any property or interest therein after the passage of a resolution ordering the making of a local improvement shall affect subsequent proceedings, and the improvement may be completed and assessments made therefor as if there had been no change in ownership.

"Sec. 19.24. Proceedings in rem. All proceedings for special assessments shall be proceedings in rem and no mistake or omission as to the name of any owner or persons interested in the lot or parcel of land affected thereby shall be regarded as a substantial mistake or omission.

"Sec. 19.25. Council may hold in abeyance certain water and sewer assessments. (a) The city council may provide by resolution that assessments levied against abutting lots or parcels of land for water main improvements, or sanitary sewer improvements, when in its opinion such improvements may not presently be used by the owner or owners of the abutting lots or parcels of land, may be held in abeyance without the payment of any interest thereon until such time as the council shall determine that any such assessment shall be paid in accordance with the terms set out in the confirming resolution. A part of the assessments, levied for the improvements herein set out on a street or streets, or portion thereof, may be held in abeyance as herein provided without holding all of such assessments in abeyance.

(b) All statutes of limitations, and particularly the statute of limitations provided for in Section 160-93 of the General Statutes of the State are hereby suspended during the time that any assessment is held in abeyance without the payment of interest as provided in subsection (a) of this section. Such time shall not be a part of the time limited for the commencement of action for the enforcement of the payment of any such assessment, and such action may be brought at any time within 10 years from the date of the adoption of a resolution by the council, determining that such assessment shall be paid in accordance with the original resolution confirming it.

(c) Nothing herein shall be construed to revive any right of action heretofore been barred by the statute of limitations.

"Sec. 19.26. If any lots or parcels of land abutting any local improvements are located outside the city limits, the city council may continue and delay the levy of assessments against such property until the city limits are extended to include such property, or the council may provide that no water or sewer service connections shall be made to such property, pending the annexation thereof, until all assessments thereon are paid. Upon annexation, if not paid prior thereto, the council may levy assessments for such local improvements against such property, and the procedure therefor shall be the same as provided in this charter. Nothing contained in this section shall be construed to prohibit or restrict the city council and a property owner from entering into an agreement for payments in lieu of assessments.

"Sec. 19.27. Procedure for street improvement and assessment of property abutting but located outside the city limits. In cases where the city limit line of the City of Wilmington runs along a street or road so that property on one side of the street or road lies within the corporate limits of the city, and the property on the other side of the street or road lies outside of such corporate limits, and a majority of all such property owners, owning a majority of the property abutting such street or road present a petition meeting the requirements of Article 10, Chapter 160A, of the General Statutes of North Carolina, requesting the improvement of such street or road, the city council may approve such petition, make the improvements requested, and assess the costs thereof against the property abutting both sides of such street or road in like manner, and to the same extent that it would be authorized to do if such street or road, and the property abutting thereon lay wholly within the corporate limits of the city.

"Sec. 19.28. Intervals of at least 10 years for permanent street improvements of particular property. Where permanent street improvements are made, the property bearing such assessments shall not be assessed for permanent street improvement again until after the expiration of 10 years from the date of the last preceding assessment.

"Sec. 19.29. Special procedure with regard to sidewalk and driveway repairs. (1) It shall be the duty of every property owner in the City of Wilmington to maintain the sidewalks and driveways abutting his property in good repair and in safe condition.

(2) The entire cost of the repair or reconstruction of sidewalks and driveways shall be paid by the abutting property owner.

(3) When a sidewalk or driveway is found to be in poor repair and of unsafe condition, the city manager, through the city engineer, shall notify the abutting owner thereof, and in such notice direct the owner to make the repair specified in the notice within 30 days after such notice has been personally served upon or sent by registered mail to such owner at his last known address, or published once in a newspaper of general circulation in the City of Wilmington if the owner's address is unknown. The owner, upon the receipt of such notice, may appeal to the city council from the direction of the city manager, or his agent; provided, that such appeal is taken within the 30-day period during which the repair is required to be made; and in event of appeal, no repair of the property shall be required until the city council has heard and acted upon the appeal. If the property owner shall fail to appeal to the city council or fail to make the

required improvement within the time set out in the notice, the city manager shall report such fact to the city council, and the city council may, by resolution, require the repair to be made and the cost thereof assessed against the abutting property, and such assessment shall constitute a lien upon the property superior to all other liens. Appeals to the superior court may be taken by any interested property owner within 30 days after the adoption of the resolution, but if no appeal is taken, the action of the city council shall be conclusive of the necessity of such repair.

If the cost of the improvement shall exceed one hundred dollars ($100.00), assessment against abutting property shall be made and collected in the same manner that assessment would be made for local improvements as provided by Article 9, Chapter 160, of the General Statutes of North Carolina. If the cost of the repair shall be less than one hundred dollars ($100.00), the assessment against abutting property shall be collected as taxes are collected and such assessments shall bear interest at the rate of six percent (6%) per annum from the date of the assessment until paid.

"Sec. 19.30. Grass plot and driveway maintenance. It shall be the responsibility of the abutting property owner to maintain any grass plot or diveway between the property line and the curb of a paved street.

"ARTICLE XX.

"Franchises.

"Sec. 20.1. Franchises for use of streets; limitation of period for which granted. No franchise for the use of streets, sidewalks, highways or other public property of the city shall be hereafter granted, extended or renewed for a longer period than 30 years.

"Sec. 20.2. Publication and reading of ordinance. No ordinance granting any franchise for the use of the streets, sidewalks, highways or other public property of the city shall be passed until the full text thereof shall have been published once in a newspaper published in the city, which is qualified to carry legal notices, at the expense of the applicant applying for such franchise, before the second reading of such ordinance. All such ordinances shall be read at three separate regular meetings of the city council and an 'aye' and 'nay' vote shall be taken and recorded on the second and third meetings. The rules shall not be suspended so as to pass any such ordinance in a shorter time.

"Sec. 20.3. Ordinance to provide reasonable time for completion of work. No ordinance granting any franchise for the use of the streets, sidewalks, highways or other public property of the city shall be passed unless some reasonable time limit shall be provided therein for the commencement and completion of the work authorized.

"Sec. 20.4. Terms and conditions of grant. The city council shall have the right to fix such terms and conditions upon which a franchise for the use of the streets, sidewalks, highways or other public property of the city shall be granted.

"Sec. 20.5. Franchise for construction of railroad on street conditioned on street maintenance. No franchise to construct and operate any railway upon any street in the city shall be granted except on the condition that the company owning and operating such railway shall keep up and maintain the street between and at least 18 inches on each side of every line of such railway and all space between tracks where such railway is double tracked.

"Sec. 20.6. Renewal of grants for construction or operation of utilities. The city council may, by ordinance and in the manner hereinbefore specified for granting franchises, renew any grant for the construction or operation of any utility not earlier than two years prior to its expiration, upon such terms as may be conducive to the public interest.

Sec. 20.7. How franchises for occupation of streets construed. All franchises or privileges for the occupation of the streets shall be strictly construed in favor of the city and no franchise or privilege shall be held to have been granted unless granted in clear and unmistakable terms.

"Sec. 20.8. Grant or renewal of franchise, subject to certain rights of city. The grant of every franchise or privilege as well as the renewal of every franchise or privilege shall be subject to the right of the city, whether in terms reserved or not, to make all regulations which shall be necessary to secure in the most ample manner the safety, welfare and accommodation of the public, including among other things the right to enact and enforce ordinances to acquire proper and adequate extensions of service and to protect the public from danger and inconvenience in the operation of any work or business authorized by the grant of the franchise, and the right to make and enforce all such regulations as shall be necessary to secure adequate, sufficient and proper service and accommodations for the people, and to insure their comfort and convenience without discrimination.

"Sec. 20.9. Revocable permits for laying spur tracks. Revocable permits for laying spur tracks across or along streets and public places to connect any steam, electric or other railroad with any warehouse, factory or other establishment needing switching facilities shall not be considered to be franchises, as that term is used in this charter, but such permits may be granted and revoked by the city council from time to time, in accordance with such terms and conditions as may be prescribed by general ordinance.

"Sec. 20.10. Grant for extension of public utilities. The city council may by ordinance grant to any individual, company or corporation operating a public utility or quasi-public utility the right to extend the appliances and service of such utility. All such extensions shall become a part of the aggregate property of the utility and shall be subject to all the obligations and reserved rights in favor of the city applicable to the property of the utility by virtue of the ordinance providing for its construction and operation. The right to use and maintain any such extension shall expire with the original grant of the utility to which the extension was made, or any renewal thereof.

"Sec. 20.11. Prohibition of exclusive or perpetual grants. No right to construct, maintain or operate any public utility in the City of Wilmington shall be exclusive or perpetual.

"ARTICLE XXI.

"Parks, Public Buildings and Other Public Property.

"Sec. 21.1. Vesting of title. Except as otherwise provided in this charter, the title to all parks, public buildings and other public property belonging to the city shall vest in the city.

"Sec. 21.2. Control and custody. All parks, public buildings and other public property belonging to the city shall be under the control and in the custody of the city council.

"Sec. 21.3. Use and regulation. The city council shall have power to pass proper ordinances for the regulation and management of all parks within the corporate limits of the city and the use of such parks by the public.

"Sec. 21.4. Officers responsible. Such officials, servants and agents as shall be needed to care for, manage and look after the parks, public buildings and other public property belonging to the city shall be appointed and their terms of office and compensation fixed as elsewhere provided in this charter.

"Sec. 21.5. Control of trees on public property. The city council shall have exclusive control of all trees upon the streets or public property of the city.

"ARTICLE XXII.

"Community Planning and Development Commission.

"Sec. 22.1. Authority to create commission. For the purpose of promoting the orderly growth, expansion and development of the City of Wilmington and its environs and for the purpose of promoting the health, safety, morals and general welfare of the citizens of Wilmington and its environs, the city council is hereby authorized to establish a community planning and development commission, as provided for in G.S. 160A-360 through G.S. 160A-366.

S. B. 153 CHAPTER 502

AN ACT TO REWRITE CHAPTER 36 OF THE GENERAL STATUTES RELATING TO TRUSTS.

The General Assembly of North Carolina enacts:

Section 1. Chapter 36 of the General Statutes is hereby repealed.

Sec. 2. A new Chapter 36A is hereby added to the General Statutes to read as follows:

"CHAPTER 36A.

"Trusts and Trustees.

"ARTICLE 1.

"Investment and Deposit of Trust Funds.

"§ 36A-1. *Definition.*—(a) For the purpose of this Article, the word 'fiduciary' shall be construed to include a guardian, personal representative, collector, trustee, or any other person charged with the duty of acting for the benefit of another party as to matters coming within the scope of the relationship between them.

(b) As used in subsection (a) above, the word 'person' shall be construed to include an individual, a corporation, or any legal or commercial entity authorized to hold property or do business in the State of North Carolina.

"§ 36A-2. *Investment: prudent man rule.*—(a) In acquiring, investing, reinvesting, exchanging, retaining, selling, and managing property for the benefit of another, a fiduciary shall observe the standard of judgment and care under the circumstances then prevailing, which an ordinarily prudent man of discretion and intelligence, who is a fiduciary of the property of others, would observe as such fiduciary; and if the fiduciary has special skills or is named a fiduciary on the basis of representations of special skills or expertise, he is under a duty to use those skills.

(b) Within the limitations of the foregoing standard, a fiduciary is authorized to acquire and retain every kind of property and every kind of investment, including specifically, but without in any way limiting the generality of the foregoing, bonds, debentures, and other corporate or governmental obligations; stocks, preferred or common; real estate mortgages; shares in building and loan associations or savings and loan associations; annual premium or single premium life, endowment, or annuity contracts; and securities of any management type investment company or investment trust registered under the Federal Investment Company Act of 1940, as from time to time amended.

"§ 36A-3. *Terms of creating instrument.*—(a) Nothing contained in this Article shall be construed as authorizing any departure from the express terms or limitations set forth in any will, agreement, court order, or other instrument creating or defining the fiduciary's powers and duties.

(b) A fiduciary holding funds for investment who is specifically directed or authorized by an instrument creating the fiduciary relationship to retain the stock of a bank or trust company that is a member of a bank holding company currently fully registered under an act of Congress entitled Bank Holding Company Act of 1956, as the same may be amended from time to time, shall be considered as being directed or authorized to retain the stock of such bank holding company.

"§ 36A-4. *Power of court not restricted.*—Nothing contained in this Article shall be construed as restricting the power of a court of proper jurisdiction to permit a fiduciary to deviate from the terms of any will, agreement, or other instrument relating to the acquisition, investment, reinvestment, exchange, retention, sale, or management of fiduciary property.

"§ 36A-5. *Applicability of provisions.*—This Article shall govern fiduciaries acting under wills, agreements, court orders, and other instruments now existing or hereafter made.

"§ 36A-6. *Employee trusts.*—Pension, profit sharing, stock bonus, annuity, or other employee trusts established for the purpose of distributing the income and principal thereof to some or all of their employees, or the beneficiaries of such employees, shall not be invalid as violating any laws or rules against perpetuities, restraints on the power of alienation of title to property, or the accumulation of income; but such trusts may continue for such period of time as may be required by the provisions thereof to accomplish the purpose for which they were established.

"§ 36A-7. *Applicability.*—The provisions of this Article shall apply to fiduciary relationships in existence on the effective date of this Chapter or thereafter established.

"ARTICLE 2.

"Removal of Fiduciary Funds.

"§ 36A-10. *Removal of fiduciary funds from this State.*—Unless the creating instrument contains an express prohibition or provides a method of removal, when any personal property in this State is vested in a resident trustee, guardian, or other fiduciary, the clerk of superior court of the county in which the fiduciary resides may, on petition filed for that purpose by the fiduciary, beneficiary, ward, or other interested person, order the said fiduciary or his personal representative to pay, transfer, and deliver the said property or any part of it, to a nonresident fiduciary appointed by a court of record in another state; provided the clerk of superior court finds that such removal is in accord with the express or implied intention of the settlor, would aid the efficient administration of the trust, or is otherwise in the best interests of the beneficiaries, and further provided that,

(a) no such order of any clerk of superior court shall be valid and in force until approved by the resident judge of said judicial district, or the judge holding court in such district; and

(b) no such order shall be made, in the case of a petition, until after a hearing, as to which notice of the application shall have been given to all persons interested in such property as required in other special proceedings; and

(c) such order may be conditioned on the appointment of a fiduciary in the state to which the property is to be removed and shall be subject to such other terms and conditions as the clerk of superior court deems appropriate for protection of the property and interests of the beneficiaries, provided any

North Carolina beneficiary may require that a bond be posted prior to such removal in an amount sufficient to protect his interest, the premium for which shall be charged against his interest.

"§ 36A-11. *Provision for discharge of resident fiduciary.*—When any trustee, guardian, or other fiduciary in this State, shall pay over, transfer, or deliver any property in his hands or vested in him, under any order or decree made in pursuance of this Article, he shall be discharged from all responsibility therefor.

"§ 36A-12. *Removal of fiduciary funds to this State.*—A clerk of superior court upon petition of a foreign trustee, guardian, or other fiduciary or of any beneficiary, ward, or other interested party may appoint a local fiduciary to receive and administer fiduciary property then being administered in another state. A fiduciary appointed pursuant to this section may be required to give bond conditioned upon the faithful performance of his duties or to meet any other conditions required by a court in the other state before permitting removal of the fiduciary property to this State.

"§ 36A-13. *Applicability.*—The provisions of this Article shall not apply to proceedings begun before the effective date of this Chapter.

"ARTICLE 3.

"Resignation, Removal, and Renunciation of Trustees.

"§ 36A-18. *Applicability of this Article.*—(a) Except when otherwise provided by law, the term 'trustee', as used in this Article, includes 'trustees', 'guardians', and other fiduciaries.

(b) The resignation, removal, and renunciation of personal representatives and collectors shall be governed by the provisions of Articles 5, 9, and 10 of Chapter 28A.

(c) The substitution of trustees in mortgages and deeds of trust shall be governed by the provisions of G.S. 45-10.

"§ 36A-19. *Clerk's power to accept resignations.*—The clerks of superior courts of this State have power and jurisdiction to accept the resignation of trustees and to appoint their successors in the manner provided by this Article.

"§ 36A-20. *Petition; contents and verification.*—When any trustee desires to resign his trust, he shall file his petition in the office of the clerk of superior court of the county in which he qualified or in which the instrument under which he claims is registered. The petition shall set forth all the facts in connection with the appointment and qualification as such trustee, with a copy of the instrument under which he acts; shall state the names, ages, and residences of all the beneficiaries and other parties interested in the trust estate; shall contain a full and complete statement of all debts or liabilities due by the estate, and a full and complete statement of all assets belonging to said estate, and a full and complete statement of all moneys, securities, or assets in the hands of the trustee and due the estate, together with a full statement of the reasons the applicant should be permitted to resign his trust. The petition shall be verified by the oath of the applicant.

"§ 36A-21. *Parties; hearing; successor appointed.*—Upon the filing of the petition, the clerk shall docket the cause as a special proceeding, with the trustee as plaintiff and the beneficiaries as defendants, and shall issue the summons for the defendants, and the procedure shall be the same as in other special proceedings. If any of the defendants be nonresidents, summons may be served by publication; and if any be infants, a guardian ad litem must be appointed by the court to represent their interests in the manner now provided

by law. The beneficiaries, creditors, or any other person interested in the trust estate, have the right to answer the petition and to offer evidence why the prayer of the petition should not be granted. The clerk shall then proceed to hear and determine the matter, and if it appears to the court that the best interests of the creditors and the beneficiaries demand that the resignation of the trustee be accepted, or if it appears to the court that sufficient reasons exist for allowing the resignation, and that the resignation can be allowed without prejudice to the rights of creditors or the beneficiaries, the clerk may, in the exercise of his discretion, allow the applicant to resign; and in such case the clerk shall proceed to appoint the successor of the petitioner in the manner provided in this Article.

"§ 36A-22. *Resignation allowed; costs; judge's approval.*—In making an order allowing the trustee to resign the clerk shall make such order concerning the costs of the proceedings and commissions to the trustee as may be just. If there is no appeal from the decision and order of the clerk within the time prescribed by law, the proceedings shall be submitted to the judge of the superior court and approved by him before the same shall become effective.

"§ 36A-23. *Appeal; stay effected by appeal.*—Any party in interest may appeal from the decision of the clerk to the judge at chambers, and in such event the procedure shall be the same as in other special proceedings as now provided by law. If the clerk allows the resignation, and an appeal is taken from his decision, such appeal shall have the effect to stay the judgment and order of the clerk until the cause is heard and determined by the judge upon the appeal taken.

"§ 36A-24. *On appeal judge determines facts.*—Upon an appeal taken from the clerk to the judge, the judge shall have the power to review the findings of fact made by the clerk and to find the facts or to take other evidence, but the facts found by the judge shall be final and conclusive upon any appeal to the appellate division.

"§ 36A-25. *Final accounting before resignation.*—No trustee shall be allowed or permitted to resign his trust until he shall first file with the court his final account of the trust estate, and until the court shall be satisfied that the said account is true and correct.

"§ 36A-26. *Resignation effective on settlement with successor.*—In case the resignation of the trustee is accepted by the court, the resignation shall not release or discharge the trustee from liability, until he shall have filed an account acceptable to his successor in full for all moneys, securities, property, or other assets or things of value in his possession or under his control or which should be in his possession or under his control belonging to the trust estate, and such account has been approved by the court.

"§ 36A-27. *Court to appoint successor; when bond required.*—If the court shall allow any trustee to resign his trust upon compliance with the provisions of this Article, it shall be the duty of the court to proceed to appoint some fit and suitable person as the successor of such trustee; and the court shall require the person so appointed to give bond with sufficient surety, approved by the court, in sum double the value of the personal property to come into his hands when bond is executed by a personal surety and in an amount not less than one and one-fourth times the value of all personal property of the decedent when the bond is secured by a suretyship bond executed by a corporate surety company authorized by the Commissioner of Insurance to do business in this State, provided that the clerk of superior court, when the value of the personal

property exceeds one hundred thousand dollars ($100,000), may accept bond in an amount equal to the value of the personal property plus ten percent (10%) thereof, conditioned upon the faithful performance of his duties as such trustee and for the payment to the persons entitled to receive the same of all moneys, assets, or other things of value which may come into his hands; provided, that where by the terms of the creating instrument the trustee who has resigned was not required to give bond and did not give bond and an intent is expressed in the creating instrument that a successor trustee shall serve without bond, or where the clerk, upon due investigation finds that bond is not necessary for the protection of the estate, the clerk, with the approval of the judge, upon the petition of any party in interest, may waive the requirement of a bond for the successor trustee and permit said successor trustee to serve without bond. All bonds executed under the provisions of this Article shall be filed with the clerk.

"§ 36A-28. *Rights and duties devolve on successor.*—Upon the acceptance by the court of the resignation of any trustee, and upon the appointment by the court of his successor in the manner provided by this Article, the successor trustee shall succeed to all the rights, powers, and privileges, and shall be subject to all the duties, liabilities, and responsibilities that were imposed upon the original trustee unless a contrary intent appears from the creating instrument.

"§ 36A-29. *Appointment of successors to deceased or incapacitated trustees.*—Upon the death or incapacity of a trustee, a new trustee may be appointed on application by any beneficiary, or other interested persons, by petition to the clerk of the superior court of the county in which the instrument under which the deceased or incapacitated trustee claimed is registered, making all necessary parties defendants. The clerk shall docket the cause as a special proceeding and issue summons for the defendants, and the procedure shall be the same as in other special proceedings. If any of the defendants be nonresidents, summons may be served by publication; and if any be infants, a guardian ad litem must be appointed. The beneficiaries, creditors, or any other persons interested in the trust estate shall have the right to answer the petition and to offer evidence why the prayer of the petition should not be granted. After hearing the matter, the clerk may appoint the person so named in the petition, or he may appoint some other fit and suitable person or corporation to act as the successor of the deceased or incapacitated trustee; and the clerk shall require the person so appointed to give bond as required in G.S. 36A-27; provided, that where by the terms of the instrument upon which the deceased or incapacitated trustee claimed, said trustee was not required to give bond and did not give bond and an intent is expressed in the creating instrument that a successor trustee shall serve without bond, or where the clerk upon due investigation, finds that bond is not necessary for the protection of the estate, the requirement of a bond for the successor trustee may be waived as provided in G.S. 36A-27. Any party in interest may appeal from the decision of the clerk as provided in G.S. 36A-23 and 36A-24.

Nothing in this section shall be construed to limit the authority of the clerk of superior court to appoint a successor trustee to a deceased or incapacitated trustee upon his own motion.

"§ 36A-30. *Testamentary trustee may renounce.*—(a) Any person or corporation named as trustee in any will admitted to probate in this State, or any substitute trustee, may at any time prior to qualifying as required by G.S.

36A-98 or taking any action as trustee if such qualification is not required, and whether or not such person or corporation is entitled to so qualify or act, renounce such trusteeship by a writing filed with the clerk of superior court of the county in which the will is admitted to probate. Upon receipt of such renunciation the clerk shall give notice thereof to all persons interested in the trust, including successor or substitute trustees named in the will, which notice shall also comply with the requirements of subsection (e) of this section.

(b) If the will names or identifies a substitute trustee in case of renunciation, the provisions of the will shall be complied with, and the clerk shall enter an appropriate order appointing the substitute trustee in accordance therewith unless the substitute trustee also renounces. A substitute trustee so named shall succeed to the office of trustee upon the date of the order of appointment by the clerk unless the will provides otherwise.

(c) If the will does not name or identify a substitute trustee in case of renunciation, and it appears that a substitute trustee should be appointed, the clerk shall appoint some fit and suitable person or corporation as substitute trustee. If the will does not name or identify a substitute trustee, but contains provisions regarding the selection of a substitute trustee, such provisions shall be complied with unless the clerk determines that such provisions would result in the selection of an unfit or unsuitable trustee. A substitute trustee so appointed shall succeed to the office of trustee upon the date of the order of appointment unless the will provides otherwise.

(d) A substitute trustee shall, upon succeeding to the office of trustee, unless the will provides otherwise, have such powers and duties and be vested with the title to the property included in the trust, as if the substitute trustee had been originally named in the will.

(e) Each notice required by this section shall be written notice, and shall identify the proceeding and apprise the person to be notified of the nature of the action to be taken. Service of such notice may be in the same manner as is provided for service of notice in civil actions, or by mailing the notice to the person to be notified at his last known address. Service of notice must be completed not less than 10 days prior to the date the hearing is held or the action is taken. Service by mail shall be complete upon deposit of the notice enclosed in a postpaid, properly addressed wrapper in a post office or official depository under the exclusive care and custody of the United States Post Office Department.

(f) The clerk of superior court shall file, docket, and index all proceedings pursuant to this section in the same manner as special proceedings, and shall also enter with the will a notation that the trustee has renounced and a reference to the file, or other place where the record may be found.

"§ 36A-31. *Removal of trustee.*—Any beneficiary, cotrustee or other person interested in the trust estate may file a petition in the office of the clerk of superior court of the county having jurisdiction over the administration of the trust for the removal of a trustee or cotrustee who fails to comply with the requirements of this Chapter or a court order, or who is otherwise unsuitable to continue in office. Upon the filing of the petition, the clerk shall docket the cause as a special proceeding, with the petitioner as plaintiff. All known beneficiaries, trustees, or cotrustees not joined as plaintiffs shall be joined as defendants. Upon proper notice and hearing, the clerk may, in the exercise of his discretion, order the removal of the trustee or cotrustee and proceed to

appoint a successor. The procedure for notice, hearing, appeals, and the effective date of the order, shall be in accord with that provided for in the case of a resignation of a trustee and the appointment of a successor in G.S. 36A-20 through G.S. 36A-28.

Nothing in this section shall be construed to limit the authority of the clerk of superior court to remove a trustee or cotrustee for failure to comply with the requirements of this Chapter or a court order, or who is otherwise unsuitable to continue in office.

"§ 36A-32. *Appointment of special trustee.*—If it appears necessary to the protection of the trust estate, the clerk of superior court having jurisdiction of the administration of the trust may appoint a special trustee until a successor trustee can be appointed or, where a trust has terminated, to distribute the assets. A special trustee may be appointed without notice and may be removed whenever the court so orders. The special trustee shall give such bond, if any, as the court may require and shall have the powers conferred by the order of appointment.

"§ 36A-33. *Consolidation, merger, reorganization, reincorporation, or transfer of assets and liabilities by a corporate trustee.*—Whenever any corporate trustee doing business in this State shall consolidate or merge with or shall sell to and transfer its assets and liabilities to any other corporation, or where such corporate trustee is in any manner reorganized or reincorporated all existing rights, powers, duties, and liabilities of such consolidating, merging, transferring, reorganizing or reincorporating corporation as trustee shall, upon the effective date of such consolidation, merger, reorganization or reincorporation, or sale and transfer, vest in and devolve upon the transferee corporation or the consolidated, merged, reorganized or reincorporated corporation in the manner prescribed in G.S. 53-17.

"§ 36A-34. *Powers of successor trustee.*—Unless otherwise provided in the creating instrument, all powers conferred upon the trustee by such instrument attached to the office, as provided in G.S. 36A-64, and are exercisable by the trustee from time to time holding the office.

"§ 36A-35. *Powers of cotrustees.*—Unless otherwise provided in the creating instrument, if one of several trustees dies, resigns, or is removed, the remaining trustees shall have all rights, title, and powers of all the original trustees. If the creating instrument manifests an intent that a successor trustee be appointed to fill a vacancy, the remaining trustees may exercise the powers of all the original trustees until such time as a successor is appointed.

"§ 36A-36. *Vesting of title.*—A special or successor trustee is vested with the title of the original trustee. A trustee who resigns, is removed, or is otherwise severed from his office shall execute such documents transferring title to trust property as may be appropriate to facilitate administration of the trust and upon his failure to do so, the clerk may order him to execute such documents, or may himself transfer title.

"§ 36A-37. *Applicability.*—The provisions of this Article shall not apply to proceedings begun before the effective date of this Chapter.

"ARTICLE 4.

"Charitable Trusts.

"§ 36A-41. *Trustees to file accounts; exceptions.*—When real or personal property has been granted by deed, will, or otherwise, for such charitable purposes as are allowed by law, it shall be the duty of those to whom are

confided the management of the property and the execution of the trust, to file in writing annually a full and particular account thereof with the clerk of the superior court of the county where the charity is to take effect.

This section shall not apply to real or personal property granted by deed, will or otherwise in trust or any other manner for the use and benefit of churches, hospitals, educational institutions and organizations or other incorporated or unincorporated religious and charitable institutions; provided, however, all trusts for the benefit of churches, hospitals and charitable institutions may be required to file such account upon the request of the clerk of the superior court or the verified written request of an interested citizen when in the opinion of the clerk of the superior court such request is bona fide and the interest of the public would be promoted by the filing of such report.

"§ 36A-42. *Action for account; court to enforce trust.*—If G.S. 36A-41 be not complied with, or there is reason to believe that the property has been mismanaged through negligence or fraud, it shall be the duty of the clerk of the superior court in his discretion to give notice thereof to the Attorney General or district attorney who represents the State in the superior court for that county; and it shall be the duty of the Attorney General or such district attorney upon notice from the clerk or upon his own motion to bring an action in the name of the State against the grantees, executors, or trustees of the charitable fund, calling on them to render a full and minute account of their proceedings in relation to the administration of the fund and the execution of the trust. The Attorney General or district attorney may also, at the suggestion of two reputable citizens, commence an action as aforesaid, and, in either case, the court may make such order and decree as shall seem best calculated to enforce the performance of the trust.

In furtherance of his responsibilities in the area of charitable trusts the Attorney General may request the result or report of any investigation or audit conducted by any local, State or federal agency.

"§ 36A-43. *Not void for indefiniteness; title in trustee; vacancies.*—No gift, grant, bequest or devise, whether in trust or otherwise, to religious, educational, charitable or benevolent uses or for the purpose of providing for the care or maintenance of any part of any cemetery, public or private, shall be invalid by reason of any indefiniteness or uncertainty of the objects or beneficiaries of such trust, or because said instrument confers upon the trustee or trustees discretionary powers in the selection and designation of the objects or beneficiaries of such trust or in carrying out the purpose thereof, or by reason of the same in contravening any statute or rule against perpetuities. If a trustee or trustees are named in the instrument creating such a gift, grant, bequest or devise, the legal title to the property given, granted, bequeathed or devised for such purpose shall vest in such trustee or trustees and its or their successor or successors duly appointed in accordance with the terms of such instrument. If no trustee or trustees be named in said instrument, or if a vacancy or vacancies shall occur in the trusteeship, and no method is provided in such instrument for filling such vacancy or vacancies, then the clerk of superior court of the proper county shall appoint a trustee or trustees, pursuant to G.S. 36A-19, to execute said trust in accordance with the true intent and meaning of the instrument creating the same. Such trustee or trustees when so appointed shall be vested with all the power and authority, discretionary or otherwise, conferred by such instrument.

"§ 36A-44. *Trusts created in other states valid.*—Every such religious, educational or charitable trust created by any person domiciled in another state, which shall be valid under the laws of the state of the domicile of such creator or donor, shall be deemed and held in all respects valid under the laws of this State, even though one or more of the trustees named in the instrument creating said trust shall be domiciled in another state or one or more of the beneficiaries named in said trust shall reside or be located in a foreign state.

"§ 36A-45. *Application of G.S. 36A-44.*—G.S. 36A-44 shall apply to all trusts heretofore or hereafter created in which one or more of the beneficiaries or objects of such trust shall reside or be located in this State.

"§ 36A-46. *Gifts, etc., for religious, educational, charitable or benevolent uses or purposes.*—(a) Declaration of policy. It is hereby declared to be the policy of the State of North Carolina that gifts, transfers, grants, bequests, and devises for religious, educational, charitable, or benevolent uses or purposes, or for some or all of such uses or purposes, are and shall be valid, notwithstanding the fact that any such gift, transfer, grant, bequest, or devise shall be in general terms, and this section shall be construed liberally to affect the policy herein declared.

(b) No gift, transfer, etc., invalid for indefiniteness. No gift, transfer, grant, bequest, or devise of property or income, or both, in trust or otherwise, for religious, educational, charitable, or benevolent purposes, or for some or all of such purposes, is or shall be void or invalid because such gift, transfer, grant, bequest, or devise is in general terms, or is uncertain as to the specific purposes, objects, or beneficiaries thereof, or because the trustee, donee, transferee, grantee, legatee, or devisee, or some or all of them, is given no specific instructions, powers, or duties as to the manner or means of affecting such purposes. When any such gift, transfer, grant, bequest, or devise has been or shall be made in general terms the trustee, donee, transferee, grantee, legatee, or devisee, or other person, corporation, association, or entity charged with carrying such purposes into effect, shall have the right and power: To prescribe or to select from time to time one or more specific objects or purposes for which any trust or any property or income shall be held and administered; to select or to create the machinery for the accomplishment of such objects and purposes, selected as hereinabove provided, or as provided by the donor, transferor, grantor, or testator, including, by way of illustration but not of limitation, the accomplishment of such objects and purposes by the acts of such trustee or trustees, donee, transferee, grantee, legatee, or devisee, or their agents or servants, or by the creation of corporations or associations or other legal entities for such purpose, or by making grants to corporations, associations, or other organizations then existing, or to be organized, through and by which such purposes can or may be accomplished, or by some or all of the said means of accomplishment, or any other means of accomplishment not prohibited by law.

(c) Enforcement. Any gift, transfer, grant, bequest, or devise for religious, educational, charitable, or benevolent uses or purposes which is or shall be valid under the provisions of this section may be enforced in a suit for a writ of mandamus by the Attorney General of the State of North Carolina in any court of the State having original jurisdiction in equity, and such court shall have the power to enter judgment requiring the trustee, donee, transferee, grantee, legatee, or devisee, as the case may be, to make such selection as may be required of the purposes for which the property or income, or both, shall be applied, and the means, method, and manner of applying the same. The remedy

for enforcement as herein provided is in addition to any other means of enforcement now in existence or which may be hereafter provided for by act of the General Assembly.

(d) Construction with other acts. This section is in addition to any prior act or acts of the General Assembly adopted for the purpose of preserving and sustaining any gift, transfer, grant, bequest, or devise for religious, educational, charitable, or benevolent uses or purposes, and any such prior act or acts or any part thereof which will aid the provisions of this section in sustaining and preserving any such gift, transfer, grant, bequest, or devise shall be read and construed in conjunction herewith.

"§ 36A-47. *Charitable Trusts Administration Act.*—(a) If a trust for charity is or becomes illegal, or impossible or impracticable of fulfillment or if a devise or bequest for charity, at the time it was intended to become effective is illegal, or impossible or impracticable of fulfillment, and if the settlor, or testator, manifested a general intention to devote the property to charity, any judge of the superior court may, on application of any trustee, executor, administrator or any interested party, or the Attorney General, order an administration of the trust, devise or bequest as nearly as possible to fulfill the manifested general charitable intention of the settlor or testator. In every such proceeding, the Attorney General, as representative of the public interest, shall be notified and given an opportunity to be heard. This section shall not be applicable if the settlor or testator has provided, either directly or indirectly, for an alternative plan in the event the charitable trust, devise or bequest is or becomes illegal, impossible or impracticable of fulfillment. However, if the alternative plan is also a charitable trust or devise or bequest for charity and such trust, devise or bequest for charity fails, the intention shown in the original plan shall prevail in the application of this section.

(b) In the case of a will executed before December 31, 1977, or a trust created before such date, if a federal estate tax deduction is not allowable at the time of a decedent's death because of the failure of an interest in property which passes from the decedent to a person, or for a use, described in Section 2055(a) of the Internal Revenue Code of 1954, to meet the requirements of subsection 2055(e)(2)(A) of the Internal Revenue Code of 1954, then in order that such deduction shall nevertheless be allowable under Section 2055(e)(3) of the Internal Revenue Code of 1954, any judge of the superior court may, on application of any trustee, executor, administrator or any interested party and either (i) with the written consent of the charitable remaindermen, the beneficiaries of the intervening interest not under any legal disability, and duly appointed guardians or guardians ad litem acting on behalf of any beneficiaries under legal disability, or (ii) upon a finding that the interest of such beneficiaries is substantially preserved, order an amendment to the trust so that the remainder interest is in a trust which is a charitable remainder annuity trust, a charitable remainder unitrust (as those terms are described in Section 664 of the Internal Revenue Code of 1954) or a pooled-income fund (as that term is described in Section 642(c)(5) of the Internal Revenue Code of 1954). In every such proceeding, the Attorney General, as representative of the public interest, shall be notified, and given an opportunity to be heard.

(c) The words 'charity' and 'charitable', as used in this section shall include, but shall not be limited to, any eleemosynary, religious, benevolent, educational, scientific, or literary purpose.

"§ 36A-48. *Charitable trusts tax exempt status.*—(a) Notwithstanding any provisions in the laws of this State or in the governing instrument to the contrary unless otherwise decreed by a court of competent jurisdiction except as provided in subsection (b), the governing instrument of each trust which is a private foundation described in Section 509 of the Internal Revenue Code of 1954 (including each nonexempt charitable trust described in Section 4947(a)(1) of the code which is treated as a private foundation) and the governing instrument of each nonexempt split-interest trust described in Section 4947(a)(2) of the code (but only to the extent that Section 508(e) of the code is applicable to such nonexempt split-interest trust under Section 4947(a)(2) of the code) shall be deemed to contain the following provisions: 'The trust shall make distribtuions at such time and in such manner as not to subject it to tax under Section 4942 of the code; the trust shall not engage in any act of self-dealing which would subject it to tax under Section 4941 of the code; the trust shall not retain any excess business holdings which would subject it to tax under Section 4943 of the code; the trust shall not make any investments which would subject it to tax under Section 4944 of the code; and the trust shall not make any taxable expenditures which would subject it to tax under Section 4945 of the code.' "§ 36A-53. *Bank account to pay special debts.*—(a) Whenever a bank account shall, by entries made on the books of the depositor and the bank at the time of the deposit, be created exclusively for the purpose of paying dividends, interest or interest coupons, salaries, wages, or pensions or other benefits to employees, and the depositor at the time of opening such account does not expressly otherwise declare, the depositor shall be deemed a trustee of such account for the creditors to be paid therefrom, subject to such power or revocation as the depositor may have reserved by agreement with the bank.

(b) If any beneficiary for whom such a trust is created does not present his claim to the bank for payment within one year after it is due, the depositor who created such trust may revoke it as to such creditor.

"§ 36A-54. *Loan of trust funds.*—Except as hereinafter provided in this Article, no corporate trustee shall lend trust funds to itself or an affiliate, or other business associate, or to any director, officer, or employee of itself or of an affiliate, nor shall any noncorporate trustee lend trust funds to himself, or to his relative, employer, employee, partner, affiliate, or other business associate.

"§ 36A-55. *Funds held by a bank awaiting investment or distribution.*—(a) Funds held in a fiduciary capacity by a bank awaiting investment or distribution shall not be held uninvested or undistributed any longer than is reasonable for the proper management of the account.

(b) Funds held in trust by a bank, awaiting investment or distribution may, unless prohibited by the instrument creating the trust, be deposited in the commercial or savings or other department of the bank, provided that it shall first set aside under control of the trust department as collateral security, such securities as may be found listed in G.S. 142-34 as being eligible for the investment of the sinking funds of the State of North Carolina equal in market value of such deposited funds, or readily marketable commercial bonds having not less than a recognized 'A' rating equal to one hundred and twenty-five percent (125%) of the funds so deposited.

The securities so deposited or securities substituted therefor as collateral in the trust department by the commercial or savings or other department (as well as the deposit of cash in the commercial or savings or other department by the trust department) shall be held pursuant to the provisions of G.S. 53-43(6).

If such funds are deposited in a bank insured under the provisions of the Federal Deposit Insurance Corporation, the above collateral security will be required only for that portion of uninvested balances of each trust which are not fully insured under the provisions of that corporation.

"§ 36A-56. *Loan to trust.*—A trustee may make a loan to a trust account and may take as security therefor assets of the trust account provided that such transaction is fair.

"§ 36A-57. *Trustee loaning from one trust to another trust.*—A trustee may make a loan to a trust account from the funds belonging to another trust account, when the instrument creating the account from which the loan is made (i) authorizes the making of such loan and (ii) designates the trust account to which the loan is made, provided that the transaction is fair to both accounts.

"§ 36A-58. *Trustee buying from or selling to self.*—No trustee shall directly or indirectly buy or sell any property for the trust from or to itself or an affiliate; or from or to a director, officer, or employee of such trustee or of an affiliate, or from or to a relative, employer, partner, or other business associate.

"§ 36A-59. *Corporate trustee buying its own stock.*—No corporate trustee shall purchase for a trust shares of its own stock, or its bonds or other securities, or the stocks, bonds or other securities of an affiliate.

"§ 36A-60. *Trustee selling assets from one trust to another trust.*—A trustee may sell assets held by it as fiduciary in one trust account to itself as trustee in another trust account if the transaction is fair to both accounts and if the transaction is expressly authorized by the instrument or instruments creating the accounts.

"§ 36A-61. *Voting stock.*—A trustee owning shares of corporate stock or other securities may vote it in person or by general or limited proxy, but shall be liable for any loss resulting to the beneficiaries from a failure to use reasonable care in deciding how to vote the stock, in voting it or in not voting it.

"§ 36A-62. *Trustees holding stock or other securities in name of nominee.*—A trustee may hold shares of stock or other securities in the name of a nominee, without mention of the trust relationship in the instrument representing stock or other securities or in registration records of the issuer thereof; provided, that

(1) the records and all reports or accounts rendered by the trustee clearly show the ownership of the stock or other securities by the trustee and the facts regarding its holdings, and

(2) the nominee shall not have possession of the stock or other securities or access thereto except under the immediate supervision of the trustee or when such securities are deposited by the fiduciary in a clearing corporation as defined in G.S. 25-8-102(3).

The trustee shall be personally liable for any acts or omissions of such nominee in connection with such stock or other securities so held, as if such had done such acts or been guilty of such omissions.

"§ 36A-63. *Bank and trust company assets kept separate, records of securities.*—Every trust company shall keep its trust assets separate and distinct from assets owned by the bank. The books and accounts of the trust company shall at all times show the ownership of all moneys, funds, investments, and property held by the company. Stock or other securities may be kept by the company in either of the following ways:

(1) All certificates representing the securities of an account may be held separate from those of all other accounts; or

(2) Certificates representing the securities of the same class of the same issuer held for particular accounts may be held in bulk without certification as to ownership attached and, to the extent feasible, certificates of small denomination may be merged into one or more certificates of larger denomination, provided that the trust company, when operating under the method of safekeeping security certificates described in this subdivision shall be subject to such rules and regulations as, in the case of State-chartered

institutions, the State Banking Commission and, in the case of national banking associations, the Comptroller of the Currency, may from time to time issue and, upon demand by any person to whom it has a duty to account, it shall certify in writing the securities held by it for an account.

"§ 36A-64. *Powers attached to office.*—Unless it is otherwise provided by the trust instrument, or an amendment thereof, or by court order, all powers of a trustee shall be attached to the office and shall not be personal.

"§ 36A-65. *Powers exercisable by one or more trustees.*—(a) If there are more than two trustees and the trust instrument expressly makes provision for the execution of any of the powers of trustees by all of them or by any one or more of them, the provisions of the trust instrument govern.

(b) If there is no governing provision in the trust instrument, cotrustees may, by written agreement signed by all of them and filed with and approved by the clerk of superior court of the county which is the principal place of administration of the trust, provide that any one or more of the following powers of trustees may be exercised by any designated one or more of them:

(1) open bank accounts and draw checks thereon;
(2) subject to the provisions of G.S. 105-24, enter any safe-deposit box of the deceased or any safe-deposit box rented by the trust;
(3) employ attorneys and accountants;
(4) list property for taxes and prepare and file State, municipal and county tax returns;
(5) collect claims and debts due the trust and give receipts therefor;
(6) pay claims against and debts of the trust;
(7) compromise claims in favor of or against the trust;
(8) have custody of property of the trust.

For the purposes of this subsection, when there are cotrustees, the principal place of administration of the trust is (1) the usual place of business of the corporate trustee if there is but one corporate cotrustee, or (2) the usual place of business or residence of the individual trustee who is a professional fiduciary if there is but one such person and no corporate trustee, and (3) the usual place of business or residence of any of the cotrustees as agreed upon by them.

(c) The voting of corporate shares of stock by cotrustees is governed by G.S. 55-69(f).

(d) Subject to the provisions of subsections (a), (b) and (c) of this section, all other acts and duties must be performed by both of the trustees if there are two, or by a majority of them if there are more than two.

No trustee who has not joined in exercising a power shall be liable to the beneficiaries or to others for the consequences of such exercise, nor shall a dissenting trustee be liable for the consequences of an act in which he joins at the direction of his cotrustees, if he expressed his dissent in writing to any of his cotrustees at or before the time of such joinder.

(e) No trustee shall be relieved of liability on his bond or otherwise by entering into any agreement under this section.

"§ 36A-66. *Contracts of trustee.*—(a) Whenever a trustee shall make a contract which is within his powers as trustee, or a predecessor trustee shall have made such a contract, and a cause of action shall arise thereon, the party in whose favor the cause of action has accrued may sue the trustee in his representative capacity, and any judgment rendered in such action in favor of the plaintiff shall be collectable (by execution) out of the trust property. In such

an action the plaintiff need not prove that the trustee could have secured reimbursement from the trust fund if he had paid the plaintiff's claim.

(b) No judgment shall be rendered in favor of the plaintiff in such action unless he proves that within 30 days after the beginning of such action, or within such other time as the court may fix, and more than 30 days prior to obtaining the judgment, he notified each of the beneficiaries known to the trustee who then had a present interest, or in the case of a charitable trust the Attorney General and any corporation which is a beneficiary or agency in the performance of such charitable trust, of the existence and nature of the action. Such notice shall be given by mailing copies thereof in postpaid envelopes addressed to the parties to be notified at their last known addresses. The trustee shall furnish the plaintiff a list of the parties to be notified, and their addresses, within 10 days after written demand therefor, and notification of the persons on such list shall constitute compliance with the duty placed on the plaintiff by this section. Any beneficiary, or in the case of charitable trusts the Attorney General and any corporation which is a beneficiary or agency in the performance of such charitable trust, may intervene in such action and contest the right of the plaintiff to recover.

(c) The plaintiff may also hold the trustee who made the contract personally liable on such contract, if the contract does not exclude such personal liability. The addition of the word 'trustee' or the words 'as trustee' after the signature of a trustee to a contract shall be deemed prima facie evidence of an intent to exclude the trustee from personal liability.

"§ 36A-67. *Exoneration or reimbursement for torts.*—(a) A trustee who has incurred personal liability for a tort committed in the administration of the trust is entitled to exoneration therefor from the trust property if he has not discharged the claim, or to be reimbursed therefor out of trust funds if he has paid the claim, if

(1) the tort was a common incident of the kind of business activity in which the trustee was properly engaged for the trust, or,

(2) although the tort was not a common incident of such activity if neither the trustee nor any officer or employee of the trustee was guilty of personal fault in incurring the liability.

(b) If a trustee commits a tort which increases the value of the trust property, he shall be entitled to exoneration or reimbursement with respect thereto to the extent of such increase in value, even though he would not otherwise be entitled to exoneration or reimbursement.

(c) Nothing in this section shall be construed to change the existing law with regard to the liability of trustees of charitable trusts for torts of themselves or their employees.

"§ 36A-68. *Tort liability of trust estate.*—(a) Where a trustee or his predecessor has incurred personal liability for a tort committed in the course of his administration, the trustee in his representative capacity may be sued and collection had from the trust property, if the court shall determine in such action that

(1) the tort was a common incident of the kind of business activity in which the trustee or his predecessor was properly engaged for the trust; or

(2) that, although the tort was not a common incident of such activity, neither the trustee nor his predecessor, nor any officer or employee of

the trustee or his predecessor, was guilty of personal fault in incurring the liability; or

(3) that, although the tort did not fall within subdivision (1) or (2) above, it increased the value of the trust property.

If the tort is within subdivision (1) or (2) above, collection may be had of the full amount of damage proved; and if the tort is within subdivision (3) above, collection may be had only to the extent of the increase in the value of the trust property.

(b) In an action against the trustee in his representative capacity under this section the plaintiff need not prove that the trustee could have secured reimbursement from the trust fund if he had paid the plaintiff's claim.

(c) No judgment shall be rendered in favor of the plaintiff in such action unless he proves that within 30 days after the beginning of the action, or within such other period as the court may fix and more than 30 days prior to obtaining the judgment, he notified each of the beneficiaries known to the trustees who then had a present interest of the existence and nature of the action. Such notice shall be given by mailing copies thereof in postpaid envelopes addressed to such beneficiaries at their last known addresses. The trustees shall furnish the plaintiff a list of such beneficiaries and their addresses, within 10 days after written demand therefor, and notification of the persons on such list shall constitute compliance with the duty placed on the plaintiff by this section. Any beneficiary may intervene in such action and contest the right of the plaintiff to recover.

(d) The trustee may also be held personally liable for any tort committed by him, or by his agents or employees in the course of their employments, subject to the rights of exoneration or reimbursement provided in G.S. 36A-67.

(e) Nothing in this section shall be construed to change the existing law with regard to the liability of trustees of charitable trusts for torts of themselves or their employees.

"§ 36A-69. *Withdrawals from mingled trust funds.*—Where a person who is a trustee of two or more trusts has mingled the funds of two or more trusts in the same aggregate of cash, or in the same bank or brokerage account or other investment, and a withdrawal is made therefrom by the trustee for his own benefit, or for the benefit of a third person not a beneficiary or creditor of one or more of the trusts, or for an unknown purpose, such a withdrawal shall be charged first to the amount of cash, credit, or other property of the trustee in the mingled fund, if any, and after the exhaustion of the trustee's cash, credit, or other property, then to the several trusts in proportion to their several interests in the cash, credit, or other property at the time of the withdrawal.

"§ 36A-70. *Power of settlor.*—The settlor of any trust affected by this Article may, by provision in the instrument creating the trust if the trust was created by a writing, or by oral statement to the trustee at the time of the creation of the trust if the trust was created orally, or by an amendment of the trust if the settlor reserved the power to amend the trust, relieve liabilities which would otherwise be imposed upon him by this Article; or alter or deny to his trustee any or all of the privileges and powers conferred upon the trustee by this Article; or add duties, restrictions, liabilities, privileges, or powers, to those imposed or granted by this Article; but no act of the settlor shall relieve a trustee from the duties, restrictions, and liabilities imposed upon him by G.S. 36A-54, G.S. 36A-55 and G.S. 36A-58.

"§ 36A-71. *Power of beneficiary.*—Any beneficiary of a trust affected by this Article may, if of full legal capacity and acting upon full information, by written instrument delivered to the trustee relieve the trustee as to such beneficiary from any or all of the duties, restrictions, and liabilities which would otherwise be imposed on the trustee by this Article, except as to the duties, restrictions, and liabilities imposed by G.S. 36A-54, G.S. 36A-55 and G.S. 36A-58. Any such beneficiary may release the trustee from liability to such beneficiary for past violations of any of the provisions of this Article.

"§ 36A-72. *Power of the court.*—A court of competent jurisdiction may, for cause shown and upon notice to the beneficiaries relieve a trustee from any or all of the duties and restrictions which would otherwise be placed upon him by this Article, or wholly or partly excuse a trustee who has acted honestly and reasonably from liability for violations of the provisions of this Article.

"§ 36A-73. *Liabilities for violations of Article.*—If a trustee violated any of the provisions of this Article, he may be removed and denied compensation in whole or in part; and any beneficiary, cotrustee, or successor trustee may treat the violation as a breach of trust.

"§ 36A-74. *Uniformity of interpretation.*—This Article shall be so interpreted and construed as to effectuate its general purpose to make uniform the law of those states which enact it.

"§ 36A-75. *Short title.*—This Article may be cited as the Uniform Trusts Act.

"§ 36A-76. *Time of taking effect.*—This Article shall take effect and shall apply in the construction of and operation under

(1) all agreements containing trust provisions entered into on or after the effective date of this Chapter;

(2) all wills made by testators who shall die on or after the effective date of this Chapter; and

(3) all other wills and trust agreements and trust relations insofar as such terms do not impair the obligation of contract or deprive persons of property without due process of law under the Constitution of the State of North Carolina or of the United States of America.

"ARTICLE 6.

"Uniform Common Trust Fund Act.

"§ 36A-82. *Establishment of common trust funds.*—(a) Any bank or trust company duly authorized to act as a fiduciary in this State may establish and maintain one or more common trust funds for the collective investment of funds held in a fiduciary capacity by such bank or trust company hereafter referred to as the 'maintaining bank'. The maintaining bank may include for the purposes of collective investment in such common trust fund or funds established and maintained by it, funds held in a fiduciary capacity by any other bank or trust company duly authorized to act as a fiduciary, wherever located, which other bank or trust company is hereinafter referred to as the 'participating bank'.

Provided, however, that the relationship between the maintaining bank and the participating bank is (i) the maintaining bank owns, controls or is affiliated with the participating bank or (ii) a bank holding company owns, controls or is affiliated with both the maintaining bank and the participating bank.

(b) For the purposes of this section, a bank or trust company shall be considered to be owned, controlled or affiliated if twenty-five percent (25%) or more of any class of its voting stock is owned by a bank or bank holding

company or if twenty-five percent (25%) or more of any class of its voting stock is owned by one person or no more than 10 persons who are the same person or persons who own twenty-five percent (25%) or more of any class of the voting stock of the maintaining bank.

(c) Such common trust funds may include a fund composed solely of funds held under an agency agreement in which the bank or trust company assumes investment discretion and assumes fiduciary responsiblity.

(d) Such bank or trust company may invest the funds held by it in any fiduciary capacity in one or more common trust funds, provided (i) such investment is not prohibited by the instrument, judgment, decree or order creating such fiduciary relationship or amendment thereof; (ii) in the case of co-fiduciaries the written consent of the co-fiduciary is obtained by the bank or trust company; and (iii) that the bank has no interest in the assets of the common trust fund other than as a fiduciary.

"§ 36A-83. *Court accountings.*—Unless ordered by a court of competent jurisdiction the bank or trust company operating such common trust fund or funds shall not be required to render a court accounting with regard to such fund or funds; but it may, by application to the superior court, secure approval of such an accounting on such conditions as the court may establish. This section shall not affect the duties of the trustees of the participating trusts under the common trust fund to render accounts of their several trusts.

"§ 36A-84. *Supervision by State Banking Commission.*—All common trust funds established under the provisions of this Article shall be subject to the rules and regulations of the State Banking Commission.

"§ 36A-85. *Uniformity of interpretation.*—This Article shall be so interpreted and construed as to effectuate its general purpose to make uniform the law of those states which enact it.

"§ 36A-86. *Short title.*—This Article may be cited as the Uniform Common Trust Fund Act.

"ARTICLE 7.

"Trusts of Death Benefits.

"§ 36A-92. *Interest of trustee as beneficiary of life insurance or other death benefit sufficient to support inter vivos or testamentary trust.*—(a) The interest of a trustee as the beneficiary of a life insurance policy is a sufficient property interest or res to support the creation of an inter vivos or testamentary trust notwithstanding the fact that the insured or any other person or persons reserves or has the right to exercise any one or more of the following rights or powers:

(1) to change the beneficiary,

(2) to surrender the policy and receive the cash surrender value,

(3) to borrow from the insurance company issuing the said policy or elsewhere using the said policy as collateral security,

(4) to assign the said policy, or

(5) to exercise any other right in connection with the said policy commonly known as an incident of ownership thereof.

The term 'life insurance policy' includes but is not limited to life, annuity, and endowment contracts, or any variation or combination thereof, and any agreement entered into by an insurance company in connection therewith.

(b) The interest of a trustee as the beneficiary of a death benefit under an employee benefit plan or group life insurance policy is a sufficient property

interest or res to support the creation of an inter vivos or testamentary trust notwithstanding the fact that the insured, employer, insurer or administrator of the plan reserves or has the right to revoke or otherwise defeat the designation or assignment or to exercise any one or more of the rights or powers incident to employee benefit plans or group life insurance policies.

The term 'employee benefit plan' includes but is not limited to pension, retirement, death benefit, deferred compensation, employment, agency, retirement annuity, stock bonus, profit-sharing or employees' savings contracts, plans, systems or trusts; and trusts, securities or accounts established or held pursuant to the federal Self-Employed Individuals Tax Retirement Act of 1962, the federal Employee Retirement Income Security Act of 1974, or similar legislation. The term 'group life insurance policy' includes but is not limited to group life, industrial life, accident, and health insurance policies having death benefits.

(c) A person having the right to designate the beneficiary under a life insurance policy, employee benefit plan or group life insurance policy described in subsection (a) or (b) of this section may designate as such beneficiary a trustee named or to be named in his will whether or not the will is in existence at the time of the designation. The proceeds received by the trustee shall be held and disposed of as part of the trust estate under the terms of the will as they exist at the death of the testator. If no qualified trustee makes claim to the proceeds within six months after the death of the decedent or if within that period it is established that no trustee can qualify to receive the proceeds, payments shall be made to the personal representative of the estate of the person making the designation unless it is otherwise provided by an alternative designation or by the policy or plan. The proceeds received by the trustee shall not be subject to claims against the estate of the decedent or to inheritance taxes to any greater extent than if the proceeds were payable directly to the beneficiary or beneficiaries named in the trust. The proceeds may be commingled with any other assets which may properly become part of such trust, but the proceeds shall not become part of the decedent's estate for purposes of trust administration unless the will of the decedent expressly so provides.

(d) Pursuant to the preceding subsection (c) of this section, a decedent may designate a trustee named or to be named in his will as beneficiary of an annuity or other payment described in Section 2039(c) of the Internal Revenue Code of 1954 or corresponding provisions of any subsequent federal tax laws. The decedent's will may prohibit the use of such an annuity or other payment for the benefit of the decedent's estate.

"§ 36A-93. *Applicability and construction of Article.*—G.S. 36A-92 applies to any beneficiary designation made before or after the effective date of this Article by a person who dies on or after that date. It does not create any implication of invalidity or ineffectiveness as to any beneficiary designation made by a person who dies before the effective date of this Article. If any part of the Article is held invalid, such invalidity shall not affect the validity of the remaining provisions of this Article.

"ARTICLE 8.

"Testamentary Trustees.

"§ 36A-98. *Trustees in wills to qualify and file inventories and accounts.*—Trustees appointed in any will admitted to probate in this State, into whose hands assets come under the provisions of the will, shall first qualify under the

laws applicable to executors, and shall file in the office of the clerk of the county where the will is probated inventories of the assets which come into his hands and annual and final accounts thereof, such as are required of executors and administrators. The power of the clerk to enforce the filing and his duties in respect to auditing and approving shall be the same as in such cases. This section shall not apply to the extent that any will makes a different provision in regard to the requirements for filing inventories and accounts."

Sec. 3. Except as otherwise specifically provided, this act shall become effective January 1, 1978.

In the General Assembly read three times and ratified, this the 8th day of June, 1977.

S. B. 262 **CHAPTER 503**

AN ACT TO PROVIDE FOR ACTUARIAL NOTES EVALUATING ALL PUBLIC RETIREMENT SYSTEMS.

The General Assembly of North Carolina enacts:

Section 1. This act may be cited as the "Retirement Systems Actuarial Note Act".

Sec. 2. Duties and functions of Fiscal Research Division. (a) The Fiscal Research Division of the Legislative Services Commission of the General Assembly shall have authority to evaluate on a continuing basis all aspects of any State, municipal, or other retirement system, funded in whole or in part out of public funds, as to actuarial soundness. The Fiscal Research Division shall make periodic detailed reports both to the General Assembly and the Governor specifically setting forth the findings of such evaluations. In conducting its evaluations the division shall have complete access to all books and accounts of the retirement systems.

(b) No provision of this act shall be deemed or in any way construed to preclude the authority of any retirement system funded in whole or in part out of public funds to hire an actuary for any such retirement system.

(c) The Fiscal Research Division shall, in addition to the powers and functions conferred by this act, render such assistance as the Legislative Services Commission may require with respect to any other matter requiring actuarial evaluations.

Sec. 3. Actuarial Notes. (a) Every bill, joint resolution, and simple or concurrent resolution introduced in the General Assembly proposing any change in the law relative to any State, municipal, or other retirement system, funded in whole or in part out of public funds, shall have attached to it at the time of its consideration by any committee of either house of the General Assembly a brief explanatory statement or note which shall include a reliable estimate of the financial and actuarial effect of the proposed change in any such retirement system. This actuarial note shall be attached to the original of each proposed bill or resolution which is reported favorably by any committee of either house of the General Assembly, but shall be separate therefrom, shall be clearly designated as an actuarial note and shall not constitute a part of the law or other provisions or expression of legislative intent proposed by the bill or resolution.

(b) The author of each bill or resolution shall present a copy of the bill or resolution, with his request for an actuarial note, to the Fiscal Research

Division which shall have the duty to prepare said actuarial note as promptly as possible. Actuarial notes shall be prepared in the order of receipt of request for such notes but shall be transmitted to the author or authors of the measure in quintuplicate no later than two weeks after the request for the actuarial note is made. Any person who signs an actuarial note knowing it to contain false information shall be fined not more than five hundred dollars ($500.00) or imprisoned not more than six months, or both.

(c) The author of each bill or resolution shall also present a copy of the bill or resolution to any actuary employed by the retirement system affected by the bill or resolution in question. Such actuary shall prepare an actuarial note and transmit it to the author or authors of the measure in quintuplicate no later than two weeks after the request for the actuarial note is received. Any person who signs an actuarial note knowing it to contain false information shall be fined not more than five hundred dollars ($500.00) or imprisoned not more than six months, or both.

(d) The note shall be factual and shall, if possible, provide a reliable estimate of both the immediate effect and, if determinable or reasonably foreseeable, the long range fiscal and actuarial effect of the measure. If, after careful investigation, it is determined that no dollar estimate is possible, the note shall contain a statement to that effect, setting forth the reasons why no dollar estimate can be given. No comment or opinion shall be included in the actuarial note with regard to the merits of the measure for which the note is prepared. However, technical and mechanical defects may be noted.

"PART 5.

"Property Tax Liability of Newly Annexed Territory.

"§ 160A-58.10. *Tax of newly annexed territory.*—(a) Applicability of section. Real and personal property in territory annexed pursuant to this Article is subject to municipal taxes as provided in this section.

(b) Prorated taxes. Real and personal property in the newly annexed territory on the January 1 immediately preceding the beginning of the fiscal year in which the annexation becomes effective is subject to prorated municipal taxes levied for that fiscal year as provided in this subsection. The amount of municipal taxes that would have been due on the property had it been within the municipality for the full fiscal year shall be multiplied by the following fraction: the denominator shall be 12 and the numerator shall be the number of full calendar months remaining in the fiscal year, following the day on which the annexation becomes effective. The product of the multiplication is the amount of prorated taxes due. The lien for prorated taxes levied on a parcel of real property shall attach to the parcel taxed on the listing date, as provided in G.S. 105-285, immediately preceding the fiscal year in which the annexation becomes effective. The lien for prorated taxes levied on personal property shall attach on the same date to all real property of the taxpayer in the taxing unit, including the newly annexed territory. If the annexation becomes effective after June 30 and before September 2, the prorated taxes shall be due and payable on the first day of September of the fiscal year for which the taxes are levied. If the annexation becomes effective after September 1 and before the following July 1, the prorated taxes shall be due and payable on the first day of September of the next succeeding fiscal year. The prorated taxes are subject to collection and foreclosure in the same manner as other taxes levied for the fiscal year in which the prorated taxes become due.

(c) Taxes in subsequent fiscal years. In fiscal years subsequent to the fiscal year in which an annexation becomes effective, real and personal property in the newly annexed territory is subject to municipal taxes on the same basis as is the preexisting territory of the municipality.

(d) Transfer of tax records. For purposes of levying prorated taxes the municipality shall obtain from the county a record of property in the area being annexed that was listed for taxation on the January 1 immediately preceding the fiscal year for which the prorated taxes are levied. In addition, if the effective date of annexation falls between January 1 and June 30, the municipality shall, for purposes of levying taxes for the fiscal year beginning July 1 following the date of annexation, obtain from the county a record of property in the area being annexed that was listed for taxation as of said January 1."

Sec. 10. If an annexation became or becomes effective after December 31, 1975, and before July 1, 1977, and newly annexed property was or is taxed under the procedures of G.S. 160A-24, G.S. 160A-31(e), G.S. 160A-37(f), G.S. 160A-49(f), or G.S. 160A-58.3, as those sections read immediately before the effective date of Chapter 576 of the 1975 Session Laws, that method of taxation is hereby validated. No person may be held liable under G.S. 105-380 or any

other statute because those procedures were followed rather than the procedures established by Chapter 576 of the 1975 Session Laws.

Sec. 11. This act becomes effective upon ratification. However, any annexation already adopted on or before July 3, 1977, may be implemented under the provisions of Chapter 576 of the 1975 Session Laws.

H. B. 1135 **CHAPTER 523**

AN ACT TO AMEND ARTICLE 26 OF CHAPTER 116 RELATING TO A SELF-INSURANCE PROGRAM FOR HEALTH CARE LIABILITY CLAIMS.

Whereas, the General Assembly has authorized the creation of a self-insurance program for liability claims against health care practitioners; and

Whereas, such program has not been implemented because of the unavailability of excess liability coverage or funding; and

Whereas, the possibility of extraordinarily high judgments is a contingency that must be anticipated and provided for; and

Whereas, the General Assembly recognizes that the quality of education offered by the medical centers of The University and the quality of the health care rendered to patients by said medical centers and hospital staff members are all matters that affect the health of the people of the State of North Carolina; and

Whereas, the authorization of the creation of a basic coverage self-insurance fund by The University with funds derived by it from sources other than general tax revenues of the State, and the providing of loans from funds other than general tax revenues of the State to said fund by The University, when and if necessary to pay health care malpractice claims, is for a public purpose and within the province of the State; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. On line 1 of G.S. 116-222 change "Records held by the fund" to read "Records pertaining to the liability insurance program".

Sec. 2. Article 26 of Chapter 116 is hereby amended by adding the following new sections:

"§ 116-220.1. *Funding of self-insurance program.*—(a) If the board elects to establish a self-insurance trust fund, the initial contribution to the fund shall be determined by an independent actuary but shall be no less than three hundred thousand dollars ($300,000). Annual contributions to said fund shall be made in an amount to be determined each year by the Trust Fund Council upon the advice of an independent actuary and shall include amounts necessary to pay all costs of administration of the self-insurance program and claims adjustment including litigation in addition to amounts necessary to pay claims. Contributions shall be no less than one hundred fifty percent (150%) of the amounts actually paid each year on medical malpractice claims until such time as the Trust Fund Council, with the advice of an independent actuary and the approval of the Board of Governors, determines that an annual contribution in a lesser amount will not impair the adequacy of the fund to satisfy existing and potential health care malpractice claims for a period of one year.

(b) Claims certified to be paid from the fund shall be paid in the order of award or settlement. In the event that the fund created hereunder shall at any time have insufficient funds to assure that both existing and future claims will be paid, the board is hereby authorized to borrow necessary amounts up to five million dollars ($5,000,000) per established self-insurance trust fund account to replenish the fund. The board shall maintain funds in each self-insurance trust at no less than one hundred thousand dollars ($100,000) at all times.

(c) Funds borrowed by the board to replenish the trust fund account may be secured by pledging noncapital assets of the members. Members shall mean

those entities, agencies, departments or divisions of The University which directly contribute funds to the self-insurance trust. In no event shall individual health care providers be deemed members for the purposes of this section.

(d) Obligations issued under the provisions of this Article shall not be deemed to constitute a debt, liability or obligation of the State or of any political subdivision thereof or a pledge of the faith and credit of the State or of any such political subdivision but shall be payable solely from the revenues or assets of the members. Each obligation issued under this Article shall contain on the face thereof a statement to the effect that The University shall not be obligated to pay the same nor the interest thereon except from the revenues or assets pledged therefor and that neither the faith and credit nor the taxing power of the State or of any political subdivision thereof is pledged to the payment of the principal of or the interest on such obligation.

"§ 116-220.2. *Termination of fund.*—Any fund created hereunder may be terminated by the Board of Governors upon their determination that other satisfactory and adequate arrangements have been made to assure that both existing and future health care malpractice claims or judgments against the participants in the self-insurance program will be paid and satisfied. Upon the termination of any fund pursuant to this section, the full amount remaining in such fund upon termination less any outstanding indebtedness shall promptly be repaid to The University and allocated among the participating entities according to their respective contributions as determined by the Board of Governors.

"§ 116-223. *Further action.*—The Board of Governors of The University of North Carolina is hereby authorized to take all action necessary to effectuate the purposes and provisions of this Article."

Sec. 3. This act shall become effective June 1, 1977.

In the General Assembly read three times and ratified, this the 10th day of June, 1977.

"§ 143-151.11. *Comity.*—The board may, without requiring an examination, grant a standard certificate as a qualified code enforcement official to any person who, at the time of application, is certified as a qualified code enforcement official by a similar board of another state, district or territory where standards are acceptable to the board and not lower than those required by this Article. A fee of not more than twenty dollars ($20.00), as determined by the board, must be paid by the applicant to the board for the issuance of a certificate under the provisions of this section. The provisions of G.S. 143-151.13(b) relating to renewal fees and late renewals shall apply to every person granted a standard certificate in accordance with this section.

"§ 143-151.12. *Return of certificate to board; reissuance by board.*—A certificate issued by the board pursuant to this Article shall remain valid only so long as the person certified is employed by the State of North Carolina or any political subdivision thereof as a code enforcement official. board shall reissue the certificate to him. The provisions of G.S. 143-151.13(b) relating to renewal fees and late renewals shall apply, if appropriate. The provisions of G.S. 143-151.13(c) shall not apply. The provisions of this section shall not affect the board's power to suspend or revoke any certificate pursuant to G.S. 143-151.14.

"§ 143-151.13. *Certification fees; renewal of certificates.*—(a) The board shall establish a schedule of fees to be paid by each applicant for certification as a qualified code enforcement official. Such fee shall not exceed twenty dollars ($20.00) for each applicant.
